Hermetic Behmenists Dionysius Andreas Freher, Francis Lee, 2017-10-01 *Hermetic Behmenists* reproduces the writings of Dionysius Andreas Freher and Francis Lee two exceptional commentators on Jacob Boehme's philosophy The texts contained in this book were originally published in

1854 in an edition of 500 given away to friends and sent to university libraries by their editor Christopher Walton They were never sold in stores Walton was an English Behmenist and devotee of William Law and the texts were assembled as part of a research project that was never completed Notes and Materials Towards an Adequate Biography of William Law Unfortunately Walton presented the texts haphazardly without table of contents in microscopic type with footnotes going up to one hundred pages in length that in turn contained other texts This edition of the writings aims to put the writings of Freher and Lee in a more accessible and readable format Besides Walton's book only fragments of Freher's writings have been published A great quantity of writings have been preserved in manuscript form Freher was referred to as Second to Boehme in his capacity as a commentator on Boehme's philosophy making the inaccessibility of his works an unfortunate loss
