Digging Through The Bible Modern Archaeology And The Ancient Bible:

Digging Through the Bible Richard A. Freund, 2009 Many of our religious beliefs are based upon faith alone but archaeology gives us the opportunity to find evidence about what really happened in the distant past evidence that can have a dramatic impact on what we believe and how we understand the Bible today Professor and rabbi Richard A Freund takes readers through many of his own archaeological excavations in the Holy Land searching for evidence about key biblical characters and events Many of these excavations have been featured in documentaries and books Now for the first time these discoveries are presented together with startling results Digging through the Bible presents overviews of the evidence surrounding figures such as Moses ancient Israelite kings David and Solomon and Mary the mother of Jesus as well as new information that can help us more fully understand biblical life and history Freund also presents new evidence about the discovery of the grave of the Teacher of Righteousness mentioned in the Dead Sea Scrolls and gives a compelling argument about how and why the Exodus of the Israelites may have taken place in three separate exoduses rather than in a single event

BOOK JACKET *History and Memory in the Dead Sea Scrolls* Travis B. Williams, 2019-05-16 Charts a new methodological course in Dead Sea Scrolls scholarship by employing memory theory to inform historical research This is an instructive resource for scholars who are seeking an alternative to currently constructed approaches to the subject and will be of appeal to those interested in the Dead Sea Scrolls more generally

First Templar Nation Freddy Silva, 2017-11-21 Overturns the long established historical narrative about the origins and purpose of the Knights Templar Explains how and why the Templars created Europe's first nation state Portugal with one of their own as king Reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars devotion to Mary Magdalene and John the Baptist and the meaning and exact location of the Grail Provides evidence of Templar holy sites and hidden chambers throughout Portugal Includes over 700 references many from new and rare sources Conventional history claims that nine men formed a brotherhood called the Knights Templar in Jerusalem in 1118 to provide protection for pilgrims traveling to the Holy Land Overturning this long established historical narrative Freddy Silva shows that the Order of the Temple existed a decade earlier on the opposite side of Europe that the protection of pilgrims was entrusted to a separate organization and that in league with the Cistercian monks and the equally mysterious Order of Sion the Templars executed one of history's most daring and covert plans the creation of Europe's first nation state Portugal with one of their own as king Including over 700 references many from new and rare sources Silva reveals Portugal not Jerusalem as the first Templar stronghold He shows how there were eleven founding members and how the first king of Portugal a secret Templar was related to Bernard de Clairvaux head of the Cistercians The author explains the Templars motivation to create a country far from the grasp of Rome where they could conduct their living resurrection initiation whose candidates were declared risen from the dead a secret for which the Church silenced millions and which the Templars protected to the death Placing the intrepid Knights in a

previously unknown time and place Silva's historical narrative reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars unshakeable devotion to Mary Magdalene and John the Baptist and how they protected a holy bloodline in Portugal He also provides evidence of secret Templar holy sites initiation chambers and hidden passageways throughout Portugal often coinciding with pagan and Neolithic temples and explains how their most important site forms a perfect triangle with the Abbey of Mont Sion in Jerusalem and the Osirion temple in Egypt The author also reappraises the meaning of the Grail and reveals its exact location hidden in plain sight to this very day A Cultural Study of Mary and the Annunciation Gary Waller,2015-10-06 This book traces the history of the Annunciation exploring the deep and lasting impact of the event on the Western imagination Waller explores the Annunciation from its appearance in Luke's Gospel to its rise to prominence in religious doctrine and popular culture and its gradual decline in importance during the Enlightenment The Publishers Weekly ,2009 **Digging through History** Richard A Freund,2023-06-14 Digging through History follows rabbi and archaeologist Richard Freund's journey through some of the most fascinating archaeological sites of human history including the mysterious Atlantis Qumran and the Dead Sea Scrolls and the long buried Holocaust camp Sobibor Each chapter takes readers through a different archaeological site showing what we can learn about past religious life and religious faith through the artifacts found there as well as what has given each site such strong staying power over time Richard Freund and the research in Digging through History are featured in the National Geographic documentary Atlantis Rising which premieres on National Geographic on Sunday January 29 at 9 8 central The documentary follows Oscar winning executive producer James Cameron and Emmy winning filmmaker Simcha Jacobovici as they investigate the myths and realities of Atlantis Digging through History is the only book that details Freund's groundbreaking research on Atlantis that is featured in the f Help My Unbelief!
