Believing in Shakespeare Claire McEachern, 2018-04-19 This ground breaking and accessible study explores the connections between the English Reformation's impact on the belief in eternal salvation and how it affected ways of believing in the plays of Shakespeare Claire McEachern examines the new and better faith that Protestantism imagined for itself a faith in which scepticism did not erode belief but worked to substantiate it in ways that were both affectively positive and empirically positivist Concluding with in depth readings of Richard II King Lear and The Tempest the book represents a markedly fresh intervention in the topic of Shakespeare and religion With great originality McEachern argues that the English reception of the Calvinist imperative to know with God allowed the very nature of literary involvement to change transforming feeling for a character into feeling with one *Medieval English Political Writings* James M Dean, 1996-04-01

Linda Pollock, 2025-06-10

Throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society This book investigates the intimate connection between emotion and morality in the landed ranks in England from 1580 to 1700 reintegrating the artificially separated spheres of emotions and ethics It argues that long before the modern eighteenth century emotions lay at the core of early modern ethics virtues and passions were fused and affect underpinned authority Passions affections and ethics were intertwined and must be understood together feelings enabled and constituted ethical conduct and were often mandated obligations while cultural norms were based on affective concepts Through a detailed analysis of four key affective values love gratitude repentance and obedience the book throws new light on the history of emotions as well as on cultural norms and elite governance in early modern English society The book merges social cultural and intellectual history It explores how ideals and concepts were practiced in daily life emphasizes the importance of the domestic familial world for the understanding and exercise of public authority and governance and insists on the centrality of the passions and affections to early modern morality It contributes to the history of emotions by reconnecting affect and ethics advances the history of English society by showing how authority was based on affect thus demonstrating the relevance of emotion to larger historical issues English Mercuries Adam N. **Self-Commentary in Early Modern European Literature, 1400-1700** Francesco Venturi, 2019-05-15 This volume investigates the various ways in which writers comment on present and defend their own works and at the same time themselves across early modern Europe A multiplicity of self commenting modes ranging from annotations to explicatory prose to prefaces to separate critical texts and exemplifying a variety of literary genres are subjected to analysis Self commentaries are more than just an external apparatus they direct and control reception of the primary text thus affecting notions of authorship and readership With the writer understood as a potentially very influential and often tendentious interpreter of their own work the essays in this collection offer new perspectives on pre modern and modern forms of critical self consciousness self representation and self validation Contributors are Harriet Archer Gilles Bertheau Carlo Caruso Jeroen De Keyser Russell Ganim Joseph Harris Ian Johnson Richard Maber Martin McLaughlin John O'Brien Magdalena Oarska Federica Pich Brian Richardson Els Stronks and Colin Thompson      *Poetic Resistance* Pamela Hammons, 2020-08-26 This title was first published in 2002 Pamela Hammons's study contributes to the booming field of early modern women writers by contextualizing and analyzing a unique configuration of underexamined women's texts By examining how 17th century English women's composition of lyrics intersects significantly with the social experiences of the writers the book challenges assumptions that have limited the study of early modern women's writing and reveals the power of lyrics in women's reconceiving or changing of their positions in society Here Hammons reconsiders how generic conventions were employed as a means by which women writers could borrow from socially sanctioned poetic traditions to express potentially subversive views of their social roles as mothers religious leaders widows and poets Although the narrative concentrates on early modern lyrics it also treats contemporary plays epics prose polemics conversion narratives religious treatises newsbook articles and Biblical texts in building its arguments The study engages extensively with issues concerning manuscript and social texts in the context of print culture through the close examination of a variety of textual practices      **Du Bartas' Legacy in England and Scotland** Peter Auger, 2019-11-12 Guillaume de Saluste Du Bartas was the most popular and widely imitated poet in sixteenth and seventeenth century England and Scotland C S Lewis felt that a reconsideration of his works British reception was long overdue back in the 1950s and this study finally provides the first comprehensive account of how

English speaking authors read translated imitated and eventually discarded Du Bartas model for Protestant poetry The first part shows that Du Bartas friendship with James VI and I was key to his later popularity Du Bartas poetry symbolized a transnational Protestant literary culture in Huguenot France and Britain Through James intervention Scottish literary tastes had a significant impact in England Later chapters assess how Sidney Spenser Milton and many other poets justified writing poetic fictions in reaction to Du Bartas austere emphasis on scriptural truth These chapters give equal attention to how Du Bartas example offered a route into original verse composition for male and female poets across the literate population Du Bartas Legacy in England and Scotland responds to recent developments in transnational and translation studies the history of reading women s writing religious literature and manuscript studies It argues that Du Bartas legacy deserves far greater prominence than it has previously received because it offers a richer more democratic and more accurate view of sixteenth and seventeenth century English Scottish and French literature and religious culture *English Poetry of the First World War* John H. Johnston,2015-12-08 The author deals with the shock of World War I as it was registered in the work of Rupert Brooke Siegfried Sassoon Edmund Blunden Wilfred Owen Isaac Rosenberg Herbert Read and David Jones He finds in Read and Jones the culmination of a tendency away from personal lyric response toward formal control and a positive vision Originally published in 1964 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Elizabethan Mind** Helen Hackett,2022-01-01 The first comprehensive guide to Elizabethan ideas about the mind What is the mind How does it relate to the body and soul These questions were as perplexing for the Elizabethans as they are for us today although their answers were often startlingly different Shakespeare and his contemporaries believed the mind was governed by the humours and passions and was susceptible to the Devil s interference In this insightful and wide ranging account Helen Hackett explores the intricacies of Elizabethan ideas about the mind This was a period of turbulence and transition as persistent medieval theories competed with revived classical ideas and emerging scientific developments Drawing on a wealth of sources Hackett sheds new light on works by Shakespeare Marlowe Sidney and Spenser demonstrating how ideas about the mind shaped new literary and theatrical forms Looking at their conflicted attitudes to imagination dreams and melancholy Hackett examines how Elizabethans perceived the mind soul and self and how their ideas compare with our own **Representing and Interrogating Dueling, Caning, and Fencing during the British Romantic Period** William D. Brewer,2025-02-21 Representing and Interrogating Dueling Caning and Fencing during the British Romantic Period examines Romantic era representations of physical interpersonal conflict and the ways in which they reflect challenge and subvert gender roles class

hierarchies and racial and ethnic stereotypes Along with fictional depictions of one on one physical aggression by writers such as Mary Robinson William Godwin Walter Scott Lord Byron and Mary Shelley it considers historical accounts of honor violence While recent studies of honor disputes during the Romantic period have tended to focus on the codified formal duel this book considers other forms of physical aggression as well including unritualized duels assassinations canings public fencing bouts boxing matches and brawls William Brewer argues that many Romantic era Britons found the aristocratic chivalric code compatible with bourgeois commercial values Although the middle classes were on the ascendant during the decades before the Great Reform Bill British society continued to affirm the chivalric ideals of honor physical courage duty service loyalty and reverence toward women Romantic period representations and interrogations of physical conflict and toxic masculinity along with the affirmative portrayals in Mary Shelley s fiction of pacifistic and nurturing models of masculinity continue to resonate today and testify to the ongoing struggle to contend with and regulate interpersonal aggression

**The Poetry of Loss** Judith Harris,2023-05-15 The Poetry of Loss Romantic and Contemporary Elegies presents a renewed look at elegy as a long standing tradition in the literature of loss exploring recent shifts in the continuum of these memorial poems This volume investigates the tensions arising in elegiac formulations of grief through detailed analyses of seminal poets including Wordsworth Keats and Plath using psychoanalytic precepts to reconceptualize consolation through poetic strategies of inner representation and what it might mean for personal and collective experiences of loss Tracing the development of elegy beyond extant readings this volume addresses contemporary constructs of mourning and their attendant polemics within the wider culture as extensions of elegiac longings and the tendency to refuse consolation and cede to the endlessness of grief Furthermore this book concludes that contemporary elegies break with conventions of poetic structure and expression rather than the poets seeking resolution to grief through compensation they often find themselves dwelling within the loss rather than externalizing and transcending it The Poetry of Loss Romantic and Contemporary Elegies examines these developing psychoanalytic concepts pertaining to a poetics of loss providing readers with a new appreciation of mourning culture and contemporary attitudes towards grief      **Echoes of Scripture in the Letters of Paul** Richard B.
