Gesture Of Awareness A Radical Approach To Time Space And Movement:

Gesture of Awareness Charles Genoud,2006-12-04 Unlike many books that explore the meaning of spiritual practice Gesture of Awareness is not an account or explanation of such practices but an expression of them In succinct poetic style Charles offers a vision of human existence as it can be lived and embodied once we take the risk to discard those concepts and assumptions that stand in the way of an immediate encounter with the present Drawing on Buddhist texts shamanism and the writings of thinkers such as Maurice Blanchot and Georges Bataille Gesture of Awareness weaves insights from these diverse traditions into a coherent and compelling whole At the same time the text is a workbook that encourages the reader to engage with the material in a way that can make a real difference in his or her life It is the kind of book that cannot be absorbed in a single reading and then shelved but one that calls us to pay attention to its message again and again Stephen Batchelor author of Buddhism without Beliefs and Living with the Devil

Gesture of Awareness Charles Genoud,2016-05-03 From a major mind of Buddhism today comes this unique philosophical work which hearkens back to the classical verse form but in a modern voice that speaks directly to the twenty first century reader and practitioner Gesture of Awareness involves a fascinating philosophical exploration of time space and movement but at the same time is a manual for an embodied practice of exploration Genoud is very well known to the leading lights of Buddhism today He and his work are continually praised for their invention and importance Well versed in French and continental philosophies as well as Eastern thought he has produced a work that will be welcomed as a Buddhist book and a noteworthy contribution to the larger philosophical community

Spiritually Sensitive Psychoanalysis Gideon Lev,2023-03-29 This book provides an accessible introduction to spiritually sensitive psychoanalysis an analytic tradition characterized by sensitivity to the spiritual and religious dimensions of human life and oriented towards spiritual growth Psychoanalysis has historically evinced severe suspicion to all ideas and ideals of religion and spirit However in recent years a new analytic approach is emerging which recognizes faith and spirituality as crucial parts of full satisfying psychic life This book explores the unique ways in which this approach refers to and understands core analytic issues such as transference interpretation psychopathology and psychic development It goes on to expound the approach s understanding of the analytic relationship and the way it influences the spiritual person It also discusses the tensions arising between this emerging school of thought and the existing body of psychoanalytic knowledge Psychoanalysis is a practice that deals with the most profound questions of life and creates shifts in the way reality is perceived Discussing freely and deeply its spiritual aspects and aspirations will enlighten analysts new to the emerging spiritually sensitive tradition as well as those who are more familiar with it and who are looking for a comprehensive description of this fresh approach to analysis

Beyond Tranquility Charles Genoud, 2020-01-28 One of Buddhism's most respected authors inspires readers with a creative and intriguing journey into the heart of Buddhist meditation practice Beyond Tranquility is an invitation to inner experience In these pages one of Buddhism's most respected scholar sages creatively distills decades of practice reflection and teaching into essential truths Touching on the full scope of core Buddhist philosophical and meditation traditions Charles Genoud draws on ancient Buddhist suttas masters like Nagarjuna and Dogen and even seers and philosophers such as Eckhart Nietzsche and Sartre as well as the great innovators of the modern novel and modern dance Weaving together the wisdom of these great minds in a poetic style uniquely his own Genoud invites you into the heart of Buddhist meditation and practice Here with the immediacy and wry humor of haiku he proves an astute and subtle guide to the pitfalls and paradoxes that eventually confront every meditator and to the most skillful ways through them Genoud's powerful experiential language transmits the meditative experience rather than merely describing it and his style will resonate with the teachings of Zen and Dzogchen the writings of contemplative philosophers and with dancers and other artists whose work is built upon a body of presence

Nightly Wisdom Josh Bartok, Gustavo Szpilman Cutz, 2007-11-28 Human beings the world over have always found the nighttime and its attendant activities of sleeping dreaming and waking up mysterious mystical and rich with meaning and metaphor The name Buddha means the one who has awakened and enlightenment itself is often portrayed literarily as the luminous full moon lighting our way through the blinding black of night Nightly Wisdom goes deep into the wealth of Buddhist inspirations on these powerful topics offering encouragement and clear teaching on lucid dreaming and Tibetan dream yoga the art of extending one's meditation practice into the boundaryless world of dreamtime gentle guidance on relaxing into restful sleep and awakening from the suffering dream of separateness as well as poetry and prose whose sources span time and space from ancient Japan and the Buddha himself to some of the brightest lights of Buddhism today A book unlike any other Nightly Wisdom is designed to be placed on the bedside table and read last thing in the evening so that one's sleep may be infused with a virtue that can be renewed in the morning and carried on throughout the day Nightly Wisdom represents perhaps the first effort to bring all of these Buddhist inspirations together in one welcoming volume and is an ideal guide for anyone who has ever dreamed of waking up to the entirety of life or wondered how best to suffuse this wisdom into that third of our lives
