Community organizers build solidarity and collective power in fractured communities They help ordinary people turn their private pain into public action releasing hidden capacities for leadership and strategy In *Collective Action for Social Change* Aaron Schutz and Marie G Sandy draw on their extensive experience participating in community organizing activities and teaching courses on the subject to empower novices to think like an organizers **Community Organizing** David S. Walls,2015-02-03 This incisive book provides a critical history and analysis of community organizing the tradition of bringing groups together to build power and forge grassroots leadership for social economic racial and environmental justice Begun by Saul Alinsky in the 1930s there are today nearly 200 institution based groups active in 40 U S states and the movement is spreading internationally David Walls charts how community organizing has transcended the neighborhood to seek power and influence at the metropolitan state and national levels together with such allies as unions and human rights advocates Some organizing networks have embraced these goals while others have been more cautious and the growing profile of community organizing has even charged political debate Importantly Walls engages social movements literature to bring insights to our understanding of community organizing networks their methods allies and opponents and to show how community organizing offers concepts and tools that are indispensable to a democratic strategy of social change Community Organizing will be essential reading for advanced undergraduates and graduate students of sociology social movements and social work It will also inform organizers and grassroots leaders as well as the elected officials and others who contend with them [The Cambridge Handbook of Community Empowerment](#) Brian D. Christens,2024-04-25 Power and empowerment are critical topics for social change This handbook maps out ways that people can collectively engage with influence and change systems that affect their lives particularly the systems that maintain inequality and oppression It includes in depth examinations of a variety of approaches to building and exercising community power in local organizations institutions and settings Each chapter examines a particular approach critically engaging with contemporary research on how and when collective action can be most effective at producing change within communities and societal systems By examining a range of approaches in diverse contexts this book provides new insights for scholars practitioners and engaged resident leaders aiming to be more precise strategic and innovative in their efforts to build and sustain community power It is the ideal resource for those working with community groups to build more just and equitable systems *Publics for Public Schools*

Kathleen Knight Abowitz,2015-11-17 This book articulates a path for a renewed conception of and commitment to the public dimensions of schooling It is an interdisciplinary book of philosophy and politics written for educational leaders working in or on behalf of public schooling Publics for Public Schools introduces a fresh view on how educational leaders might view the public ideal In this conception of public work and leadership educational leaders do not work with the public but help to achieve publics for public schools The demos or the people in the case of democratic governance of schools mobilize around particular problems related to young people and schooling they are best understood not as the public but as multiple publics This book provides a conception of public life and of public leadership that can enable educational leaders of all types to help achieve publics for their schools

Empowerment Aaron Schutz,2019-05-23 This book provides an interdisciplinary examination of the multiple meanings of empowerment Rather than seeking to define and critique this term it draws out a range of different meanings exploring diverse possibilities for action and engagement We must carefully examine the possibilities and limits of the approaches to empowerment we choose Efforts focused on building individual skills and capacities for example may overlook opportunities for supporting more collective community based forms of social action In concise chapters the book maps out a range of ways that people can be empowered along different continuums of power moving from more familiar forms of teaching and counselling to less common and more radical strategies for fostering solidarity and civil resistance This will be of great interest to advanced students and scholars in a wide variety of fields particularly social work public health sociology education and international development as an introductory yet comprehensive study of the nuances of empowerment

The Moral Vision of Pope Francis Conor M. Kelly, Kristin E. Heyer, 2024-09-02 A thoughtful reflection on how the Francis revolution can address the practical concerns of ordinary Catholics on a range of contemporary issues The papacy of Pope Francis has ushered in remarkable changes for the Roman Catholic Church From a new emphasis on collegiality in ecclesial governance to a transformed set of public priorities for the global Church Francis s unique model of pontifical leadership has far reaching implications for virtually every aspect of Catholic practice Catholic moral theology particularly in the United States has still not grappled fully with the emphases of Francis s pontificate To address this lacuna The Moral Vision of Pope Francis brings together a range of Catholic ethicists to reflect on Pope Francis s implicit approach to moral theology establishing the unique insights of this first Jesuit pope This evaluation of Pope Francis s teachings and actions draws out the moral vision animating his work and

demonstrates how his moral vision should apply to Catholic ethical reflection on a range of contemporary issues The Moral Vision of Pope Francis shows how the Francis revolution meaningfully addresses the practical concerns of Catholics in the United States

People or Property Alessandra Jerolleman, Elizabeth Marino, Nathan Jessee, Liz Koslov, Chantel Comardelle, Melissa Villarreal, Daniel de Vries, Simon Manda, 2023-11-09 This open access book explores the intersection of property law relocation and resettlement processes in the United States and among communities that grapple with migration as an adaptation strategy As communities face the prospect of relocating because of rising seas policy makers disaster specialists and community leaders are scrambling to understand what adaptation pathways are legally possible While in its ideal application law functions blindly and without variation the authors find that legal contradictions come to bear on resettlement processes and place certain communities further in harm's way This book will unearth these contradictions in order to understand why successful community based resettlement has presented such a challenge to communities that are experiencing increasing land deterioration as a result of climate change

Resurrecting Democracy Luke Bretherton, 2014-12-22 Through a case study of community organizing in the global city of London and an examination of the legacy of Saul Alinsky around the world this book develops a constructive account of the relationship between religious diversity democratic citizenship and economic and political accountability Based on an in depth ethnographic study Part I identifies and depicts a consociational populist and post secular vision of democratic citizenship by reflecting on the different strands of thought and practice that feed into and help constitute community organizing Particular attention is given to how organizing mediates the relationship between Christianity Islam and Judaism and those without a religious commitment in order to forge a common life Part II then unpacks the implications of this vision for how we respond to the spheres in which citizenship is enacted namely civil society the sovereign nation state and the globalized economy Overall the book outlines a way of re imagining democracy developing innovative public policy and addressing poverty in the contemporary context
