**Creation Regained** Albert M. Wolters, 1985      **Creation Regained** Albert M. Wolters, 1985      Living in God's Two Kingdoms David VanDrunen, 2010-10-06 Modern movements such as neo Calvinism the New Perspective on Paul and the emerging church have popularized a view of Christianity and culture that calls for the redemption of earthly society and institutions Many Christians have reflexively embraced this view enticed by the socially active and engaged faith it produces Living in God's Two Kingdoms illustrates how a two kingdoms model of Christianity and culture affirms much of what is compelling in these transformationist movements while remaining faithful to the whole counsel of Scripture By focusing on God's response to each kingdom his preservation of the civil society and his redemption of the spiritual kingdom VanDrunen teaches readers how to live faithfully in each sphere Highlighting vital biblical distinctions between honorable and holy tasks VanDrunen's analysis will challenge Christians to be actively and critically engaged in the culture around them while retaining their identities as sojourners and exiles in this world      **Everyday Theology (Cultural Exegesis)** Kevin J. Vanhoozer, Charles A. Anderson, Michael J. Sleasman, 2007-03-01 Everyday theology is the reflective and practical task of living each day as faithful disciples of Jesus Christ In other words theology is not just for Sundays and it's not just for professional theologians Everyday Theology teaches all Christians how to get the theological lay of the land It enables them to become more conscious of the culture they inhabit every day so that they can understand how it affects them and how they can affect it If theology is the ministry of the Word to the world everyday theologians need to know something about that world and Everyday Theology shows them how to understand their culture make an impact on it Engaging and full of fresh young voices this book is the first in the new Cultural Exegesis series      *Outsiders on the Inside* William E. Boyce, 2022-05-04 Can Christian community be racially exclusive and still call itself faithful In the United States the story of Christianity has been intertwined with the story of race since the beginning All too often Christian leaders have fostered cultures that wound minority members instead of creating cultures that heal division With this history of exclusion all Christians must ask whether our churches practice the racial hospitality envisioned in the Scriptures In this necessary conversation minority pastors voice fatigue signaling that church cultures are not as welcoming as they often claim to be Outsiders on the Inside explores the history of race in the Presbyterian Church in America PCA comparing the denomination's core theological convictions with the experiences of Black PCA pastors This is a story of racial fatigue and resilience of learning to thrive in the midst of challenging environments This study reveals areas for growth and opens up possibilities for Christians of all races and confessions to come together creating a diverse hospitable and healing community

**Theological Ethics** W. Ross Hastings, 2021-02-02 Be Prepared to Think Theologically through Today's Most Pressing Ethical and Moral Issues In Theological Ethics theologian pastor and ethicist W Ross Hastings gives pastors ministry leaders and students a guide designed to equip them to think deeply and theologically about the moral formation of persons in our

communities about ethical inquiry and action and about the tone and content of our engagement in the public square The book presents a biblical perspective and a gospel centered framework for thinking about complex contemporary issues in ways are life giving and that will lead readers into greater flourishing as human persons in community This book is distinctive in presenting A framework for theological ethics that is robustly theological and Trinitarian Ethics isolated from the gospel and theology becomes bad news but when it is informed by and empowered by participation in the triune God of grace it is part of the good news of the gospel An approach to theology and theological ethics that makes the Word of God the ultimate authority and it is therefore grounded in the biblical narrative and texts An understanding that theological ethics are inherently missional The church as the image of the triune God makes it the home of ethics but in light of its missional identity it will reverberate outwards to engage the world in ways that are humble and not power mongering that are gospel based and shalom evoking Theological Ethics is for those who lead churches or ministries or someday will and who urgently need deep theological grounding as they daily encounter ethical and moral issues where they need to provide a gracious truthful and gospel directed response X

Heilke, Ashley Woodiwiss, 2001-01-01 Religion and politics appear together in newspaper headlines more today than ever before Questions about the relationship between religion and politics on theoretical historical and behavioral levels are likewise heavily debated behind the front pages by scholars in political science who demonstrate the new Christian thinking The Re Enchantment of Political Science engages these scholars in an interdisciplinary conversation concerning the identity and ends of Christian political science It considers whether and to what extent the community of Christian scholarship within its own narrative religious traditions can add a distinctive and significant dimension to the discipline of political science Contributors also explore how the new Christian thinking informs political theory and its subfields including liberalism communitarianism and critical theory Finally the book describes how policy studies are possible within a Christian framework using standard scholarly tools of analysis The Re Enchantment of Political Science in revealing the growing theoretical and methodological sophistication of faith informed political science charts the terrain of political science today

**Reforming Apologetics** J. V. Fesko, 2019-03-19 Challenging the dominant Van Tillian approach in Reformed apologetics this book by a leading expert in contemporary Reformed theology sets forth the principles that undergird a classic Reformed approach J V Fesko s detailed exegetical theological and historical argument takes as its starting point the classical Reformed understanding of the two books of God s revelation nature and Scripture Believers should always rest on the authority of

Scripture but also can and should appeal to the book of nature in the apologetic task      **Trinity and Organism** James Eglinton, 2012-03-29 This book explores the organic motif found throughout the writings of the Dutch Calvinist theologian Herman Bavinck 1854 1921 Noting that Bavinck uses this motif at key points in the most important loci of theology Christology general and special revelation ecclesiology and so forth it seems that one cannot read him carefully without particular attention to his motif of choice the organic By examining the sense in which Bavinck views all of reality as a beautiful balance of unity in diversity James Eglinton draws the reader to Bavinck s constant concern for the doctrine of God as Trinity If God is the Father the Son and the Holy Spirit Bavinck argues the creation must be more akin to an organism than a machine Trinity and organism are thus closely linked concepts Eglinton critiques and rejects the two Bavincks one orthodox and the other modern hermeneutic so commonplace in discussions of Bavinck s theology Instead this book argues for a reunited Herman Bavinck as a figure committed to the participation of historic orthodox theology in the modern world
