[The SAGE Encyclopedia of Economics and Society](#) Frederick F. Wherry,Juliet B. Schor, Consulting Editor,2015-09-01 Economics is the nexus and engine that runs society affecting societal well being raising standards of living when economies prosper or

lowering citizens through class structures when economies perform poorly Our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world From a household budget to international trade economics ranges from the micro to the macro level It relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia which will explicitly approach economics through varied disciplinary lenses Although there are encyclopedias of covering economics especially classic economic theory and history the SAGE Encyclopedia of Economics and Society emphasizes the contemporary world contemporary issues and society Features 4 volumes with approximately 800 signed articles ranging from 1 000 to 5 000 words each are presented in a choice of print or electronic editions Organized A to Z with a thematic Reader s Guide in the front matter groups related entries Articles conclude with References Future Readings to guide students to the next step on their research journeys Cross references between and among articles combine with a thorough Index and the Reader s Guide to enhance search and browse in the electronic version Pedagogical elements include a Chronology of Economics and Society Resource Guide and Glossary This academic multi author reference work will serve as a general non technical resource for students and researchers within social science programs who seek to better understand economics through a contemporary lens

Benefit Corporation Law and Governance Frederick H. Alexander, 2017-10-16 Corporations with a Conscience Corporations today are embedded in a system of shareholder primacy Nonfinancial concerns like worker well being environmental impact and community health are secondary to the imperative to maximize share price Benefit corporation governance reorients corporations so that they work for the interests of all stakeholders not just shareholders This is the first authoritative guide to this new form of governance It is an invaluable guide for legal and financial professionals as well as interested entrepreneurs and investors who want to understand how purposeful corporate governance can be put into practice Filthy Rich Politicians Matt Lewis, 2023-07-18 From one of America s sharpest political journalists is this searing thought provoking and hilarious takedown of the ruling class running amok in Washington These are your elected officials Some are slyly taking advantage of the system They are hoping no one is savvy enough to notice But Matt Lewis has And this is what he s learned Today s politicians are an unsavory lot a hybrid of plutocrats and hypocrites And it s worse and more laughable than you can imagine Lewis will introduce you to a crop of latte liberals ivy league populists insider traders trust fund babies and swamp creatures as he exposes how truly ludicrous money in politics has gotten In Filthy Rich Politicians Lewis embarks on an investigative deep dive into the ridiculous state of modern American democracy a system where the rich get elected and the elected get rich One of the brightest conservative writers of his generation Lewis doesn t just complain he articulates how Americans can achieve accountability from their elected leaders through radically commonsense reforms But many of these ruling class elites have a vested financial interest in rejecting the reforms so desperately needed to rebuild Americans trust in the institutions that once made our nation great This is not an eat the rich kind of book and it is

not for those who want to stoke class warfare topple the whole regime and burn it all to the ground This is a must read book for thoughtful readers who yearn for transparency and will commit to holding their elected leaders accountable to those they are supposed to represent we the people The reforms spelled out in this book would incentivize good behavior in our leaders stymie corruption and prevent politicians from using the system and our taxpayer dollars to feather their filthy rich nests It is only by taking these steps to reform the system that we can rebuild trust in our institutions and preserve American democracy for future generations There really is no richer inheritance we could leave them

Al borde del desahucio se desespera cuando encuentra un apartamento demasiado bueno para ser verdad en un precioso barrio de Chicago. Cassie sabe que tiene que haber gato encerrado solo alguien con un secreto que ocultar alquilar a una habitación por ese precio. Por supuesto su nuevo compañero de piso Frederick J. Fitzwilliam dista mucho de ser normal. Duerme todo el día sale por la noche por negocios y habla como si hubiera salido de una novela romántica de la Regencia. También le deja a Cassie notas conmovedoras por todo el apartamento se preocupa por su arte y le pregunta cómo le ha ido el día. Y no está nada mal sin camiseta en las raras ocasiones en que ambos están en casa y despiertos. Pero cuando Cassie encuentra bolsas de sangre en la nevera que no estaban allí antes Frederick tiene que confesar. El nuevo y sexy compañero de piso de Cassie es un vampiro. Y tiene una proposición para ella.

Productive Tensions Christopher B. Bingham, Rory M. McDonald, 2023-11-07 How leaders can recast innovation's toughest trade-offs: efficiency vs. flexibility, consistency vs. change, product vs. purpose as productive tensions. Why is leading innovation in today's dynamic business environment so distressingly hit or miss? More than 90 percent of high potential ventures don't reach their projected targets. Surveys show that 80 percent of executives consider innovation crucial to their growth strategy but only 6 percent are satisfied with their innovation performance. Should leaders aim for Steve Jobs level genius, shower their projects with resources, or lean in to luck and embrace uncertainty? None of the above, say Christopher Bingham and Rory McDonald. Drawing on cutting edge research and probing interviews with hundreds of leaders across three continents, in *Productive Tensions* Bingham and McDonald find that the most effective leaders and successful innovators embrace the tensions that arise from competing aims: efficiency or flexibility, consistency or change, product or purpose. Bingham and McDonald spotlight eight critical tensions that every innovator must master and they spell out with dozens of detailed examples of both success and failure how to navigate them. How do you excite customers about a product they've never imagined? When is it wise to accept what the data is telling you and when should you ignore the data and plow forward anyway? How can you maintain stakeholders' trust and support during radical unforeseen course corrections? Bingham and McDonald guide readers through innovation's thorniest tensions using examples drawn from the experience of organizations as varied as P&G, Instagram, the US military, Honda, In-N-Out Burger, Slack, Under Armour, and the snowboarding company Burton.
