How to Parent Like an Autistic: Large Print Edition K. Bron Johnson, 2021-12-08 This is the large print edition of the book It is also available in eBook regular print and audiobook format Are you struggling to understand your autistic child and their behaviour Are you looking for ideas for how to best approach some common parenting issues This guide hopes to help you decipher what is really going on inside your child's mind and how to address their unique needs How to Parent Like an Autistic is a guide for parents of an autistic child The only parenting guide of its kind written by an autistic mom of an autistic child with additional insight compiled through a survey of autistic parents this guide helps parents understand the autistic mind It gives concrete examples and tips to help parents build confidence in their parenting approach It's a non-judgemental book that feels this unique approach to parenting that many autistic parents share will develop happier and more confident autistic adults Autistic people truly do experience the world in a different way and How to Parent Like an Autistic brings you into this world sharing experiences to help you relate to what your child is feeling and experiencing Autistic parents will also enjoy seeing themselves reflected in the parenting approaches explained in this book and maybe reaffirm that the way we do things is not just okay but beneficial to the well-being of all our children From the foreword by Nancy Getty author and autistic self-advocate K Bron Johnson has laid out an honest guideline to assist parents and family members who share their lives with an autistic individual This book will be highly useful for families that are seeking a path of discovery and acceptance in order to achieve a balance within the family unit It touches on areas of importance within the autistic person's life from a first person autistic perspective that will allow you to see and experience a viewpoint that may seem foreign but is real for the autistic person Some themes that are addressed are sensory issues developmental milestones behaviour as communication feeding challenges picky eating dealing with meltdowns and much more This short guide will empower you and help you see your autistic child in a new light developing a deeper appreciation for the autistic experience

Autism Parents' Guide to Autism Spectrum Disorder Charlie Mason, 2021 **Facing Autism** Kathleen Mueller, 2008-10-22 There is the heartache we all share when our child is given the diagnosis of autism At first we feel all alone in the world wondering how this could happen to my child but we are not alone there are a growing number of families who have a child who has been diagnosed with autism A mother tells her story and explains how she took control of her son's future by creating her own therapy sharing with other parents how she was able to determine what her son needed and then how to implement those needs into lessons he could understand Gain insight into the ways in which you can begin providing your own therapy for your child or choosing to home school if that is your wish If you have a child that has not been diagnosed with Autism Spectrum Disorder but you suspect they might be autistic learn the diagnostic criteria used by professionals in diagnosing Autism Spectrum Disorders

The Parents Guide to Autism Anne-Carol Sharples, 2016-04-27 The Parents Guide to Autism by Anne Carol Sharples As a parent of a child on the autism spectrum you may be unsure of

what to do next In this book author Anne Carol Sharples teaches you ways to support your child through major milestones nurture their development and thrive You will find valuable information on self regulation communication and data collection With The Parents Guide to Autism you will have the tools to raise a child who thrives **Autism: Parents' Guide to Autism Spectrum Disorder: autism books for children** Charlie Mason , This book is a highly informative easy to read clear and simple summary of what parents need to know about Autism Autism Spectrum Disorder Asperger s and the behavioral and emotional challenges that come along with them Autism awareness is at an all time high and the concepts presented in major works are summarized and discussed here There are many challenges involved in raising a child with autism including obsessive behaviors lack of social skills and sensory sensitivity Parents might find that the child is not relating well to others or regulating their emotions This book will help parents deal with these problems and teach the child new positive alternatives to live better There are strategies outlined that show how play exercise social interaction and other activities can strengthen a child s purpose and connection in the world Playing on the floor with the child can be very important for development in this book it is explained why this works and some suggestions for starting to play with the child with ASD There are many academic journals and complicated articles with academic language that is hard to follow and difficult to parse This book is written to be accessible to the everyday busy parent Each chapter presents information that builds on the next This book will teach you about The current understanding of Autism Spectrum Disorder Understanding the Child Diagnosis and how to deal with it Sensory interaction Social skills and how to learn them How to teach children with autism How to train a child with autism Increasing your child s coping skills Reducing your child s stress Maximizing education in play time How to manage time and scheduling Interacting with others **Children With High-Functioning Autism** Claire E. Hughes-Lynch,2021-09-03 Children With High Functioning Autism A Parent s Guide offers parents the information needed to help them cope with their child s autism and to navigate the path as they first perceive differences seek assistance and treatment and help their child develop into his or her full potential Including examples of the author s own experiences with her child with autism this book helps families realize that there are others on similar paths and that help is available With topics ranging from understanding the first signs of autism and the diagnosis finding a support network and filling out necessary paperwork to determining the various types of therapies available and planning for adulthood this book provides parents with valuable insight into this new world With an emphasis on high functioning autism Pervasive Developmental Disorder Not Otherwise Specified and Asperger s syndrome Children With High Functioning Autism A Parent s Guide helps parents learn to celebrate small areas of growth and keep the focus on the child **Turn Autism Around** Mary Lynch Barbera, Ph.D.,2021-03-30 This is the first book of its kind that calls attention to an important fact parents can make a tremendous impact on their child through behavioral practices taught at home Dr Barbera has created a tool kit that any parent can use to help remediate and in some cases eliminate some symptoms of autism and other developmental delays

in young children even in as little as 15 minutes a day Developmental delays and signs of autism usually show up before 18 months of age yet children are often not diagnosed until they are 4 or 5 years old In Turn Autism Around Dr Mary Barbera explains why parents can't afford to worry and wait in long lines for evaluations and treatment while not knowing how to help their children She empowers parents caregivers and early intervention professionals to regain hope and take back control with simple strategies to dramatically improve outcomes for their children Dr Barbera has created a new approach to teaching kids with developmental delays that uses the science of Applied Behavior Analysis ABA married with a positive child friendly methodology that any parent can use whether or not their child has delays to learn to teach communication skills socialization strategies as well as tackle sleep eating potty training and behavior challenges in a positive effective and lasting way Turn Autism Around is the first book of its kind that calls attention to an important fact parents can make a tremendous impact on their child's development through behavioral practices taught at home even in as little as 15 minutes a day Her program shows these autism and developmental delays can be remediated and in some cases delays can be caught up altogether if parents intervene while the child is young This book is for parents of young children aged one to five years who are passionate about helping their child as well as learning how they can change the trajectory of their child's and family's life

Children with Autism Michael D. Powers, 1989 When parents learn that their child has autism they often feel helpless and bewildered Their child appears to live in an isolated almost impenetrable world which may seem impossible to bridge To understand autism and overcome their fears parents need both information and hope Recommended as the first book on autism that parents and family should read Children With Autism covers areas that are of special concern to parents By providing up to date information about autism this comprehensive book will ease the fears and concerns of many parents struggling to understand and cope with their child's disorder

Autism: Parents' Guide to Autism Spectrum Disorder

the personal growth and transformation that families experience along the way Through case studies expert insights and a heartfelt perspective the author leads readers through the key lessons that autism brings lessons that are too often overshadowed by the pressures of managing symptoms and seeking solutions At the heart of this book is a concept that is both simple and profound the lesson of autism can be encapsulated in the very letters of the diagnosis itself Each letter represents a critical step in the journey a pillar for parents to build upon as they discover the deeper meaning and purpose of this experience A is for Accepting the Diagnosis For some families the journey to acceptance is quick but for others it can be filled with uncertainty and stigma Acceptance is not a single moment but a process with many stages This chapter helps parents understand that embracing the diagnosis is a key foundation in moving forward with hope and clarity U is for Understanding and Unconditional Love Understanding autism requires an open heart and mind In this section the author highlights case studies of families who despite their initial struggles learned to reach out with unconditional love The love and understanding they found not only helped their children but also guided them on their path to acceptance and growth It is a powerful reminder that love in all its forms is the greatest tool for navigating autism T is for Teamwork One of the most important lessons in the autism journey is learning that self reliance is not always the answer Autism teaches parents the value of community and the strength in asking for help Through case studies parents share their experiences of teamwork how the support of friends therapists extended family and other parents helped them stay strong focused and connected I is for Identifying Your Inner Strength Autism impacts every aspect of life not just the child s behavior but the family dynamic as a whole The journey requires patience resilience and unwavering determination Parents learn to identify their inner strength and tap into resources they never knew they had growing stronger with each challenge This chapter encourages parents to recognize the untapped reserves of fortitude within them as they navigate their child s development S is for Smiling and Sharing Insights Despite the challenges life with autism is not without moments of joy The author emphasizes the importance of maintaining a lighthearted attitude even in the face of adversity By sharing their experiences with others parents can foster connection and break down societal barriers Autism may be difficult for the world to understand but by sharing the journey parents can help others embrace empathy compassion and understanding M is for Managing One Step at a Time Growth is a slow steady process Parents may yearn for a quick fix or a cure but the reality is that autism is not something that can be solved overnight This chapter encourages parents to focus on micro steps recognizing that small progress is still progress Whether it s coping with maladaptive behaviors managing relationships or simply taking a deep breath in challenging moments this section teaches that the journey of autism requires patience perseverance and a commitment to small meaningful steps toward progress

The Ultimate Parenting Book for Raising a Child with Autism Spectrum Disorder
Heather Gilmore, 2019-12-21 This autism parenting book is designed as a go to resource for parents of children with autism spectrum disorder It can also be used as a supplement to the One Year ABA Parent Training Curriculum which is a manual

for professionals to use as they provide services to parents of children with autism and other behavioral concerns This autism parenting book is interactive in that it is uniquely designed to provide both reading material to help parents learn how to help their child learn new skills and manage behaviors while also being partially a workbook type resource to help parents actually implement what they learn to ultimately make a real difference in their child s life This book for parents of children with autism spectrum disorder contains 26 lessons chapters plus one bonus lesson This helps to break up the content into value packed sections that a parent can explore at their own pace A parent may plan to read one lesson a week and work on that lesson topic throughout the week or they may browse through the book to get an overview of the information being taught in this resource This book is very flexible in how parents can use it to best help their child and their family This book is designed to help parents of children with ASD including Asperger s Level 1 ASD Level 2 ASD and Level 3 ASD It is full of extremely valuable content that is based upon an effective research based approach to helping children with autism It is based upon the evidence based practice of applied behavior analysis which is found to be a highly effective approach to improving the quality of life of children with autism spectrum disorder Each lesson includes 5 pages of extremely valuable content including 2 pages of reading material providing background information on the lesson topic to help you dig deeper into specific topics that are relevant for children with ASD as well as for parenting a child with ASD 1 page that serves as an easy to read handout for parents This can be used as a quick overview of the lesson topic or to review later on to remind yourself about certain things you have learned in the book 1 page we call the Topic Exploration Form which helps you to explore the topic in more detail through interactive activities such as questions or surveys that ask you to think about and assess your child s functioning You may also use this form with a service provider if you are looking for more formal feedback on the lesson topics 1 page designed as a homework assignment or activity that you can complete so you can truly take a hands on approach to helping your child improve their skills or reduce problem behaviors to ultimately improve your child s quality of life Some examples of things you will learn about in this parenting book include What is Autism Spectrum Disorder Developing Goals for Your Child Functions of Behavior Self Care as a Parent Using Visual Supports Using Antecedent Strategies to improve behaviors Addressing Symptoms of ASD including Communication and Social Skills You will be guided on how to practice using the effective parenting strategies that are found throughout the book

The Handbook of Autism Maureen Aarons,Tessa Gittens,1992 Featuring new case studies that reflect the extent and variability of autism and an updated appendix of useful addresses this new edition of The Handbook of Autism brings up to date the relevant and practical information of the first edition It examines the latest thinking on diagnosis management education and medical aspects of the condition and explores areas of special difficulty such as social understanding and communication The authors describe their developmental approach to the assessment of autism in individual children and clarify the essential issues concerning recognition of the disorder permitting parents and professionals to reach a better mutual understanding This
