Millennium Challenge Corporation, the "MCC Effect" Creating Incentives for Policy Reform; Promoting an Environment for Poverty Reduction, Revised November 2008 ,2009

Doing Business 2008 World Bank, 2007-09-26 Regulations affecting 10 areas of everyday business are measured starting a business dealing with licenses employing workers registering property getting credit protecting investors paying taxes trading across borders enforcing contracts and closing a business *Doing Business 2008* updates all 10 sets of indicators ranks countries on their overall ease of doing business and analyzes reforms to business regulation identifying which countries are improving their business environment the most and which ones slipped The indicators are used to analyze economic outcomes and identify what reforms have worked where and why *Doing Business 2008* focuses on how complex business regulations dampen investment growth and job creation in all businesses

and especially opportunities for women entrepreneurs The "MCC" Effect ,2008 **The Law of Interactions Between International Organizations** Henner Gött,2021-02-02 The book analyses how international law addresses interactions between international organizations In labour governance these interactions are ubiquitous They offer each organization an opportunity to promote its model of labour governance yet simultaneously expose it to adverse influence from others The book captures this ambivalence and examines the capacity of international law to mitigate it Based on detailed case studies of mutual influence between the International Labour Organization the World Bank and the Council of Europe the book offers an in depth analysis of the pertinent law and its key challenges both at institutional and inter organizational level The author envisions a law of inter organizational interactions as a normative framework structuring interactions and enhancing the effectiveness and legitimacy of multi institutional governance **Doing Business 2007** ,2006 *Doing Business 2010* World Bank,2009-09-11 The seventh in a series of annual reports investigating the regulations that enhance business activity and those that constrain it Doing Business presents quantitative indicators on business regulations and the protection of property rights that can be compared across 183 economies from Afghanistan to Zimbabwe and over time Regulations affecting 10 stages of a business s life are measured starting a business dealing with construction permits employing workers registering property getting credit protecting investors paying taxes trading across borders enforcing contracts and closing a business Data in Doing Business 2010 are current as of June 1 2009 The indicators are used to analyze economic outcomes and identify what reforms have worked where and why Doing Business in China The World Bank Group,2010-11-01 This key book analyses and describes the current trading and business situation in China through many case studies and data It serves as an invaluable guide to the environment and requirements for successfully doing business in China in major urban areas and elsewhere covering 26 capital cities and 4 centrally administered municipalities **Theatre of the Rule of Law** Stephen Humphreys,2010-11-11 Theatre of the Rule of Law presents a sustained critique of global rule of law promotion an expansive industry at the heart of international development post conflict reconstruction and security policy today While successful in articulating and disseminating an effective global public policy rule of law promotion has largely failed in its stated objectives of raising countries out of poverty and taming violent conflict Furthermore in its execution this work deviates sharply from the rule of law as commonly conceived To explain this Stephen Humphreys draws on the history of the rule of law as a concept examples of legal export during colonial times and a spectrum of contemporary interventions by development agencies and international organisations Rule of law promotion is shown to be a kind of theatre the staging of a morality tale about the good life intended for edification and emulation but blind to its own internal contradictions Doing Business -- An Independent Evaluation World Bank,2008-06-11 This independent evaluation of the Doing Business Indicators assesses the methods and processes used to construct the indicators their relevance to development outcomes and their usefulness to policy makers and other stakeholders It makes recommendations for improving the collection and presentation

of data and for greater clarity in communicating what the indicators can and cannot capture Corporate Governance and Financial Reform in China's Transition Economy Jing Leng, 2009-06-01 The world economy is facing unprecedented challenges brought by the still unfolding global financial crisis At this critical juncture in history China's economic performance and financial stability are closely watched across the world The current global economic downturn and the rigidities it poses on the growth prospects of any individual economy are a testing ground for the effects of China's corporate governance reform and financial reform that have been taking place in recent years It is now a proper time to assess whether these reforms have yielded meaningful results which can help China withstand and navigate through the most severe economic difficulties of our times This book provides a comprehensive and up to date review and critique of corporate governance reforms and related financial reforms in China during the country's transition to a market economy involving its enterprise banking and capital markets sectors China's participation in economic globalization symbolized by its accession to the World Trade Organization is taken as a broad background to the country's domestic reform agenda By exploring the dynamics of China's evolving corporate governance regime this book presents an important country study of corporate governance reforms in developing and post communist transition economies to show the possibility of alternative paths to the market

Independent Evaluation of IFC's Development Results 2007, 2007-01-01 As part of the World Bank Group IFC's overriding objective is to help reduce poverty and support sustainable development in developing countries IFC pursues this mission by supporting the private sector to create jobs and simulate markets This report which assesses the impact of IFC toward that mission appears at a time of unprecedented levels of private investment in the emerging markets The report takes a look back at the development results that the IFC supported projects have achieved in the last 10 years the main lessons that have emerged at the project level and the strategic implications for IFC going forward in the context of rapid organizational growth Going forward the report highlights major challenges IFC faces to achieving overall development effectiveness

The Politics of Global Competitiveness Paul Cammack,2022 Marx predicted in Capital 1867 that as capitalism became global patterns of work would be transformed and workers would need to develop versatility flexibility and mobility This general law of social production as he called it is now in evidence all around us in global value chains zero hours contracts and contract work organised through digital platforms It results from competition between capitalists scientific and technological revolutions in production and incessant advances in the division of labour as production processes are broken down into ever smaller steps This book documents the leading roles of the Paris based Organisation for Economic Cooperation and Development and the Washington based World Bank as advocates of these developments They do not as generally supposed simply represent the interests of the advanced economies or the West and their transnational corporations They promote a single global model of capitalist development without limits and on a genuinely global scale It calls upon all states to adjust continually to the structural and social demands of competitiveness which they see as essential to the global hegemony of capital over labour The OECD and the World Bank propose policies that give girls and women equal access to education and paid work reform welfare to make work pay introduce flexible labour contracts that make hiring and firing easier focus education on skills that boost employability and draw workers in the developing world from the informal sector into the formal sector where they can be more productive This is the politics of global competitiveness

Gender Dimensions of Investment Climate Reform Sevi Simavi,Clare Manuel,Mark Blackden,2010-01-06 The economic empowerment of women is increasingly seen as one of the most important forces behind economic growth and the fight against poverty Indeed women s economic participation in an economy as entrepreneurs employees and leaders is recognized as a measure of a country s dynamism and viability Gender Dimensions of Investment Climate Reform provides fresh solutions to common issues that women entrepreneurs face It presents actionable replicable and scalable tools for promoting gender sensitive investment climate reforms that would benefit both women and men The book enables development practitioners and policy makers who are not gender specialists to diagnose gender issues in an investment climate design creative and practical solutions and recommendations for addressing gender constraints and monitor and evaluate the implementation of those recommendations

Post-Stabilization Economics in Sub-Saharan Africa Mr.Shanaka J. Peiris,Mr.Jean A. P. Clément,2008-05-01 Mozambique is an economic success story in sub Saharan Africa SSA

Its remarkable achievements offer valuable lessons to other low income countries in a post stabilization economic phase including how they can efficiently manage a scaling up of foreign aid aimed at poverty reduction Of special interest to other sub Saharan countries are the book s discussions of Mozambique s progress toward consolidating macroeconomic and financial stability and the challenges it faces in ensuring long term sustainability creating a virtuous cycle of natural resource use and implementing second generation structural reforms to sustain its growth This book also provides a summary of the most recent research on issues related to post stabilization economics in SSA
