Fight Cancer with Vitamins and Supplements Kedar N. Prasad, Che Prasad, 2001 The evidence is in the micronutrients found in foods and supplements can have a positive and powerful effect in the battle to prevent cancer This handbook explains the latest studies and separates facts from myths on promising anticancer compounds including antioxidants lipoic acid green tea and garlic

Fighting Cancer with Vitamins and Antioxidants Kedar N. Prasad, K. Che Prasad, 2011-10-19 The most up to date and complete resource on the powerful benefits of micronutrients for cancer treatment and prevention Written by the nation's leading expert on vitamins and cancer research Reveals how to maximize the benefits of your cancer treatment program while minimizing the side effects of chemotherapy and radiation Shows how to counteract the carcinogenic effects of dental X rays CT scans mammograms cell phones and other unavoidable hazards of modern life Provides an easy to follow program of nutritional supplements to improve your odds of avoiding and beating cancer Despite extensive research and the development of new treatments and drugs the U S mortality rate from cancer has not changed during the past several decades Yet there are promising nutritional ways of avoiding and even beating cancer In this completely revised and expanded edition leading anticancer researcher Kedar N Prasad and doctor K Che Prasad reveal the latest revolutionary discoveries in the use of antioxidants and micro nutrients to prevent and treat cancer and also help with heart disease Alzheimer's and Parkinson's Providing a simple nutritional program to follow the authors show how micro nutrients vitamins and antioxidants can enhance the beneficial effects of conventional cancer treatments decrease their toxic side effects improve long term prognosis and reduce the risk of new cancer Explaining how antioxidants regulate gene expression and cancer heredity the authors detail how to counteract the risks of dental and medical X rays CT scans mammograms cell phones frequent flying and other unavoidable hazards of modern life reduce the oxidative stress of free radicals in the blood and decrease chronic inflammation Reviewing recent studies they deflate the controversies surrounding the use of antioxidants in cancer treatment revealing everything from the reason why many vitamins in foods are destroyed during storage to the surprising role of selenium in cancer prevention

Managing Cancer Patricia C. Walter, 2004-12 In the media and medical literature managing cancer as a chronic disease is fast becoming the focus of care Patients who manage their cancer have the best chance of staying alive having a good quality of life or of being cured They seek second opinions research all types of cancer treatments ask the right questions protect themselves against errors during treatment and change their lifestyles This book provides patients with more than 200 things they need to know and elaborates on more than 200 things they can do Doing only a few of these things may save your life This book teaches patients how to increase their odds how to go about making treatment decisions how to find what they need on the Internet why research services are worth their weight in gold and much more Managing Cancer Managing to Stay Alive gives patients the following information about what to do first forms to help keep track of medical information lists of questions to use to evaluate treatment options

traditional integrative alternative and experimental questions to have answered before deciding on a treatment when given a new medication and before having a biopsy procedure questions to ask conventional doctors alternative doctors the oncologist initially and yourself before beginning a treatment information on how to help avoid becoming one of the 50 000 Americans who die from medical errors in hospitals or one of the 100 000 patients who die from hospital infections each year and concise listings of symptoms of medical emergencies such as infection anemia blood clotting problems allergic reactions and adverse reactions to drugs

Breast Cancer Q & A Charyn Pfeuffer, 2003 What questions should I ask my doctor about my diagnosis How do I tell my children I have breast cancer What types of breast biopsies are there Do I have a choice between mastectomy and lumpectomy Where can I find a breast cancer support group As a longtime volunteer at the Women's Cancer Resource Center certified breast health educator Charyn Pfeuffer has been on the front lines providing clear authoritative answers to patients and caregivers for the one hundred most frequently asked questions about everything from testing to treatment Now in response to the urgent concerns of breast cancer patients and their families Pfeuffer draws on the expertise of traditional and alternative health care practitioners to create this comprehensive accessible survival manual The book also features the most up to date information on medical terminology support groups and resource centers cancer medication and complementary and alternative therapies This is the book every woman will need to make informed decisions about her own treatment and recovery Book jacket

When Healing Becomes a Crime Kenny Ausubel, 2000-05-01 A powerful and substantiated expose of the medical politics that prevents promising alternative cancer therapies from being implemented in the United States Focuses on Harry Hoxsey the subject of the author's award winning documentary who claimed to cure cancer using herbal remedies Presents scientific evidence supporting Hoxsey's cancer fighting claims Published to coincide with the anticipated 2000 public release of the government sponsored report finding noteworthy cases of survival among Hoxsey patients Harry Hoxsey claimed to cure cancer using herbal remedies and thousands of patients swore that he healed them His Texas clinic became the world's largest privately owned cancer center with branches in seventeen states and the value of its therapeutic treatments was upheld by two federal courts Even his arch nemesis the AMA admitted his treatment was effective against some forms of cancer But the medical establishment refused an investigation branding Hoxsey the worst cancer quack of the century and forcing his clinic to Tijuana Mexico where it continues to claim very high success rates Modern laboratory tests have confirmed the anticancer properties of Hoxsey's herbs and a federal government sponsored report is now calling for a major reconsideration of the Hoxsey therapy When Healing Becomes a Crime exposes the overall failure of the War on Cancer while revealing how yesterday's unorthodox treatments are emerging as tomorrow's medicine It probes other promising unconventional cancer treatments that have also been condemned without investigation delving deeply into the corrosive medical politics and powerful economic forces behind this suppression As alternative medicine finally regains its rightful place in mainstream practice this compelling book
