**Alexis de Tocqueville**

## **Does Equality Exist In America At Issue:**

Equality in America Sidney Verba, Gary R. Orren, 1985 Verba and Orren dissect American attitudes toward equality by placing those beliefs in historical context and demonstrating a relationship between political and economic equality The book is based on a study of leaders from all significant sectors of American society **Capitalism and Equality in America**

Peter L. Berger, 1987 This comprehensive work along with its companion volume see listing below provides a thorough review of modern capitalism by some of today's most knowledgeable scholars Contributors include Peter L Berger Boston University Samuel McCracken Boston University Jeffrey G Williamson Harvard University Edgar K Browning Texas A Walter D Connor Boston University Alan M Kantrow Harvard Business Review Laura L Nash Harvard University's Center for Business and Government Richard John Neuhaus Rockford Institute's Center on Religion and Society Stephen Miller author of Special Interest Groups in American Politics Marc F Plattner author of Rousseau's State of Nature Delba Winthrop Harvard University Co published with the Institute for Educational Affairs

**Controversies in Equal Protection Cases in America** Anne Richardson Oakes, 2016-03-03 This collection engages with current issues on equal protection in the USA as seen from the perspectives of leading academics in this area Contributors with a range of perspectives interrogate the legal theoretical and factual assumptions which shape case law and consider the extent to which they satisfactorily address contemporary concerns with social hierarchies and norms Divided into five parts the study focusses on the connections between equal protection jurisprudence discrimination in its contemporary manifestations the implications of identity politics and the moral and political conceptualizations of equality that represent the parameters of debate Drawing on historical analysis and disciplinary insights of the social sciences the book bridges the gap between theory and practice The themes presented and analyses developed are among some of the most contentious currently in America and will be of interest not just to lawyers and legal academics but also to interdisciplinary social science researchers including sociologists economists and political scientists Socialism in America John Bowman, 2005

In 1835 Alexis de Tocqueville predicted a species of oppression with which democratic nations are menaced unlike anything which ever before existed in the world It was a despotism that would be more extensive and would degrade men without tormenting them It would be a force that compresses enervates extinguishes and stupefies a people till each is reduced to be nothing better than a flock of timid animals of which the government is the shepherd Tocqueville was predicting socialism in America a new form of oppression that did not exist in his time He could not name it at the time because the word socialism had not yet appeared in the English language and Karl Marx had not yet published his Communist Manifesto America has become a socialist state and this book is about what socialism is doing to America today Socialism is an oppression that has caused America to discard the rule of law forsake justice limit freedom attenuate individuality create dependence degrade social norms attack sources of wealth and divide the culture This form of despotic totalitarianism has irreversibly commenced the destruction of American culture

and nation Socialism in America offers the reader the perspective of and how and why this is happening It explains the history of socialism and in particular the history of socialism in America It discusses the roles of socialism s foremost vectors which are primarily the unions and Democratic Party It critically dissects the philosophy of socialism itself and examines other countries struggles to survive under the heavy socialist boot Every freedom loving American should read this book

**Reader's Guide to American History** Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

**The Politics of Social Welfare in America** Glenn David Mackin,2013-04-22 The Politics of Social Welfare in America examines how politicians theorists and citizens discuss need welfare and disability with respect to theoretical and political projects Glenn David Mackin argues that participants in these discussions often miss the way their perceptions of those in need shape their discourse Professor Mackin also explores disability rights groups and welfare rights activism in the 1960s and 1970s to examine the ways that those designated as needy or incompetent often challenge these designations thus making the issue of welfare an ongoing conflict over who counts as competent and generating new ways of understanding democracy and equality

Public Opinion In America James Stimson,2018-03-14 Public opinion matters It registers itself on the public consciousness translates into politics and policy and impels politicians to run for office and once elected to serve in particular ways This is a book about opinion not opinions James Stimson takes the incremental vacillating time trapped data points of public opinion surveys and transforms them into a conceptualization of public mood swings that can be measured and used to predict change not just to describe it To do so he reaches far back in U S survey research and compiles the data in such a way as to allow the minutiae of attitudes toward abortion gun control and housing to dissolve into a portrait of national mood and change Using sophisticated techniques of coding statistics and data equalization the author has amassed an unrivaled database from which to extrapolate his findings The results go a long way toward calibrating the folklore of political eras and the cyclical patterns that emerge show not only the regulatory impulse of the 1960s and 1970s and the swing away from it in the 1980s the cycles also show that we are in the midst of another major mood swing right now what the author calls the unnoticed liberalism of current American politics Concise suggestive and eminently readable Public Opinion in America is ideal for courses on public opinion public policy and methods as well as for introductory courses in American government Examples and illustrations abound and appendixes document the measurement of policy mood from

survey research marginals This revised second edition includes updated data on public opinion and voters through the 1996 presidential election

**Democracy in America** Alexis de Tocqueville, 2021-10-14 Democracy in America Alexis de Tocqueville Alexis de Tocqueville 1805-59 came to America in 1831 to see what a great republic was like What struck him most was the country's equality of conditions its democracy The book he wrote on his return to France Democracy in America is both the best ever written on democracy and the best ever written on America It remains the most often quoted book about the United States not only because it has something to interest and please everyone but also because it has something to teach everyone When it was published in 2000 Harvey Mansfield and Delba Winthrop's new translation of Democracy in America only the third since the original two volume work was published in 1835 and 1840 was lauded in all quarters as the finest and most definitive edition of Tocqueville's classic thus far Mansfield and Winthrop have restored the nuances of Tocqueville's language with the expressed goal to convey Tocqueville's thought as he held it rather than to restate it in comparable terms of today The result is a translation with minimal interpretation but with impeccable annotations of unfamiliar references and a masterful introduction placing the work and its author in the broader contexts of political philosophy and statesmanship

**Breaking the Chains: The African Americans Struggles in America** Patricia A. Caple, 2024-01-09 This is about the struggles of the African American people from being captured as slaves their travel to America in the middle passage to the southern plantations thru the civil rights movement to today treatment in the 21st century

*Drug Use in America: Problem in Perspective* United States. Commission on Marihuana and Drug Abuse, 1973

Democracy in America Volume—1 Alexis de Tocqueville, 2024-10-21 Embark on an intellectual journey with Alexis de Tocqueville's insightful exploration Democracy in America Volume 1 Uncover the intricacies of American society as Tocqueville examines the principles and practices that define democracy in the early 19th century As Tocqueville's analysis unfolds he reveals the profound effects of democracy on American life But here's the question that lingers Can the strengths of American democracy coexist with its inherent challenges Delve into Tocqueville's observations on individualism social equality and the balance of freedom and order He scrutinizes how these elements shape the character of American citizens offering a timeless reflection on the nature of democracy itself How do these early insights resonate with the modern American experience This edition provides a rich context for understanding Tocqueville's revolutionary ideas His profound insights continue to challenge our perceptions of democracy making this a crucial read for anyone interested in political philosophy and social theory Are you prepared to confront the dilemmas and aspirations of a democratic society through the eyes of a keen observer in Democracy in America Volume 1 Experience concise engaging passages that illuminate the essence of American democracy Tocqueville's sharp intellect invites readers to critically assess the ideals and realities of democratic governance This is your opportunity to grasp the foundational ideas that continue to shape discussions on democracy today Will you take the first step toward understanding the complexities of freedom and equality Seize the
