

There are three elements of Muay Thai boxing: techniques, tactics, and strategy. Most Muay Thai books deal only with techniques. *Fighting Strategies of Muay Thai* is the first book to reveal actual fighting strategies and tactics as taught in the boxing camps of Thailand.

Both Kru Pedro Solana Villalobos and Mark Van Schuyver are martial artists. In fact, Villalobos is a professional Muay Thai fighter and trainer who has studied extensively in Thailand with some of the art's most well-known names. And in this book, Villalobos held back none of the secrets he had picked up in Thailand.

The elements of timing and the strategies of the Muay Thai system are universal to all types of fighting. So this book will be invaluable to Muay Thai fighters and trainers, professional and amateur fighters, and martial artists who study any styles, including taekwon do, karate, jujitsu, judo, and no-holds-barred fighting and wrestling.

The definitive work on Muay Thai strategies and techniques, *Fighting Strategies of Muay Thai* is a guide to total fight preparation.
