Whitehead, 2021-04-29 Humankind is at the tipping point in its greatest ever revolution a revolution in gender relationships gender identities and gender power Women are confidently on the rise while men and their behaviours are under scrutiny like never before At the core of this historic shift lies toxic masculinity You ll have heard the term but do you know what it means Where does TM come from Who has it How does one catch the TM virus What does it look like What does it mean for women love and relationships Is it the only masculinity out there And most importantly how can we get rid of it This fascinating insightful and engaging book provides all the answers while exploring the most pressing issue of the 21st century Informed by the author s 30 years of research into men and masculinities and the latest global studies this book is the definitive examination of modern man and a must read for anyone concerned with the future of men gender and sexual relationships *No One Taught Me How to Be a Man* Shannon T. L. Kearns, 2025-04-15 An exploration of manhood and what it takes to be a good man in a world of toxic

masculinity from trans author Shannon Kearns No one ever taught Shannon Kearns how to be a man As a trans man Shannon was presumed female at birth and constructed his relationship with masculinity after his transition using bits and pieces he gathered from the world around him male behavior pop culture portrayals and cultural expectations for men that seemed to be in the air he breathed But rather than separating him from the experiences of cisgender men Kearns s self taught approach to masculinity connected him with other men in surprising ways As he lived more and more in the world of men he discovered that cis men s relationship to masculinity was similar to his No one taught them how to be a man either They worried they were doing it wrong And they were almost universally worried about being found out exposed as not being a real man In *No One Taught Me How to Be a Man* Kearns takes masculinity head on He uses his experience to see gender in ways cis men cannot making masculinity visible Without arguing that masculinity should be done away with or that there is no real difference between men and women he bravely points toward a form of manhood built for the well being of the world and for people of all genders

The Way of Men Jack Donovan,2012 What is masculinity Ask ten men and you ll get ten vague conflicting answers Unlike any book of its kind *The Way of Men* offers a simple straightforward answer without getting bogged down in religion morality or politics It s a guide for understanding who men have been and the challenges men face today *The Way of Men* captures the silent stifling rage of men everywhere who find themselves at odds with the over regulated over civilized politically correct modern world If you ve ever closed your eyes and wished for one day as a lion this book is for you Publisher description *Messages Men Hear* Ian M. Harris,1995 This text is based on over 10 years research with 500 men from different classes backgrounds races and ethnic groups It constructs a theory of masculinity by exploring masculine expectancies how men form their gender identities and how those identities influence their behaviour

Death of Manhood Rj Derby,2018-12-13 Finding a way to connect with the masculine is something that is lacking within the world nowadays Many men appear to be shackled by societal shame when it comes to being masculine they are also layered with guilt if they display their birth given right to be masculine Over the last decade boys and young men have been taught a lot of nonsense about what it means to be a man they have been programmed to believe notions that honestly do not serve them as men which has resulted in the soft weak and feminised men seen today in society Rj Derby s *Death of Manhood* *The Societal Destruction of Masculinity* is a short but direct book a call to men to start taking responsibility and begin moving away from the lies they have been fed by a society that seems set on destroying the true essence of a man If you re a man looking to change yourself if you re a young man seeking a way to recognise your true potential as a man if you re a woman trying to find ways to better understand your husband son nephew friend then this powerful read is for you Loaded with insights and hard truths about the destruction of masculinity in modern society Rj Derby s *Death of Manhood* is a book that should be read by every man Becoming a masculine man and embracing masculinity is not a sin against anyone or anything no matter what the naysayers may try to preach It is the role of being a man something that shouldn t be

ridiculed and hated but also something that shouldn't be glorified or praised or even worshipped. It should only always be expected only this and nothing else. It is expected of women to embrace their femininity and so it should be expected of men to embrace their masculinity without contempt and made to feel ashamed for doing what is natural. Men, real masculine men, are now but a few in today's world due to the overwhelming demands society has placed upon them and what it thinks men should amount to. It has left the remaining billions of men soft, weak, and fragile. If society continues, it's the annihilation of masculinity sooner rather than later; we will all witness the destruction of civilisation as we know it. RJ Derby **Being a Man** Patrick Fanning, 1996
