Different Visions Of Love Partnership And Dominator Values In Christian History:

Different Visions of Love Brian Griffith, 2008 Griffiths narrative moves like a searchlight over each phase of church history illuminating the visions options and choices behind events He traces the rise of a dominator version of Christianity in which the primary concern was a chain of command to be followed with rewards or punishments according to the degree of obedience And beside this he illuminates another face of Christianity concerned with healing all divisions between loved and unloved people The story Griffith presents is often deeply disturbing as in his unstinting accounts concerning the gospel for women or the age of holy wars and witch hunts But ultimately his story offers solid grounds for optimism He shows that all contention between different religious visions can be a process of building partnership As Griffith points out Jesus himself wished to debate his opponents openly not to silence or eliminate them He was not afraid of real encounter or the potential of creative conflict I want to congratulate Brian Griffith on this masterful controversial and highly readable account His book offers hope in a divided world where reaction against globalized godless corporate secularism meets with a war on religious fundamentalism I hope to see other writers do comparable work in highlighting the partnership and dominator visions within their religious traditions around the world Riane Eisler author of *The Chalice the Blade Sacred Pleasure Tomorrows Children The Power of Partnership The Real Wealth of Nations* I find it gives me an incredibly clarifying perspective on Christianity way beyond my previous understanding It should be read by everyone with an interest in Western Civilization It is a marvelous companion to *The Great Turning* David Korten author of *The Great Turning From Empire to Earth Community*

A Galaxy of Immortal Women Brian Griffith, 2012-05-15 The goddess tradition remakes China and the world *Cover-up* Lawrence Goudge, 2012 The Christian church hides a multitude of secrets it is after all a mysterious religion For instance what if Jesus did not start Christianity What if Paul who knew Jesus only through visions created it In *Cover Up* author and lay minister Lawrence Goudge disputes the Christian theology that has dominated the world for millennia Goudge who has spent more than twenty four years researching the suppressed history of Jesus s Jewish followers demonstrates how the church has corrupted Jesus s message *Cover Up* takes an innovative and investigative approach to Christianity St Paul s credibility and ways in which theological truths have been concealed for two thousand years Goudge s analysis debunks the myths and provides alternative theories A s hatred and heresy haunt Christianity s shadows this study addresses the intolerant nature of the Christian church and sets out to right the wrongs by bringing the truth about the Nazarenes into the light of day Goudge s message presents hope for a just world *Education, Identity and Women Religious, 1800-1950*
