Figuren En Aspecten Uit De De Eeuw Der Afscheiding:

Dutch Calvinism in Modern America James D. Bratt, 2002-12-30 In this scholarly yet entertaining book James D Bratt takes a look at the Dutch in America from the late 19th century to the present A comprehensive study of an ethnic subculture the book is in large part a study of the group s religious history as well since as Bratt points out the contours of the Dutch presence in America have been overwhelmingly shaped by the church and its subsidiary organizations Although the book is extensively and scrupulously documented Bratt has infused his scholarship with a considerable amount of anecdote that is by turns poignant and tragic and hilarious In Bratt s analysis of the fitful progress of Americanization that this close knit religious community has undergone we are treated to the sharp insights of a bemused and sometimes disaffected insider Included is a chapter on novelists Arnold Mulder David Cornel DeJong Frederick Manfred and Peter DeVries four sons of the Dutch who fled the subculture only to reflect upon it almost obsessively from the outside Well written scholarly and highly readable Dutch Calvinism In Modern America will have wide appeal among both academic and general readers *Iowa Letters* Johannes Stellingwerff, 2004 Stellingwerff Free U of Amsterdam and Swierenga history Hope College Holland present an expanded edition of the original Dutch text published under the title Amsterdamse Emigranten Buiten Schipperheijn 1976 The text features some 215 immigrant letters relating to the midwestern frontier from archives and private holdings on both side

Heart for the Gospel, Heart for the World Paul J. Visser, 2003-10-28 In this study one finds the missiological inheritance of the first Reformed missiologist Johan Herman Bavinck in an organized and systematic form The following topics are discussed theology of religion biblical theology of missions elenctics mission apologetics and practical subjects such as inculturation ecumenism and the race issue The context in which Bavinck developed his vision is discussed in an explicit way Special attention is given to the influence of Hendrik Kramer on Bavinck s development as well as the psychological dimension in his theologizing The author evaluates the relevancy of Bavinck s missiology for the development of a Reformed missiology The above is made complete by an extensive biographical sketch shedding light on the background and way of life of this Johan Herman Bavinck
