Life Story of Medea as Mother, Monster, and Muse Jana Rivers Norton, 2019-11-13 This volume offers a critical yet empathic exploration of the ancient myth of Medea as immortalized by early Greek and Roman dramatists to showcase the tragic forces afoot when relational suffering remains unresolved in the lives of individuals families and communities Medea as a tragic figure whose sense of isolation and betrayal interferes with her ability to form healthy attachments reveals the human propensity for violence when the agony of unresolved grief turns to vengeance against those we hold most dear However metaphorically her life story as an emblem for existential crisis serves as a psychological touchstone in the lives of early twentieth century female authors who struggled to find their rightful place in the world to resolve the sorrow of unrequited love and devotion and to reconcile experiences of societal abandonment and neglect as self discovery **No**

Man's Land Sandra M. Gilbert, Susan Gubar, 1996-02-21 How do writers and their readers imagine the future in a turbulent time of sex war and sex change And how have transformations of gender and genre affected literary representations of woman man family and society This final volume in Gilbert and Gubar s landmark three part *No Man s Land The Place of the Woman Writer in the Twentieth Century* argues that throughout the twentieth century women of letters have found themselves on a confusing cultural front and that most increasingly aware of the artifice of gender have dispatched missives recording some form of the future shock associated with profound changes in the roles and rules governing sexuality Divided into two parts *Letters from the Front* is chronological in organization with the first section focusing on such writers of the

modernist period as Virginia Woolf Zora Neale Hurston Edna St Vincent Millay Marianne Moore and H D and the second devoted to authors who came to prominence after the Second World War including Gwendolyn Brooks Sylvia Plath Margaret Atwood Toni Morrison and A S Byatt Embroiled in the sex antagonism that Gilbert and Gubar traced in *The War of the Words* and in the sexual experimentations that they studied in *Sexchanges* all these artists struggled to envision the inscription of hitherto untold stories on what H D called the blank pages of the unwritten volume of the new Through the works of the first group Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of femininity amounting to female female impersonation In the writings of the second group the critics pay special attention to proliferating revisions of the family romance revisions significantly inflected by differences in race class and ethnicity and to the rise of masquerades of masculinity or male male impersonation Throughout Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance the Second World War and the sexual revolution of the sixties What kind of future might such a past engender Their book concludes with a fantasia on *The Further Adventures of Snow White* in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop

A History of Twentieth-Century British Women's Poetry Jane Dowson,Alice Entwistle,2005-05-19 Publisher Description [Poems for the Millennium, Volume One](#) Jerome Rothenberg,Pierre Joris,Jeffrey Cane Robinson,University of California Press,1995-11-24 Global anthology of twentieth century poetry Back cover [Why Write Poetry?](#) Jeannine Johnson,2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry s value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry s worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry s cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University
