Understanding the Global Community Suzette R. Grillot, Zach P. Messitte, 2013-02-14 Since the end of the Cold War interaction among communities across the globe has increased exponentially Globalization has changed how we live how we communicate what we eat and how we travel around the world What do such social political and economic changes mean in a twenty first century context Understanding the Global Community explores these and other key questions offering a concise overview of contemporary topics in international relations Edited by Zach P Messitte and Suzette R Grillot with contributions from prominent scholars across various disciplines this accessible survey is perfectly suited for undergraduate courses in international and area studies as well as for anyone seeking a clearer understanding of today's major global concerns Unique in its approach Understanding the Global Community examines both international issues and regional perspectives The first half of the book explores overarching global themes including American foreign policy international security humanitarian

intervention and the global economy The second half addresses nationalism and its challenge to the development of a global community with region specific chapters focusing on historic and contemporary issues in China Europe Latin America and the Middle East A glossary at the end of the book provides useful definitions of key terms and concepts

The Toronto School of Communication Theory Menahem Blondheim, Rita Watson, Rita P. M. Watson, 2007-01-01 While never formally recognized as a school of thought in its time the work of a number of University of Toronto scholars over several decades most notably Harold Adams Innis and Marshall McLuhan formulated a number of original attempts to conceptualize communication as a phenomenon and launched radical and innovative conjectures about its consequences This landmark collection of essays re assesses the existence and re evaluates the contribution of the so called Toronto School of Communication While the theories of Innis and McLuhan are notoriously resistant to neat encapsulation some general themes have emerged in scholarly attempts to situate them within the discipline of communications studies that they helped to define Three such themes focus on the effects and consequences of communications emphasis on communications as a process rather than as structure and a sharp focus on the technology of communication or the medium are the most fundamental in characterizing the unique perspective of the Toronto School This collection not only represents a crucial step in defining the Toronto School it also provides close analysis of the ideas of its individual members

Big Data Analysis on Global Community Formation and Isolation Yuichi Ikeda, Hiroshi Iyetomi, Takayuki Mizuno, 2021-06-12 In this book the authors analyze big data on global interdependence caused by the flows of commodities money and people using a network science approach to obtain differing views of globalization and to clarify the facts on isolation of communities Globalization reduces international economic inequality i e it allows emerging countries to catch up while it increases relative poverty in some advanced countries How should this trade off between international and domestic inequalities be resolved At the same time the reduction of biocultural diversity caused by globalization needs to be avoided What kind of change is required in local communities to conserve biocultural diversity On the issue of commodity flow research results of the supply chain network isolation in industry and resource flows and stocks are presented in this book For monetary flow ownership networks value added networks and profit shifting were studied and regarding the flow of people linkage of ethnic groups immigrant assimilation and refugees were examined Based on the resulting view of globalization and isolation the development of the isolation index using machine learning is discussed Finally recommendations for evidence based policymaking in the United Nations are considered

The Global Community Yearbook of International Law and Jurisprudence 2020 Giuliana Ziccardi Capaldo, 2022-01-07 The 2020 edition marks the 20th Anniversary of The Global Community Yearbook of International Law and Jurisprudence The Yearbook has established itself as an authoritative source of reference on global legal issues and international jurisprudence It includes analysis of the most significant global trends in a way that allows readers to monitor the development of the global legal order from several perspectives The Yearbook

publishes annually in a volume of carefully chosen primary source material and corresponding expert commentary The General Editor Professor Giuliana Ziccardi Capaldo employs her vast expertise in international law to select excerpts from important court opinions and to choose experts from around the world to contribute essay guides which illuminate those cases Although the main focus is recent case law from the major international tribunals and regional courts the first four parts of each year's edition features expert articles by renowned scholars who address broader themes in current and future developments in international law and global policy themes that appear throughout the case law of the many courts covered by the series as a whole The Global Community Yearbook has thus become not just an indispensable window to recent jurisprudence the series now also serves to prepare researchers for the issues facing emerging global law This anniversary edition updates readers on the important work of long standing international tribunals and introduces readers to more novel topics in international law The journal's founding editor Professor Emeritus Giuliana Ziccardi Capaldo in her Editorial gives a presentation of the Yearbook's intellectual trajectory as developed from its original roots showing intriguing prospects for a publication that aims at the very forefront of events in law politics ethics and jurisprudence in a global community The Yearbook continues to provide expert coverage of the Court of Justice of the European Union and diverse tribunals from the International Court of Justice ICJ human rights courts ECtHR IACtHR ACtHPR criminal tribunals such as the International Criminal Court ICC and the International Residual Mechanism for Criminal Tribunals MICT to economically based tribunals such as ICSID and the WTO dispute settlement system This edition contains original research articles on the development and analysis of the concept of global law and the views of the leading global law theorists on the subject of globalization This 20th anniversary edition also includes a special section which provides an interdisciplinary overview of China's Belt and Road Initiative and an examination of the global public health order in a post COVID 19 world The Yearbook provides students scholars and practitioners alike a valuable combination of expert discussion and direct quotes from the court opinions to which that discussion relates as well as an annual overview of the process of cross fertilization between international courts and tribunals
