Difference And Repetition:

Difference and Repetition Gilles Deleuze, 2004-01-01 Since its publication in 1968 *Difference and Repetition* an exposition of the critique of identity has come to be considered a contemporary classic in philosophy and one of Deleuze's most important works. The text follows the development of two central concepts: those of pure difference and complex repetition. It shows how the two concepts are related: difference implying divergence and decentring; repetition being associated with displacement and disguising. The work moves deftly between Hegel, Kierkegaard, Freud, Althusser, and Nietzsche to establish a fundamental critique of Western metaphysics and has been a central text in initiating the shift in French thought away from Hegel and Marx towards Nietzsche and Freud.

Difference and Repetition Gilles Deleuze, 1994 From the author of *Nietzsche and Philosophy*, *Kant's Critical Philosophy*, *Cinema I* and *Cinema II*, and *Logic of Sense*, this book provides an exposition of the critique of identity and discusses two central concepts: pure difference and complex repetition. **Gilles Deleuze's Difference and Repetition** James Williams, 2013-01-31 A new edition of this introduction to Deleuze's seminal work *Difference and Repetition* with new material on intensity, science, and action, and new engagements with Bryant, Sauvagnargues, Smith, Somers Hall, and de Beistegui.

Difference and Repetition Gilles Deleuze, Paul Patton, 2004-11-12  Since its publication in 1968 *Difference and Repetition* an exposition of the critique of identity has come to be considered a contemporary classic in philosophy and one of Deleuze's most important works. The text follows the development of two central concepts: those of pure difference and complex repetition. It shows how the two concepts are related: difference implying divergence and decentring; repetition being associated with displacement and disguising. Deleuze's Difference and Repetition Henry Somers-Hall, 2013-03-01 The essential toolkit for anyone approaching Deleuze for the first time. When students read *Difference and Repetition* for the first time they face two main hurdles: the wide range of sources that Deleuze draws upon and his dense writing style. This Edinburgh Philosophical Guide helps students to negotiate these hurdles, taking them through the text paragraph by paragraph. It situates Deleuze within Continental philosophy more broadly and explains why he develops his philosophy in his unique way. If you're a seasoned Deleuzian, there's something here for you too: you won't want to miss Henry Somers Hall's new positive interpretation of *Difference and Repetition*.

Deleuze's Difference and Repetition Joe Hughes, 2009 **Actological Readings in Continental Philosophy** Malcolm Torry, 2023-01-12 *Actological Readings in Continental Philosophy* is what it says it is. The book asks how we might understand the writings of a number of continental philosophers actologically, that is, with reality understood as action in changing patterns rather than as beings that change. It also asks how the different continental philosophies might enable us to develop an actology, an understanding

of reality as action in changing patterns The philosophers whom we study are Immanuel Kant Friedrich Nietzsche Edmund Husserl Martin Heidegger Emmanuel Levinas Gilles Deleuze Hans Georg Gadamer Maurice Merleau Ponty Gaston Bachelard Michel Foucault and Michel Serres A whole new way of understanding reality casts new light on their philosophies and raises and answers some significant new questions **Deleuze and Theology** Christopher Ben Simpson,2012-11-22 An

exploration of the thought of Gilles Deleuze and its relevance to theology *Deleuze's Difference and Repetition* Henry Somers-Hall,2013 When students read *Difference and Repetition* for the first time they face two main hurdles the wide range of philosophical sources Deleuze draws upon and the density of his philosophical prose Henry Somers Hall situates Deleuze within the broader philosophical tradition and makes it clear why he develops his philosophy in the way that he does

Radical Philosophy ,2006 **Studies in Language and Literature** ,1998 **Deleuzian Encounters** Anna Hickey-Moody,Peta Malins,2007-11-13 *Deleuzian Encounters* brings together sixteen accessible thought provoking essays that examine the practical and ethical implications of Deleuze s philosophy for different contemporary social issues Topics explored include the environment terrorism refugees indigenous reconciliation gender suicide intellectual disability injecting drug use classroom teaching and global activism Each contribution provides practical examples of how to make use of Deleuze s thought in social research and offers fresh insights into the creative and innovative potentials Deleuze s philosophy holds for social thought and action **Munsey's Magazine** ,1907 *Difference and Repetition, Epz Edition*

Deleuze,2006-01-01 **Merleau-Ponty and Modern Politics After Anti-Humanism** Diana Coole,2007-08-28 In this book Diana Coole shows how existential phenomenology illuminates and enlivens our understanding of politics With breadth of vision and penetrating insight Coole demonstrates that political questions were always central to Merleau Ponty s philosophical project She also shows how Merleau Ponty s concern with contingency anticipated arguments by thinkers such as Derrida Foucault and Deleuze while sustaining a robust sense of politics as the domain of collective life Jacket *Time and Intensity in Deleuze's Difference and Repetition* Kieran Aarons,2007 *Deleuze and Marx* Dhruv Jain,2009 A study of the relationship between Deleuze and Guattari and Marx and their respective works **The Science of Self** David

Wheaton,1889 **Studia Anglistica Upsaliensia** ,1963 *Multiplicity and Becoming* Patrick Hayden,1998 Argues that one of the most crucial but overlooked aspects of the contemporary French philosopher s work is his conception of a radical empiricism of dynamic and creative difference Examines all his major works from that perspective and discusses his critique of the traditional representationalist principles of western metaphysics his affirmation of immanence and relation and the relevance of his anti Platonism for environmental politics and ethics Some of the text is revised from previous publication
