politics **British Politics in the Nineteenth Century** Eugene Charlton Black, 1970-06-18 [Convicts And The Colonies](#) Shaw A.G.L, 2013-02-01 This foundation text presents a close look at the transportation system that sets it in its context as one of various modes of punishment used in the English penal system It considers the reformatory as well as the deterrent features of the system The author reminds us that Australia was not the only colony to which British statesmen wanted to send their felons and discusses projects of transportation to the American colonies and South Africa He throws light on some of the considerations which led to the foundation of Australia and the choice of Botany Bay His discussion of the character of the convicts settles many of the longstanding arguments about the criminality of Australia s founders by subjecting their records to rigorous scrutiny **Europe 1780 - 1830** Franklin L. Ford, 2014-01-21 Europe 1780 1830 rapidly established itself as a standard introduction to European history in the age of the French Revolution and its aftermath when it first appeared Now for the first time the book has been fully revised updated and expanded The half century covered constitutes one of the most complex eventful and rapidly changing of any in Europe s history It is a period whose emphasis on conflict and political crisis combines daring innovation with the stubborn persistence of many older attitudes and patterns of human behaviour Professor Ford explores these tensions throughout and he gives his readers a powerful sense of the extraordinary energy in every aspect of human activity that characterised the time
