Intercultural Theology Judith Gruber, 2017-12-04 Recent years have seen a paradigm shift in Christian self understanding In place of the eurocentric model of Christendom a new understanding is emerging of Christianity as a world movement with considerable cultural variety Concomitant with this changing self perception a new theological discipline begins to take shape which analyzes the inter and transcultural character and performance of global Christianity *Intercultural Theology* Judith Gruber discusses this nascent theological approach in two parts She first gives a critical analysis of its historical development in the first part of the book two theological sub disciplines of particular relevance are analysed 1 missiology and its reflection on the encounter of Western Christianity with other cultures in the context of colonialism 2 contextual theologies which focus on the particularity and dignity of the diverse cultural contexts of theological practice but fail to sufficiently integrate the universal dimension of Christianity into their theological reflections Secondly this study offers a constructive theological approach to intercultural theology It does that by bringing systematic theology into conversation with cultural studies This interdisciplinary approach adds significant complexity to existing reflections on *Intercultural Theology* Re reading the theological history of Christianity within the critical framework of cultural theories exposes a host of disparate and conflictive Christianities underneath its dominant master narrative and moreover it no longer allows a recourse to essentialist concepts of Christian identity with which previous approaches to *Intercultural Theology* have mitigated this unsettling cultural plurality of Christianity After the Cultural Turn which has made a metaphysical

epistemology untenable new ways for thinking the unity and universality of Christianity have to be paved The book draws on Paul Ricoeur s and Michel Foucault s concept of the event and on Michel deCerteau s proposal of a Weak Christianity in order to develop such a post metaphysical framework which allows to conceive of the unity and universality of Christianity without concealing its cultural plurality and contingency Jewish Christianity Matt Jackson-McCabe,2020-06-23 A fresh exploration of the category Jewish Christianity from its invention in the Enlightenment to contemporary debates For hundreds of years historians have been asking fundamental questions about the separation of Christianity from Judaism in antiquity Matt Jackson McCabe argues provocatively that the concept Jewish Christianity which has been central to scholarly reconstructions represents an enduring legacy of Christian apologetics Freethinkers of the English Enlightenment created this category as a means of isolating a distinctly Christian religion from what otherwise appeared to be the Jewish culture of Jesus and the apostles Tracing the development of this patently modern concept of a Jewish Christianity from its origins to early twenty first century scholarship Jackson McCabe shows how a category that began as a way to reimagine the apologetic notion of an authoritative original Christianity continues to cause problems in the contemporary study of Jewish and Christian antiquity He draws on promising new approaches to Christianity and Judaism as socially constructed terms of identity to argue that historians would do better to leave the concept of Jewish Christianity behind *Making Wise the Simple* Johanna W. H. van Wijk-Bos,2005-09-14 Too long restricted to children s storybooks and cinematic extravaganzas the Torah comprising the first five books of the Bible is an underappreciated mother lode of divine instruction vitally important for Christians and the church Convinced that both those who take the Torah too literally and those who neglect it are guilty of a na ve simplicity Johanna van Wijk Bos presents guidelines to help ordinary Christians recover this treasure in their faith and practice Having lived in the Netherlands during the Nazi occupation van Wijk Bos recognizes that after the attempted annihilation of the Jews from Christian Europe it cannot be business as usual for Christianity In light of the Holocaust Christians must commit themselves to the restoration of just relations between Christians and Jews This commitment to address all that fractures human relations undergirds van Wijk Bos s call for Christians to reengage the Torah *Making Wise the Simple* points out how God s care for and engagement with the whole world in the Torah set the tone for the entire biblical story The book pays special attention to how our treatment of strangers lies at the heart of the Torah s teaching Without attempting a purely Jewish reading of the Torah van Wijk Bos reclaims the Torah as a vibrant word for the Christian community in covenant with God Written in a personal style conversant with current scholarship but sprinkled with anecdotes this book is for everyone who has a hunger and enthusiasm for what the biblical text may convey the courage to ask disturbing questions of the text and an openness to old words that may bring forth new things perhaps even making one wise Synagogues in the Hellenistic and Roman Periods Lutz Doering,Andrew R. Krause,Hermut Löhr,2020-12-14 The study of ancient Judaism has enjoyed a steep rise in interest and publications in recent decades although the focus has often

been on the ideas and beliefs represented in ancient Jewish texts rather than on the daily lives and the material culture of Jews Judaeans and their communities The nascent institution of the synagogue formed an increasingly important venue for communal gathering and daily or weekly practice This collection of essays brings together a broad spectrum of new archaeological and textual data with various emergent theories and interpretative methods in order to address the need to understand the place of the synagogue in the daily and weekly procedures community frameworks and theological structures in which Judaeans Galileans and Jewish people in the Diaspora lived and gathered The interdisciplinary studies will be of great significance for anyone studying ancient Jewish belief practice and community formation **Trauma and**

Traumatization in Individual and Collective Dimensions Eve-Marie Becker, Jan Dochhorn, 2014-10-01 The contributors of this volume demonstrate how a highly developed expertise in interpreting Biblical and cognate literature is a substantial part of the overall discourse on the historical literary social political and religious dimensions of trauma in past and present This idea is based on the assumption that trauma is not only a modern concept which derives from 20th century psychiatry It is an ancient phenomenon already which predates modern discourses Trauma studies will thus profit from how Theology specifically Biblical exegesis and the Humanities deal with trauma in terms of religion history sociology and politics The 'New Testament' as a Polemical Tool Riemer Roukema, Hagit Amirav, 2018-02-19 This volume contains papers on the ancient Christian use of potentially anti Jewish New Testament texts Martin Albl gives a general introduction to the opinions that ancient Christian authors held on Jews and Judaism James Carleton Paget focuses on the Epistle of Barnabas and its critical position towards the Jewish religion Wolfgang Gr nst udl discusses Justin Martyr s non reception of two apparently anti Jewish texts Matt 27 25 His blood be on us and on our children and John 8 44 You are from your father the devil Harald Buchinger analyses Melito of Sardes Paschal homily in which the Jews are blamed for the death of Christ Riemer Roukema and Hans van Loon investigate respectively Origen s and Cyril of Alexandria s use of NT texts in relation to the Jews and their Scriptures Hagit Amirav and Cornelis Hoogerwerf focus on the form of polemical discourses in Diodore of Tarsus Theodore of Mopsuestia and John Chrysostom Maya Goldberg studies Theodore of Mopsuestia s ideas on divine paideia in his commentary on Paul s epistle to the Galatians and his view that the NT was intended to finalize not replace the Old Testament Alban Massie focuses on Augustine s interpretation of John 1 17 The Law was given through Moses grace and the truth came through Jesus Christ Brian Matz deals with Jesus warning against the leaven i e teaching of the Pharisees Matt 16 6 12 and Martin Meiser focuses on patristic reception of Matt 27 25 By way of comparison with ecclesiastial authors Gerard Luttikhuizen deals with the alleged anti Jewish interpretation of Scripture in Gnostic texts This volume demonstrates that potentially anti Jewish texts were indeed used against Jews but also toward Christians sometimes without applying them to Jews **Christ Identity** Sergio Rosell Nebreda, 2011-03-09 Sergio Rosell Nebreda focuses on how the Philippian Christ followers received Paul s letter The social historical literary rhetorical anthropological and theological elements are dealt

with in order to understand the effect Paul wanted to achieve The main thesis of the book is that the apostle Paul who greatly suffered at Philippi and writing from a prison desires to affect the Philippians believers to acquire a Christ orientation based on the values expressed in the Christ hymn Phlp 2 5 11 forms the core of Paul s theological narrative that aims at constructing a sense of imitatio and conformatio in the Christ following community Paul uses a friendly style in his letters in order to produce rapport and trust in the community presenting himself as exemplum ad imitando after that of Christ It is because Paul so fully identifies with Christ s orientation in life that the apostle presents himself as a slave of Jesus Christ In the midst of a society ill with the desire for honour and power the Christ narrative stands as a radical call for an alternative life style based on the exercise of humility which seeks the interest of others rather than focusing on one s own needs and desires Paul insists on the basis of the Christ hymn that such a life style reveals God s character and it is therefore a life rewarded Through the use of Social Identity Theory this book evaluates how ancient people constructed their group identity in daily life and how through a seemingly inferior model that of Christ s kenosis in 2 5 11 the community receives a re definition of values which are according to God s values and who has the last word in history Paul thus presents an alternative and viable way of life in the midst of a society he knows well

The Other Side: Apocryphal Perspectives on Ancient Christian "Orthodoxies" Tobias Nicklas, Candida R. Moss, Christopher Tuckett, Joseph Verheyden, 2017-07-17

Anyone who wishes to manage their sources adequately must work with categories that help to bring order to the transcribed material In many cases such categories simultaneously shape the way in which we evaluate our sources Critical reflection of the chosen categories is therefore crucial for robust historical study This rings especially true when certain categories are not viewed through neutral eyes but through polemically judgemental eyes One extreme case would be the category of apocryphalness In some areas associations like fraudulent versus and secret interlinked to this term in Antiquity are still shaping the way Christian apocrypha are considered to this day Closely associated with this is the use of the adjectival categories like proto orthodox majority church versus those like heretical again polemically pejorative In their chapters the contributors demonstrate not only how the set limits as referred to the categories above do indeed play a role but more importantly where these limits have been exceeded and where we must therefore work with new and different categories to understand the meaning of apocryphal writings and or writings that have become apocryphal in terms of the history of an ancient Christianity perceived as multi dimensional and dynamic The following questions play a significant role in our understanding of this In which contexts and by which groups are newly apocryphal writings used Where do apocryphal writings or those newly apocryphal play a contextual role that would nowadays be perceived as orthodox Which functions are assign thereto

Mortensen,2018-04-16 20ths century research in St Paul is widely impacted by Adolf Deissmann s prominent view on the apostle as a homo novus 1911 But where does this concept originate from and what does it imply This collection of articles does not only re evaluate Deissmann s concept by tracing it back to its historical and socio political origins in Cicero and exploring how authors from early Imperial Time perceive and transform the homo novus paradigm by diverse modes and strategies of literary self fashioning Scholars ranging the fields of New Testament Studies Greek and Latin Philology Ancient History Patristics and Comparative Literature also examine how the Ciceronian paradigm was early on transformed disseminated and applied as a literary concept and an authorial topos of self molding One of the leading questions throughout the volume thus is How do authors like Cicero Horace Paul Tacitus Seneca Athanasius and Augustine fashion themselves in accordance to or in difference from the idea of being a new man It is argued that by means of literary self configuration indeed some of these writers such as Paul and Augustine want to appear as new men by either altering traditional social moral religious or political roles or by creating new patterns of social behavior and religious self understanding **Traditional Chinese Medicine Cupping Therapy - E-Book** Ilkay Z.
