Supreme Court,1997 **Female Serial Killers** Peter Vronsky,2007-08-07 In this fascinating book Peter Vronsky exposes
and investigates the phenomenon of women who kill and the political economic social and sexual implications buried with
each victim How many of us are even remotely prepared to imagine our mothers daughters sisters or grandmothers as
fiendish killers For centuries we have been conditioned to think of serial murderers and psychopathic predators as men with
women registering low on our paranoia radar Perhaps that s why so many trusting husbands lovers family friends and
children have fallen prey to the female monster From history s earliest recorded cases of homicidal females to Irma Grese the
Nazi Beast of Belsen from Britain s notorious child slayer Myra Hindley to Honeymoon Killer Martha Beck to the sensational
cult of Aileen Wournos the first female serial killer as celebrity to cult killers homicidal missionaries and our pop culture
fascination with the sexy femme fatale Vronsky not only challenges our ordinary standards of good and evil but also defies
our basic accepted perceptions of gender role and identity INCLUDES PHOTOGRAPHS [The Minds of Mass Killers](#) P.

psychology it provides a foundation for understanding the pathway to violence identified in the personal histories of many
mass murderers Drawing from criminology neuroscience and developmental and social psychology the author makes the case
