Difficult Men A Book For Women By A Man:

Women Without Men Donald J. Greiner, 1993 Donald J. Greiner's provocative new study evaluates the fiction of ten contemporary female novelists to ask questions about gender relations in American fiction. Looking closely at the reaction of female writers to what Greiner describes as a central paradigm of American literature, men bonding in the wilderness in an attempt to escape women and the social restrictions they represent, Greiner contends that female novelists have not only adopted the venerable model but also adapted it so that women venture into the wilderness while excluding men from the quest. Greiner first shows how such contemporary white male novelists as Frederick Busch, John Irving, and Larry Woiwode modify the literary model established by Cooper, Melville, and Twain to include women in the bonding process. He then argues that recent female novelists are not so eager to allow males into the wilderness or to bond with them. Rather than facilitate a closing of the gender gap, many contemporary female writers insist on separating the sexes. Greiner frames his analysis with discussions of prominent feminist literary theorists and feminist psychologists including Carolyn Heilbrun, Rachel Brownstein, Nancy Chodorow, Janice Raymond, and Judith Kegan Gardiner. From close readings of recent novels by Gloria Naylor, Marianne Wiggins, Joan Didion, Diane Johnson, Marilynne Robinson, Mona Simpson, Hilma Wolitzer, Meg Wolitzer, Joan Chase, and Lisa Alther, Greiner finds three significant differences in the way contemporary female novelists employ the quest plot: the patriarchal text is not repudiated but revised to accommodate female characters who readily accept the traditional masculine call to the quest; once outside the bounds of society, female bonds do not always hold; males are excluded from the bonding process. To contrast the gender exclusivity favored by contemporary female writers, Greiner ends his study with a discussion of bonding as portrayed by contemporary male novelist Douglas Ungar. **Tough Girls** Sherrie A.

Inness, 2018-01-09 Tough girls are everywhere these days. Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga, women strong in both body and mind have become increasingly popular in the films, television series, advertisements, and comic books of recent decades. In **Tough Girls**, Sherrie A. Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores. She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s: *The Avengers*, *Charlie's Angels*, and *The Bionic Woman*, and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as *The X-Files* and *Xena: Warrior Princess*. Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male, they also variously undercut women's toughness. She argues that even some of the strongest depictions of women have perpetuated women's subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them. Also of interest: *Madcaps*, *Screwballs*, and *Con Women*. **The Female Trickster in American Culture** Lori Landay [Difficult Women on Television Drama](#) Isabel

Glick,2006-04-21 This book offers a concise readable research grounded synthesis of the special concerns mental health and other helping professionals need to address when working with men today and explains a wealth of effective gender specific approaches to assessment and intervention that result in more successful outcomes for male clients Many more women than men seek counseling and therapy and to some extent standard services have evolved in response to female styles of communicating and problem solving Practitioners frequently feel frustrated and baffled by their male clients because they seem unresponsive to treatment approaches that work so well for women But many men benefit from therapy when practitioners understand male

socialization and the ways men communicate and problem solve Too many men today are doing badly and are in real need of help Almost half of America s male children grow up in single parent homes headed by mothers where they seldom have male mentors or role models Fewer men than women attend or graduate from college and increasing levels of binge drinking and date rape on campuses paint a discouraging picture of men on campus Male violence continues to be a serious problem in many American communities with male youth violence continuing at epidemic levels Men die younger than women overall and in much higher proportions from suicide homicide and cirrhosis of the liver
