A history of New Zealanders and the sports that we have made our own from the Maori world to today's professional athletes in the pubs during the furious session between 5pm and closing time an hour later the friend of a relative of a horse trainer is a veritable patriarch. No matador in Madrid, no tenor in Turin could be sure of such flattering attention. As Brittenden suggested, sport has played a central part in the social and cultural history of Aotearoa New Zealand throughout its history. This book tells the story of sport in New Zealand for the first time from the Maori world to today's professional athletes. Through rugby and netball, bodybuilding and surf lifesaving, the book introduces readers to the history of the codes, the organisations and the players. It takes us into the stands and on to the sidelines to examine the meaning of sport to its participants, its followers and to the communities to which they belonged. Why did rugby become much more important than soccer in New Zealand? What role have Maori played in our sporting life? Do we really punch above our weight in international sport? Does sport still define our national identity? Viewing New Zealand sport as activity and as imagination. *Sport and the New Zealanders* is a major history of a central strand of New Zealand life. LBL Research Review, 1987. **Bibliography of the History of Medicine**, The Northern Forest Lands Study of New England and New York.
