John Lydon, 2014-10-09 John Lydon has secured prime position as one of the most recognizable icons in the annals of music history As Johnny Rotten he was the lead singer of the Sex Pistols the world's most notorious band who shot to fame in the mid 1970s with singles such as Anarchy in the UK and God Save the Queen So revolutionary was his influence he was even discussed in the Houses of Parliament under the Traitors and Treasons Act which still carries the death penalty Via his music and invective he spearheaded a generation of young people across the world who were clamouring for change and found it in the style and attitude of this most unlikely figurehead With his next band Public Image Ltd PiL Lydon expressed an equally urgent impulse in his make up the constant need to reinvent himself to keep moving From their beginnings in 1978 he set the groundbreaking template for a band that continues to challenge and thrive in the 2010s He also found time for making innovative new dance records with the likes of Afrika Baambaata and Leftfield Following the release of a solo record in 1997 John took a sabbatical from his music career into other media most memorably his own Rotten TV show for VH1 and as the most outrageous contestant ever on I'm a Celebrity Get Me Out of Here He then fronted the Megabugs series and one off nature documentaries and even turned his hand to a series of much loved TV advertisements for Country Life butter Lydon has remained a compelling and dynamic figure both as a musician and thanks to his outspoken controversial yet always heartfelt and honest statements as a cultural commentator The book a fresh and mature look back on a life full of incident from his beginnings as a sickly child of immigrant Irish parents who grew up in post war London to his present status as a vibrant alternative national hero **Drogon 3: Victims Of The Victorious**

Hells Lefse, 2015-04-27 Sven Ole Asil Einer and their friends are about to embark on one of the most heart rending adventures of their lives They will be joined by their friends Kavan Parkurkarkuss and McCorn in an effort to rescue Kavan's family from the Russian zone of occupied Germany Atrocities committed by the Nazis are well documented Educational institutes and even museums teach the world about the plight and suffering of the Jews and other minorities that were displaced from their homes and businesses tortured and killed during the Nazi regime These well meaning organizations are there to make sure we never forget the holocaust that took place in Hitler's Nazi Germany History and education have told of the suffering and death reeked upon the countries that the Germans overran and occupied After the unconditional surrender of Germany and its occupation by the allied nations the German people would be treated much the same as they had treated the countries that they had defeated For the German survivors would soon be displaced from their homes have their possessions and business taken away from them The basic

needs of life would be allowed only at sustenance levels After Germany surrendered a new virtually unknown holocaust took place From 1945 1950 the allies expelled or forced more than 14 million Germans from their ancestral homes 4 million German citizens were sent away as forced labor most of these went to Russia never to return More than 2 million Germans were killed or lost their lives Over 2 million women from the ages of 9 to 90 were raped Many of them did not survive or were mutilated for life In the winter of 1945 1946 the allies forbid any nation to send food or aid to the starving Germans The allied authorities even rejected requests by the international Red Cross to bring provisions to alleviate the suffering of the German people The most common response to allied atrocities was to say The Germans got what they deserved Many of the things you will read in this story are true and based on facts There are books and resources available on line or at your library for those of you who would like to do further research I hope that the truth be it good or bad will help humanity not to repeat the same mistakes in the future What was left of the German population had become the Victims of the Victorious

Earth's Enemy a Satire on the Present from the Future Barry C. Kent, 2013-05-13 Earth's Enemy is a fiction about future changes in the way humans live In this incredible culture humans have evolved a new technology society and ideology The changes were gradual and keyed to both a major decrease in population and a seemingly impossible alteration of the economy The setting is a century and a half from now and takes place largely in the area formerly called the United States Due to an unfortunate loss of most books and electronic storage devices much of history no longer exists Jack a psychologist has volunteered to explain the new culture to a number of humans from the turn of the 20th century who had undergone cryonics and are now being revived During these sessions Jack discovers many strange things about the past which the people of his time have forgotten Likewise few of the cryons are able to cope with the new culture to which Jack is introducing them In one way or another each of them is disappointed by the paucity of technological inventions Most are outraged or dismayed by the disappearance of so many things which they thought were an essential part of their way of life No more newspapers competitive sports nursing homes new music fossil fuel air travel space programs banks courtrooms prisons money multitudes of religions and only one language are generally unacceptable or incomprehensible to the cryons All of them seem pleased to learn that there is no more war crime poverty bigotry overpopulation or environmental pollution However when they discover the ridiculous changes in economy which have made the new way of life possible most of the cryons are willing to fight for a return to their old way of life
