

The background of the book cover is a photograph of a garden scene. In the center, there is a large, flat, light-colored rock resting on a bed of brown mulch. To the right of the rock, there is a dense patch of purple flowers, likely lavender. To the left, there are tall, green grasses or reeds. The entire scene is overlaid with a pattern of vertical green lines, resembling prison bars, which run from the top to the bottom of the cover.

Public Garden Management: a Global Perspective Bijan Dehgan, 2014-04-16 Public Gardens Management A Global Perspective provides essential information about public gardens and what is involved in designing managing and maintaining one Although suitable as a textbook its audience will include anyone with direct or peripheral responsibility for administration or supervision of a complex organization that requires scientific knowledge as well as public relations and business acumen It may also prove useful for homeowners for there is no fundamental difference between growing plants in a public garden or a home garden a fact reflected in the extensive reference citations The topic is multidisciplinary and as old as the beginning of human civilization when the concept of mental and physical restoration was realized by early man while he she was in a natural but well ordered garden environment Thus began the art of garden making Many volumes have been written on every applicable subject discussed in this and similar publications Indeed the voluminous literature on history design horticulture and numerous related subjects is nothing short of overwhelming Accordingly anyone involved in management of public gardens whether as a director or area supervisor and irrespective of the type and size of such facility would have to have familiarity with various aspects of garden organization and administration However despite the enormous number and diversity of such publications there are very few books that deal with the multiplicity of the topics in such a manner as to be practical in approach and cover most relevant and unified issues in a single book These volumes provide the essential background information on plants animals management maintenance fundraising and finances as well as history art design education and conservation They also cover a host of interrelated subjects and responsible organization of such activities as creating a childrens garden horticultural therapy conservatories zoological gardens and parks hence administration of multidimensional public gardens Nearly 500 full color plates representing illustrations from gardens in more than 30

countries are provided to assist and guide students and other interested individuals with history and the fundamental issues of public garden management. The 15 chapters begin with the need for public gardens, types of public gardens, historical backgrounds, as well as design diversity. Numerous quotations are included from many garden lovers, landscape architects, philosophers, and others. The authors' primary aim in writing this book was based on the confidence that a relevant reference between the encyclopedic nature of some and the specific subject matter of others could be used to provide fundamental information for management of public as well as private gardens. The boundary between botanical and zoological gardens and parks is no longer as distinct as it once was. In part it is because a garden is not a garden without plants, and in part it has become apparent that for all practical intents and purposes all animals need plants for their survival. Visitors of zoological gardens expect to see more than just animals; zoos are landscaped grounds. Moreover, most communities find it financially difficult to simultaneously operate a botanical garden or an arboretum as well as a zoological garden and city parks. A number of public gardens are currently referred to as botanical and zoological gardens. Population density and the public's desires and expectations, as well as financial requirements, are among the reasons for some major city parks such as Golden Gate in San Francisco, Central Park in New York City, and Lincoln Park in Chicago, which integrate botanical or zoological divisions as well as museums and recreational facilities. While this book attempts to provide basic principles involved in public garden management, it does not claim to be a substitute for broader familiarity.

Horticultural Therapy Methods

Rebecca L. Haller, Christine L. Capra, 2016-12-19 Horticultural therapy has evolved from its use only by volunteer gardeners to become a recognized and respected therapeutic modality conducted by trained registered professionals. Horticultural Therapy Methods is the first textbook to describe the processes and techniques used to provide horticultural therapy interventions and the rationale for their use. This book presents types of programs, settings, and goals in horticultural therapy. It outlines treatment planning, development of sessions to meet treatment objectives, motivation, and behavior management techniques, documentation guidelines, practical approaches for wellness, and resources for activity ideas. New to this Edition: Various useful examples of horticultural therapy in practice and strategically placed tips and resources. Additions to appendix on horticultural therapy treatment strategies. New chapter on session planning. Thirty-seven photographs demonstrating horticultural therapy in practice. Additional HT Practice examples and tips. The book is used as a reference and a guide for students, educators, and those conducting horticultural therapy or therapeutic horticulture to guide them in constructing effective treatment programs. Health care and human service professionals use the reference in the therapy treatment and education of inmates, residents, patients, trainees, students, and other participants.

Greening in the Red Zone

Keith G. Tidball, Marianne E. Krasny, 2013-07-22 Creation and access to green spaces promotes individual human health, especially in therapeutic contexts among those suffering traumatic events. But what of the role of access to green space and the act of creating and caring for such places in promoting social health and well-being? Greening in the Red Zone asserts that creation

and access to green spaces confers resilience and recovery in systems disrupted by violent conflict or disaster This edited volume provides evidence for this assertion through cases and examples The contributors to this volume use a variety of research and policy frameworks to explore how creation and access to green spaces in extreme situations might contribute to resistance recovery and resilience of social ecological systems *Special Issue* Austin Sarat, 2014-05-16 In *The Beautiful Prison* incarcerated Americans and prison critics seek to imagine the prison as something better than a machinery of suffering From personal testimony to theoretical meditation these writers explore and confront the practical and cultural limits the prison places on its transformation into a socially constructive institution **STEM Education in US Prisons**, 2024-03-18 Renewal of higher education programs in US prisons creates a need for science education This is the first book to address STEM education in prisons in the United States It calls on activist science teachers to develop innovative ways to teach in challenging carceral settings Over the last fifty years science education and prison education have moved in different directions one expanding and the other contracting This book brings these educational endeavors into cooperative engagement Democratic citizenship opens opportunities for all people irrespective of civil status to study science The book presents student narratives and case studies emphasizing the achievements of STEM education behind prison walls STEM education equity can help address the deep social inequities that mass incarceration creates and magnifies Contributors are Cassandra Barrett Andrew Bell George Bogner Adrian Borealis Drew Bush Kelli Bush Sandy Chang Kelle Dhein Amalia Handler Steven Hart Steven Henderson Tiffany Hensley McBain Paul Kazelis Joe Lockard Edward Mei Tsafrir Mor Rob Scott Laura Taylor Joslyn Rose Trivett and Emily Webb **Prison Food in America** Erika Camplin, 2016-12-08 America seems presently fascinated by prison culture and the inner workings of what happens behind closed doors With TV shows creating binge watchers of us all and celebrities piquing public interest as they end up behind bars Americans seem to enjoy a good gawk at prison life Each year more than 13 million visitors still trek out to Alcatraz Island one of the most famous prisons in the world And why shouldn't they be curious about prison We as a nation currently incarcerate more people per capita than any other country and our prisons are notoriously rough violent and overcrowded At the same time we love our food take pictures of it post it socially and discuss our foodie favorites Rarely do we consider the food experiences of those for whom sustenance is more difficult to obtain particularly those incarcerated where choice and access is severely limited Prison food is often everything to prisoners It is the only marker of time throughout the day Food becomes commerce in the microeconomies behind prison walls It is often the only source of pleasure in a monotonous routine It creates sites of community when prisoners ban together to create recipes but also becomes a site of discord when issues surrounding fairness and equity arise in the chow hall *Prison Food in America* offers a high level snapshot of the fare offered behind bars its general guidelines and regulations fascinating stories about prisoners and food and the remarkable and varied ways food plays a role in the fabric of prison culture *When Did the Statue of Liberty Turn Green?* Jean Ashton, Nina Nazionale, 2010

The Handbook on Prisons and Jails brings together some of the brightest scholars and thinkers in the field to offer a wide range of perspectives for understanding the experiences of persons incarcerated or working volunteering within carceral institutions The assembled chapters consider what is known in the area while identifying emerging areas for theoretical empirical and policy work The volume includes contributions on numerous topics and areas related to penal control containment living and or working in carceral institutions and addresses methodological considerations for doing research with individuals incarcerated in jail or prison This collection is essential reading for scholars and students seeking an up to date guide to contemporary issues facing corrections and sentencing It also provides practitioners with valuable resources for developing socially informed policies and practices *Working With Offenders* Rob White, Hannah Graham, 2013-05-24

This book provides a theoretically informed guide to the practice of working with offenders in different settings and for different purposes It deals with topics such as offender rehabilitation case management worker offender relationships working with difficult clients and situations collaboration addressing complex needs and processes of integration The book offers a unique perspective on working with offenders in that it incorporates three key elements As part of the latter it provides different types of data including descriptions of programs and selected statistics from each jurisdiction and presents this information in easy to read formats The chapters are structured around a dual focus of workers and their environments on the one hand and the nature of the offenders with whom they work on the other The condition and situation of workers is thus considered in the context of the condition and situation of offenders and the relationship between the two The book is intended to be relevant and familiar to those already working in the field as well as to introduce contemporary principles and practices to those wishing to do so in the future Each chapter concludes with two key features The first Further Reading is oriented toward concepts and the why questions of practice The second Key Resources alerts readers to appropriate manuals and handbooks and the how questions of practice This includes reference to evidence based examples of good practice and specific intervention models *Food Systems in Correctional Settings* Smoyer A.B., Kjaer Minke L., Linda Kjær

Minke, 2016-01-21 Food is a central component of life in correctional institutions and plays a critical role in the physical and mental health of incarcerated people and the construction of prisoners identities and relationships An understanding of the role of food in correctional settings and effective management of food systems may improve outcomes for incarcerated people and help correctional administrators to maximize the health and safety of individuals in these institutions This report summarizes existing research about food systems in correctional settings and provides examples of food programmes in prison and remand facilities including a case study of food related innovation in the Danish correctional system Specific conclusions are offered for policy makers administrators of correctional institutions and prison food services professionals and ideas for future research are proposed **Finding Solace in the Soil** Bonnie J. Clark, 2020-12-07 Finding Solace in the

Soil tells the largely unknown story of the gardens of Amache the War Relocation Authority incarceration camp in Colorado. Combining physical evidence with oral histories and archival data and enriched by the personal photographs and memories of former Amache incarcerated the book describes how gardeners cultivated community in confinement. Before incarceration many at Amache had been farmers gardeners or nursery workers. Between 1942 and 1945 they applied their horticultural expertise to the difficult high plains landscape of southeastern Colorado. At Amache they worked to form microclimates reduce blowing sand grow better food and achieve stability and preserve community at a time of dehumanizing dispossession. In this book archaeologist Bonnie J Clark examines botanical data like seeds garden related artifacts and other material evidence found at Amache as well as oral histories from survivors and archival data including personal letters and government records to recount how the prisoners of Amache transformed the harsh military setting of the camp into something resembling a town. She discusses the varieties of gardens found at the site their place within Japanese and Japanese American horticultural traditions and innovations brought about by the creative use of limited camp resources. The gardens were regarded by the incarcerated as a gift to themselves and to each other. And they were also it turns out a gift to the future as repositories of generational knowledge where a philosophical stance toward nature was made manifest through innovation and horticultural skill. Framing the gardens and gardeners of Amache within the larger context of the incarceration of Japanese Americans and of recent scholarship on displacement and confinement. *Finding Solace in the Soil* will be of interest to gardeners historical archaeologists landscape archaeologists cultural anthropologists and scholars of Japanese American history and horticultural history.

Asphalt to Ecosystems Sharon Gamson Danks, 2010-11-01. Case Studies from North America Scandinavia Japan and Great Britain demonstrate natural outdoor teaching environment that support hands on learning in science math language and art in ways that nurture healthy imagination and socialization. *Asphalt to Ecosystems* is a compelling color guidebook for designing and building natural schoolyard environments that enhance childhood learning and play experiences while providing connection with the natural world. With this book Danks broadens our notion of what a well designed schoolyard should be taking readers on a journey from traditional ordinary grassy fields and asphalt to explore the vibrant and growing movement to green school grounds in the United States and around the world. This book documents exciting green schoolyard examples from almost 150 schools in 11 countries illustrating that a great many things are possible on school grounds when they are envisioned as outdoor classrooms for hands on learning and play. The book's 500 vivid color photographs showcase some of the world's most innovative green schoolyards including edible gardens with fruit trees vegetables chickens honey bees and outdoor cooking facilities wildlife habitats with prairie grasses and ponds or forest and desert ecosystems schoolyard watershed models rainwater catchment systems and waste water treatment wetlands renewable energy systems that power landscape features or the whole school waste as a resource projects that give new life to old materials in beautiful ways. K-12 curriculum connections for a wide

range of disciplines from science and math to art and social studies creative play opportunities that diversify school ground recreational options and encourage children to run hop skip jump balance slide and twirl as well as explore the natural world first hand The book grounds these examples in a practical framework that illustrates simple landscape design choices that all schools can use to make their schoolyards more comfortable enjoyable and beautiful and describes a participatory design process that schools can use to engage their school communities in transforming their own asphalt into ecosystems

Arts for Change Beverly Naidus, 2009-04-01 Arts for Change presents strategies and theory for teaching socially engaged art with an historical and contemporary overview of the field The book features interviews with over thirty maverick artists faculty from colleges and universities in the United States Canada and Great Britain whose pedagogy is drawn from and informs activist arts practice The issues these teaching artists address are provocative and diverse Some came to this work through personal healing from injustice and trauma or by witnessing oppressions that became intolerable Many have taught for decades deeply influenced by social movements of the 1960s and 1970s yet because the work is controversial tenured positions are rare

Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. Doing Time In The Garden Life Lessons Through Prison Horticulture : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Doing Time In The Garden Life Lessons Through Prison Horticulture : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
