The drive to be great to be a success by the standards of the world often crowds out the qualities of goodness virtue and faithfulness that should define the central focus of Christian leadership In the culture of today's church successful leadership is often judged by what works while persistent faithfulness takes a back seat If a ministry doesn't produce results it is dropped If people don't respond we move on This pursuit of greatness exerts a crushing pressure on the local church and

creates a consuming anxiety in its leaders In their pursuit of this warped vision of greatness church leaders end up embracing a leadership narrative that runs counter to the sacrificial call of the gospel story When church leaders focus on faithfulness to God and the gospel however it s always a kingdom win regardless of the visible results of their ministry John the Baptist modeled this kind of leadership As John s disciples crossed the Jordan River to follow after Jesus John freely released them to a greater calling than following him Speaking of Jesus John said He must increase but I must decrease Joyfully satisfied to have been faithful to his calling John knew that the size and scope of his ministry would be determined by the will of the Father not his own will Following the example of John the Baptist and with a careful look at the teaching of Scripture Tim Suttle dares church leaders to risk failure by chasing the vision God has given them no matter how small it might seem instead of pursuing the broad path of pragmatism that leads to fame and numerical success [Branding Berlin](#) Katrina Sark,2023-07-21 This book is a cultural history of post Wall urban social political and cultural transformations in Berlin *Branding Berlin From Division to the Cultural Capital of Europe* presents a cultural analysis of Berlin s cultural production including literature film memoirs and non fiction works art media urban branding campaigns and cultural diversity initiatives put forth by the Berlin Senate and allows readers to understand the various changes that transformed the formerly divided city of voids into a hip cultural capital The book examines Berlin s branding urban economic development and its search for a post Wall identity by focusing on manifestations of nostalgic longing in documentary films and other cultural products Building on the sociological research of urban branding and linking it with an interpretive analysis of cultural products generated in Berlin during that time the author examines the intersections and tensions between the nostalgic views of the past and the branded images of Berlin s present and future This insightful and innovative work will interest scholars and students of cultural and media studies branding and advertising urban communication film studies visual culture tourism and cultural memory *River of Shadows* Rebecca Solnit,2004-03-02 A New York Times Notable Book Winner of the National Book Critics Circle Award for Criticism The Mark Lynton History Prize and the Sally Hacker Prize for the History of Technology A panoramic vision of cultural change The New York Times Through the story of the pioneering photographer Eadweard Muybridge the author of *Orwell s Roses* explores what it was about California in the late 19th century that enabled it to become such a center of technological and cultural innovation The world as we know it today began in California in the late 1800s and Eadweard Muybridge had a lot to do with it This striking assertion is at the heart of Rebecca Solnit s new book which weaves together biography history and fascinating insights into art and technology to create a boldly original portrait of America on the threshold of modernity The story of Muybridge who in 1872 succeeded in capturing high speed motion photographically becomes a lens for a larger story about the acceleration and industrialization of everyday life Solnit shows how the peculiar freedoms and opportunities of post Civil War California led directly to the two industries Hollywood and Silicon Valley that have most powerfully defined contemporary society [Field Guide to Getting](#)
