

Points To Remember When **Getting Back Together**

Take time before you reach out.

Ponder about the main reason you want to get back together.

Consider why the relationship ended.

Think about the changes that will happen this time around.

Be honest with each other about the breakup.

Take things slowly.

Do not bring along the past into the relationship.

Getting Back Together Getting Back Together:

Getting Back Together Linda Johnson,2021 Considering getting back with an ex partner after a bad breakup can mean a lot of changes for both of you if you want to make the relationship work this time around When one person has walked away from a relationship and then realizes they have made a mistake or would like to give it another shot it may take a while for the relationship to get back on track due to the bruised ego of the other It is important not to allow things to be the same as they were before you broke up the first time If one of you has an explosive temper for example hopefully the time away from each other has changed that kind of attitude If one of you was a frivolous spender hopefully you have learned that you need to get your finances in order before you decide to get back with your ex Likewise if it was your ex who was spending frivolously would you be able to put up with that if they do not want to change You must take into consideration all of these questions before you start trying to get back with your ex partner If you are happy to make changes and will do anything to get him back if you are serious about how much you miss him then by all means give it another chance **Never Ever**
