Look inside the book: Hotspur was deterred from accepting this challenge immediately by the apprehension that Douglas would be able to effect a union with the main body of the Scottish army before he could be overtaken; but when he learned the second day that the Earl was retreating with ostentatious slowness, he hastily got together a company of eight or ten thousand men and set forth in pursuit. Douglas would not fail to resent the insult and endeavour to repel the intruders by force; this would naturally produce a sharp conflict between the two parties, something of which it is probable did really happen, though not attended with the tragical circumstances recorded in the ballad, for these are evidently borrowed from the Battle of Otterburn, a very different event, but which, at times, would easily confound with it. About Various, Various the Author. He made no attempt to conceal or apologize for the sexuality, theatrical violence, and ill-concealed paganism of many ballads, but it is characteristic of the man that in his introduction to *Hugh of Lincoln*, an ancient work about the purported murder of a Christian child by a Jew, he wrote: "And these pretended child murders with their horrible consequences are only a part of the persecution which, with all moderation, may be rubricated as the most disgraceful chapter in the history of the human race." It may not be Child's final statement that we all wish he had lived to make, but it comes close in many ways and nicely compliments the original Introduction to the 1880's *English and Scottish Popular Ballads* made by Child's successor, George Lyman Kittredge, retained in this volume.

David Gregory, 2010-04-13 In *The Late Victorian Folksong Revival: The Persistence of English Melody 1878-1903* E. David Gregory provides a reliable and comprehensive history of the birth and early development of the first English folksong revival. Continuing where Victorian Songhunters' first book left off, Gregory systematically explores what the Late Victorian folksong collectors discovered in the field and what they published for posterity, identifying differences between the songs noted from oral tradition and those published in print. In doing so, he determines the extent to which the collectors distorted what they found when publishing the results of their research in an era when some folksong texts were deemed unsuitable for polite ears. The book provides a reliable overall survey of the birth of a movement, tracing the genesis and development of the first English folksong revival. It discusses the work of more than a dozen song collectors, focusing in particular on three key figures: the pioneer folklorist in the English west country, Reverend Sabine Baring Gould; Frank Kidson, who greatly increased the known corpus of Yorkshire song; and Lucy Broadwood, who collected mainly in the counties of Sussex and Surrey and with Kidson and others was instrumental in founding the Folk Song Society in the late 1890s. The book includes copious examples of the song tunes and texts collected, including transcriptions of nearly 300 traditional ballads, broadside ballads, folk lyrics, occupational songs, carols, shanties, and national songs, demonstrating the abundance and high quality of the songs recovered by these early collectors.
