Ebook Revelation Its Interpreters Bibliography:

The Book of Revelation and Its Interpreters Ian Boxall, Richard Tresley, 2015-11-25 The Book of Revelation has fired the imaginations of theologians preachers artists and ordinary Christians across the centuries The resulting number of commentaries on the book is enormous and most studies can only touch upon at most a representative sample of this vast literature As a consequence many focus largely on the interpretation of the Apocalypse only within specific periods such as the patristic period or during the Reformation One result of this severe limitation given the vast literary corpus is how historical interpretations in critical commentaries of the Book of Revelations tend to prioritize authors from the modern period In *The Book of Revelation and Its Interpreters Short Studies and an Annotated Bibliography* editors Richard Tresley and Ian Boxall fill a significant gap in the scholarly literature At its heart is an extensive annotated bibliography covering commentaries on the book up to 1700 including most of the early illuminated Apocalypses Supporting the presentation of this survey of the historical interpretations of the Book of Revelation is an extended overview of Revelation s often colorful reception history by Christopher Rowland together with a number of short studies on various aspects of the book These include discussions of specific commentators such as Sean Michael Ryan s look at Tyconius and Francis X Gumerlock exploration of Chromatius of Aquileia alongside a more general treatment of Revelation s impact on the figure of John of Patmos in an essay by Ian Boxall and the visual reception of Revelation in Natasha O Hear s article *The Book of Revelation and Its Interpreters* provides a valuable bibliographical resource for those working in the field of Biblical Studies history of Christianity eschatology and apocalyptic studies The accompanying essays orient the authors recorded in the bibliography within a larger context offering specific examples of the Apocalypse s capacity to speak in fresh and often surprising ways to diverse audiences throughout history

The Dynamics of Dream-Vision Revelation in the Aramaic Dead Sea Scrolls Andrew B. Perrin, 2015-08-19 Among the predominantly Hebrew collection of the Dead Sea Scrolls are twenty nine compositions penned in Aramaic While such Aramaic writings were received at Qumran these materials likely originated in times before and locales beyond the Qumran community In view of their unknown past and provenance this volume contributes to the ongoing debate over whether the Aramaic texts are a cohesive corpus or accidental anthology Paramount among the literary topoi that hint at an inherent unity in the group is the pervasive usage of the dream vision in a constellation of at least twenty writings Andrew B Perrin demonstrates that the literary convention of the dream vision was deployed using a shared linguistic stock to introduce a closely defined set of concerns Part One maps out the major compositional patterns of dream vision episodes across the collection Special attention is paid to recurring literary philological features e g motifs images phrases and idioms which suggest that pairs or clusters of texts are affiliated intertextually tradition historically or originated in closely related scribal circles Part Two articulates three predominant concerns advanced or addressed by dream vision revelation The authors of the Aramaic texts strategically employed dream visions i for scriptural exegesis of the antediluvian

patriarchal traditions ii to endorse particular understandings of the origins and functions of the priesthood and iii as an eventuating historiographical mechanism for revealing aspects of world history These findings are shown to give fresh perspective on issues of revelatory discourses in Second Temple Judaism the origins and evolution of apocalyptic literature the ancient context of the book of Daniel and the social location of the Aramaic Dead Sea Scrolls **A Bibliography of Theology** William Swan Sonnenschein, 1897 Dictionary of Major Biblical Interpreters Donald K. McKim, 2007-11-12 Donald K. God's Saved Israel Philip La G. Du Toit, 2019-05-14 God's Saved Israel examines identity in the Pauline corpus in terms of how Paul expresses the new identity in Christ in relation to the identity of ancient Israel. In this study the way in which Paul uses the terms Israel, Israelite, and Judean is approached on the basis of the way in which these terms were used in the second temple period by both insiders and outsiders rather than presupposing that Paul used it in a different way. By thoroughly engaging with the New Perspective on Paul and the Radical New Perspective on Paul, Paul's conception of identity is pursued mainly along theological exegetical lines, especially in terms of the contrast between flesh and Spirit. While Rom 11:26, which points to all Israel that will be saved, and Gal 6:16, which points to the Israel of God who are blessed, are often utilized in a paradigmatic way to interpret the rest of Paul, the approach in this book is the other way around. These two texts are approached by first assessing Paul's conception of identity in the whole of the Pauline corpus and then by interpreting Rom 11:26 and Gal 6:16 with a larger understanding of identity in Paul at hand. *"A Knot Worth Unloosing"*

John H. Duff, 2019-01-21 In the study of Christian eschatological thought, virtually no attention has been given to past interpretations of the biblical phrase "the new heavens and earth." John Duff uncovers the interpretations of this phrase that were extant in seventeenth-century England. These interpretations fall into two basic camps: those that understood the phrase metaphorically and those that understood the phrase literally. Some English divines believed the new heavens and earth referred to the new age of the gospel that commenced in the first century CE. At that time, God flung open the doors of salvation to Gentiles while at the same time bringing judgment to the Jewish nation for its failure to recognize and embrace Jesus as Messiah. This epic transition was fittingly described as a new heavens and earth. A second group of English interpreters believed the phrase stood for a yet future time when the political and religious circumstances of the world would change for the betterment of the church for one thousand years. The new heavens and earth stood for a future millennium in which Christ would establish his reign over the world prior to the day of resurrection and final judgment. Theologians who accepted a literal understanding believed the new heavens and earth described the renovation of the physical creation at the final judgment. Among this group, differences of opinion existed with respect to how much of the world would need cleansing, what creatures would be restored, and of what use would a renovated world serve. The idea that the earth, and not heaven, would be the final abode of the saints emerged among a few obscure writers. *Psalms of Christ*

Daniel H. Fletcher, 2018-05-10 The book of Psalms is a treasure trove of teaching about Jesus Christ. While the church has traditionally recognized only about fifteen psalms as messianic, anticipating God's promised Messiah, the issue is how Christians should understand the other 135 psalms of the Hebrew Psalter. *Psalms of Christ* applies the New Testament conviction that the whole book of Psalms speaks prophetically about Christ to select non-messianic psalms. Following the New Testament as the guide for how to read the Old in light of the gospel, *Psalms of Christ* proposes fresh readings of so-called non-messianic

psalms by illustrating their christological character and exploring how they testify to the gospel by evoking Jesus's person purpose and passion

Divining the Woman of Endor J. Kabamba Kiboko, 2017-02-23 An examination of the language of divination in the Hebrew Bible particularly in 1 Samuel 28:3-25 the oft called Witch of Endor passage Kiboko contends that much of the vocabulary of divination in this passage and beyond has been mistranslated in authorized English and other translations used in Africa and in scholarly writings Kiboko argues that the woman of Endor is not a witch The woman of Endor is rather a diviner much like other ancient Near Eastern and modern African diviners She resists an inner biblical conquest theology and a monologic authoritarian view of divination to assist King Saul by various means including invoking the spirit of a departed person Samuel Kiboko carries out a Hebrew word study shaped by the theories of Mikhail M Bakhtin regarding the utterance heteroglossia and dialogism in order to understand the designative connotative emotive and associative meanings of the many divinatory terms in the Hebrew Bible She then examines 1 Samuel 28 and a number of prior translations thereof using the ideological framework of African feminist postcolonial biblical interpreters and translation theories to uncover the hidden ideology or transcript of these translations Finally using African contextual cultural hermeneutics and cross cultural translation theory Kiboko offers new English French and Kisanga translations of this passage that are both faithful to the original text and more appropriate to an inculturated liberation African Christian hermeneutic theology and praxis

On Hexaplaric and Lucianic Readings and Recensions Dionisio Candido, Joshua Alfaro, Kristin De Troyer, 2020-12-14 In the history of the Greek translation of the Bible there are two recensions that play a very important role The first is the Hexaplaric recension of Origen In this work Origen displayed the different versions of the Biblical text and aimed at bringing the Greek text as it had been submitted so far closer to the then current Hebrew text His intervention in the Greek text has opened the gates to a flood of approximations of the Greek text to the Hebrew dixit Anneli Aejmelaesus Indeed one can find Hexaplaric readings in many manuscripts and even in texts manuscripts and versions that have never been labeled like that Filtering out what are Hexaplaric readings is of utmost importance to the reconstruction of the Old Greek text which may then point to another Hebrew text A similar enterprise was undertaken by Lucian and his work too needs to be reconstructed and traced in order to establish the Old Greek text The current volume deals with the books of 1-2 Sam 1-2 Kings as well as Joshua and Esther

English Poetry and Modern Arabic Verse Ghareeb Iskander, 2021-01-28 This is the first study to examine the Arabic translations of a number of major modern poems in the English language in particular T S Eliot's *The Waste Land* and Walt Whitman's *Song of Myself* With case studies dedicated to the Arab translators who were themselves modernist poets including Badr Shakir al Sayyab and Saadi Yusuf the author brings a reading of the translations as literary works in their own right Revealing why the Arab modernists were drawn to these poems through situational context Ghareeb Iskander shows that the influence exerted by the English originals stems from the creative manner in which the Arab poet translators converted them into their own language
