

The Pumpkin Patch

Our class had a field trip to the pumpkin patch. I thought it sounded boring. That's what the kindergarteners do. Why should we have to do that in second grade, too?

When we got there I was prepared to go look at the pumpkins and pick one out. I thought maybe they might try to teach us something about how pumpkins grow or something like that. Boy, was I ever in for a surprise.

I could see the pumpkins in a field in the distance, but instead of waking there, we stopped at an empty field. The instructors gave us each a card. Everyone had a different stage in a pumpkin's life cycle. Some had seed, or sprout, or small vine, or flower, or green pumpkin, or ripe pumpkin.

The teachers got cards, too. Their cards said things that could destroy a pumpkin. Their cards said things like insects, flood, drought, cold weather, and other things.

Finally, we got to play a game where we had to try to make it through all the stages of a pumpkin's life cycle without dying. It was way more fun than what I expected. I wonder what we would do if we went again in third grade?
