Get Big Things Done:

How Big Things Get Done Bent Flyvbjerg, Dan Gardner, 2023-02-07 Why do big projects go wrong so often and are there any lessons you can use when renovating your kitchen Bent Flyvbjerg is the megaproject expert and Dan Gardner brings the storytelling skills to How Big Things Get Done with examples ranging from a Jimi Hendrix studio to the Sydney Opera House Financial Times Entertaining There are lessons here for managers of all stripes The Economist A BEST BOOK OF THE YEAR Economist Financial Times CEO Magazine Morningstar Finalist for the Porchlight Business Book Award the Financial Times and Schrodgers Business Book of the Year Award and the Inc Non Obvious Book Award Nothing is more inspiring than a big vision that becomes a triumphant new reality Think of how the Empire State Building went from a sketch to the jewel of New York s skyline in twenty one months or how Apple s iPod went from a project with a single employee to a product launch in eleven months These are wonderful stories But most of the time big visions turn into nightmares Remember Boston s Big Dig Almost every sizeable city in the world has such a fiasco in its backyard In fact no less than 92% of megaprojects come in over budget or over schedule or both The cost of California s high speed rail project soared from 33 billion to 100 billion and won t even go where promised More modest endeavors whether launching a small business organizing a conference or just finishing a work project on time also commonly fail Why Understanding what distinguishes the triumphs from the failures has been the life s work of Oxford professor Bent Flyvbjerg dubbed the world s leading megaproject expert In How Big Things Get Done he identifies the errors in judgment and decision making that lead projects both big and small to fail and the research based principles that will make you succeed with yours For example Understand your odds If you don t know them you won t win Plan slow act fast Getting to the action quick feels right But it s wrong Think right to left Start with your goal then identify the steps to get there Find your Lego Big is best built from small Be a team maker You won t succeed without an us Master the unknown unknowns Most think they can t so they fail Flyvbjerg shows how you can Know that your biggest risk is you Full of vivid examples ranging from the building of the Sydney Opera House to the making of the latest Pixar blockbusters to a home renovation in Brooklyn gone awry How Big Things Get Done reveals how to get any ambitious project done on time and on budget

Get Big Things Done Erica Dhawan, Saj-nicole Joni, 2015-02-24 Connectional Intelligence unlocks the 21st century secret to getting big things done regardless of who you are where you live or what you do We typically associate success and leadership with smarts passion and luck But in today s hypercompetitive world even those gifts aren t enough Get Big Things Done argues that the game changer is a thoroughly modern skill called Connectional Intelligence Virtually anyone can maximize his or her potential and achieve breakthrough performance by developing this crucial ability So what is it Put simply Connectional Intelligence is the ability to combine knowledge ambition and human capital forging connections on a global scale that create unprecedented value and meaning As radical a concept as Emotional Intelligence was in the 90s Connectional Intelligence is changing everything from business and sports to academics health

and politics by quickly efficiently and creatively helping people enlist supporters drive innovation develop strategies and implement solutions to big problems Can a small town pumpkin grower affect the global food crisis A Fortune 500 executive change her company s outdated culture through video storytelling A hip hop artist launch an international happiness movement Or a scientist use virtual reality games to lower pain for burn victims The answer you ll read is a resounding yes Each of these individuals is using Connectional Intelligence to become a power player to get big things done Erica Dhawan and Saj nicole Joni s **Get Big Things Done** unlocks the secrets of how the world s movers and shakers use Connectional Intelligence to achieve their personal and professional goals no matter how ambitious **Get Big Things Done** Erica Dhawan,Saj-nicole Joni,2015-02-24 An insightful look at the new phenomenon called connectional intelligence and how to make it work for you **Do Big Things** Craig Ross,Angela V. The End of Greatness Aaron David Miller,2014-10-07 The Presidency has always been an implausible some might even say an impossible job Part of the problem is that the challenges of the presidency and the expectations Americans have for their presidents have skyrocketed while the president s capacity and power to deliver on what ails the nations has diminished Indeed as citizens we continue to aspire and hope for greatness in our only nationally elected office The problem of course is that the demand for great presidents has always exceeded the supply As a result Americans are adrift in a kind of Presidential Bermuda Triangle suspended between the great presidents we want and the ones we can no longer have The End of Greatness explores the concept of greatness in the presidency and the ways in which it has become both essential and detrimental to America and the nation s politics Miller argues that greatness in presidents is a much overrated virtue Indeed greatness is too rare to be relevant in our current politics and driven as it is by nation encumbering crisis too dangerous to be desirable Our preoccupation with greatness in the presidency consistently inflates our expectations skews the debate over presidential performance and drives presidents to misjudge their own times and capacity And our focus on the individual misses the constraints of both the office and the times distorting how Presidents actually lead In wanting and expecting our leaders to be great we have simply made it impossible for them to be good The End of Greatness takes a journey through presidential history helping us understand how greatness in the presidency was achieved why it s gone and how we can better come to appreciate the presidents we have rather than being consumed with the ones we want

Swingback Mike Blanchfield,2017-03-01 From 2006 to 2015 Stephen Harper charted a new course for Canada s foreign policy turning away from multilateralism and refusing to go along to get along on the world stage Justin Trudeau in only his first few months in power used his personal celebrity to rebrand Canada as a more sympathetic country in an attempt to swing the pendulum back to something more familiar However navigating Canada s path forward in the world will take more than sunny ways Chronicling Canada s journey under these two prime ministers of the early twenty first century Swingback examines the ways the country s relationships with the United Nations Israel Iran and Russia changed under Harper s leadership and how this has affected the situation the Liberals have inherited From the war zones of Afghanistan Iraq and Libya to meetings with world leaders Mike Blanchfield traces Canada s birth as a global actor since the end of the Second World War and delves into the trenches of domestic political battles and the challenges of the present day drawing from extensive on the ground research as a practising journalist An uncompromising analysis of Harper s foreign policy legacy and the emerging priorities of the Liberal government Swingback repositions Canada in this turbulent world
