Finley, 2011-09-13 This book provides a thorough compilation School of the types specific incidents relevant agencies theories responses and prevention programs relevant to crime and violence in schools and on campuses Encyclopedia of School Crime and Violence is the most comprehensive reference on this deeply unsettling topic ever undertaken No other volume integrates as much information about the many types of crime and violence occurring in schools as well as the variety of responses and prevention efforts aimed at curbing it In a series of

alphabetically organized entries Encyclopedia of School Crime and Violence looks at significant cases both at high schools and on college campuses with coverage that includes professional and community responses and theories as to why these events happened Unlike other volumes that focus only on the most sensational events the encyclopedia spans the full spectrum of school crime not just the high profile cases like Columbine and Virginia Tech but the insidious problems of theft bullying cybercrime violence sexual assault and more Coverage includes information on some cases outside the United States as well as entries on the government agencies and other organizations dedicated to analyzing and eradicating school crime Mastering Facilitation Morgan Jones, 2020-10-14 With business and organisations moving at an ever faster pace and facing evermore demanding challenges the need for efficient succinct and productive interaction between individuals of those businesses and organisations is more important than ever With the bounds of communication restrictions abandoned through technological advances we can now see and hear anyone across any manner of virtual platforms anywhere around the globe and with a greater understanding of the underlying dynamics of human interaction unprecedented pressure has been thrust upon the individual or individuals who often enable these dynamic interactions the facilitator Many of us have at one time or other been responsible for a meeting whether between a small number of individuals or an entire organisation of hundreds or possibly thousands of businessmen and women Or perhaps we ve had to be the mediator in a family dispute closer to home or managed a discussion between two feuding friends or colleagues One way or another chances are all of us have been a facilitator at some point in our lives With the ever growing demands placed on facilitators this book delivers a methodical and structured approach to facilitation This book is the definitive guide to instruct and assist facilitators both new and experienced with a set of guidelines and underlying theory that will benefit any facilitator whether as a mediator between two individuals single handedly facilitating a group of 100 or working as part of a facilitation team in a multinational corporation The first part of the book develops the core basic skills of those new to the art of facilitating There are many examples and exercises to show the reader how to apply them in different situations The second part of the book is for more experienced facilitators as it focuses on more advanced skills and tackling difficult situations Specific tools and techniques are illustrated for the reader Essentially this book is aimed at developing and mastering the art of facilitation Facilitation is the art of getting the best out of groups of people to brainstorm solve problems and gain consensus Based on 30 years experience of the author and running multiple facilitation training courses across the globe this book is aimed at upskilling people managers and leaders to drive change and consensus with groups through Learning to Live Together David A. Hamburg M.D., Beatrix A. Hamburg running workshops and meetings M.D., 2004-04-08 With a view to deepening our understanding of sources of hatred and prejudice this book uses a developmental and evolutionary perspective to explore and explain the process by which our beliefs are conveyed to the youngest members of society Discussing the psychological obstacles to peaceful relations between groups the authors focus

on the developmental processes by which we can work to diminish ethnocentrism prejudice and hatred which children learn from a very early age Until now scholarship and practice in international relations have gravely neglected crucial psychological aspects of these terrible problems and have not yet explored the educational opportunities related to them Addressing these promising lines of inquiry and innovation this book fosters a more humane and less violent development in childhood and adolescence Educators religious leaders developmental and social psychologists will find this a valuable resource as will a socially concerned segment of the public who are looking for practical ways to work for peace
