Dolphin Days Kenneth Stafford Norris,1993 **The Hawaiian Spinner Dolphin** Kenneth S. Norris,Bernd Wursig,Randall S. Wells,Melany Wursig,1994-08-30 Twenty years in the making by a distinguished dolphin expert and his associates The Hawaiian Spinner Dolphin is the first comprehensive scientific natural history of a dolphin species ever written From their research camp at Kealakeakua Bay in Hawaii these scientists followed a population of wild spinner dolphins by radiotracking their movements and with the use of a windowed underwater vessel observing the details of their underwater social life The authors begin with a description of the spinner dolphin species its morphology and systematics and then examine the ocean environment the organization of dolphin populations and the way this school based society of mammals uses shorelines for rest and instruction of the young The dolphins reproductive cycle their vision vocalization hearing breathing and feeding and the integration of the school are carefully analyzed The authors conclude with a comprehensive evolutionary analysis of this marine cultural system with its behavioral flexibility and high levels of cooperation This absorbing book is the richest source available of new scientific insights about the lives of wild dolphins and how their societies evolved at sea *Dolphin Diaries* Denise L. Herzing,2011-07-05 Dr Denise Herzing began her research with a pod of spotted dolphins in the 1980s Now almost three decades later she has forged strong ties with many of these individuals has witnessed and recorded them feeding playing fighting mating giving birth and communicating *Dolphin Diaries* is an account of Herzing s research and her surprising findings on wild dolphin behavior interaction and communication Readers will be drawn into the highs and lows the births and deaths the discovery of unique and personalized behaviors the threats dolphins face from environmental changes and the many funny and wonderful encounters Denise painstakingly documented over many years This is the perfect book for anyone who loves these incredibly versatile and intelligent creatures and wants to find out more than the dolphin show at the zoo can offer Herzing is a true pioneer in her field and deserves a place in the pantheon of naturalists and scientists next to Dian Fossey and Jane Goodall *Dolphin Chronicles* Carol J. Howard,2009-09-16 For everyone fascinated with the possibilities of human animal communications scientist Carol Howard provides an intimate moving account of one woman s attempt to unravel the mysteries of the dolphin one of the sea s most fascinating and enigmatic creatures **The Palgrave Handbook of Practical Animal Ethics** Andrew Linzey,Clair Linzey,2018-06-26 This handbook provides an in depth examination of the practical and theoretical issues within the emerging field of animal ethics Leading experts from around the globe offer insights into cutting edge topics as diverse as killing for food religious slaughter animal companions aquariums genetic manipulation hunting for sport and bullfighting Including contributions from Lisa Johnson on the themes of human dominance Thomas White on the ethics of captivity Mark Bernstein on the ethics of killing and Kay Peggs on the causation of suffering this handbook offers an authoritative reference work for contemporary applied animal ethics Progressive in approach the authors explore the challenges that animal ethics

poses both conceptually and practically to traditional understandings of human animal relations Key Features Structured in four parts to examine the ethics of control the ethics of captivity the ethics of killing and the ethics of causing suffering Interdisciplinary approach including philosophical historical scientific legal anthropological religious psychological and sociological perspectives Focussed treatment of practical issues such as animals in farming zoos and animal experimentation The Palgrave Handbook of Practical Animal Ethics is an essential resource for those with an interest in the ethics of modern day treatment of animals as well as scholars researchers and advanced students in zoology philosophy anthropology religious studies and sociology *Dolphins* Susan Casey,2018 A thrilling journey into the spiritual scientific and sometimes threatened world of dolphins Includes an 8 page photo insert explores the extraordinary world of dolphins in an interesting and accessible format that engages as well as entertains

When Elephants Weep Jeffrey Moussaieff Masson,2009-10-21

This national bestseller exploring the complex emotional lives of animals was hailed as a masterpiece by Elizabeth Marshall Thomas and as marvelous by Jane Goodall The popularity of When Elephants Weep has swept the nation as author Jeffrey Masson appeared on Dateline NBC Good Morning America and was profiled in People for his ground breaking and fascinating study Not since Darwin s The Expression of Emotions in Man and Animals has a book so thoroughly and effectively explored the full range of emotions that exist throughout the animal kingdom From dancing squirrels to bashful gorillas to spiteful killer whales Masson and coauthor Susan McCarthy bring forth fascinating anecdotes and illuminating insights that offer powerful proof of the existence of animal emotion Chapters on love joy anger fear shame compassion and loneliness are framed by a provocative re evaluation of how we treat animals from hunting and eating them to scientific experimentation Forming a complete and compelling picture of the inner lives of animals When Elephants Weep assures that we will never look at animals in the same way again

Our Dolphin Ancestors Frank Joseph,2016-03-17 Reveals the shared

ancestry behind our affinity with dolphins and our shared destiny Explains how we are both descendants of the aquatic ape and still share many physiological features with dolphins that set us apart from other primates Explores dolphins communication with other species and how dolphin therapy has miraculous effects on people with autism cancer stroke and depression Explores the connections between dolphins and Atlantis and Lemuria Wild animals avoid contact with humans but wild dolphins seek us out to play and socialize even going so far as to voluntarily rescue people from drowning What explains this remarkable natural affinity Revealing the evolutionary basis for our special relationship with dolphins Frank Joseph explains how we are both descendants of the same ancient branch of humanity Building upon the aquatic ape theory he details how we both began on land but devastating floods forced our distant ancestors into the seas where humanity developed many of the traits that set us apart from other primates such as our instinctive diving reflex and our newborns ability to swim But while some of the aquatic apes returned to land later evolving into modern humans some remained in the cradle of Mother Ocean and became our dolphin cousins Integrating scientific research on dolphin intelligence

communication and physiology with enduring myths from some of the world's oldest cultures such as the Aborigines Norse Greeks and Celts the author examines our physical commonalities with dolphins including their vestigial thumbs and legs birth processes and body temperature He explores dolphins uncanny ability to diagnose disease such as cancer in humans and how dolphin therapy has had miraculous effects on children with autism victims of stroke and those suffering from depression He provides evidence for dolphins different attitudes toward men women and children their natural affinity with cats and dogs and their telepathic communication with other species including ours He explores dolphins mysterious role in the birth of early civilization and their connections with the Dog Star Sirius and Atlantis and Lemuria a bond still commemorated by annual gatherings of millions of dolphins As Frank Joseph shows if we can learn to fully communicate with dolphins accessing their millennia old oral tradition we may learn the truth about humanity's origins and our shared future when humankind may yet again quit the land for a final return to the sea *Dolphins and the Tuna Industry* National Research Council, Division on Earth and Life Studies, Commission on Life Sciences, Board on Environmental Studies and Toxicology, Board on Biology, Committee on Reducing Porpoise Mortality from Tuna Fishing, 1992-02-01 This book presents key conclusions about the controversial killing of thousands of dolphins each year during tuna fishing in the eastern tropical Pacific Dolphins drown in nets that are set to catch yellowfin tuna which tend to swim beneath dolphin herds After 20 years of intense debate among environmentalists the tuna industry and policymakers this fatal by product of tuna fishing remains a high profile public issue *Dolphins and the Tuna Industry* provides a neutral examination of the scientific and technical questions at the core of the problem Recommendations for solutions are offered in two areas developing new techniques that promise to reduce dolphin mortality with the existing purse seine method of tuna fishing and developing entirely new methods of finding tuna that are not swimming with dolphins *Dolphins and the Tuna Industry* provides a comprehensive highly readable overview of the dolphin tuna controversy useful to experts and newcomers to the issue It explores the processes of tuna fishing and dolphin mortality the status of the tuna industry and the significant progress made in reducing dolphin mortality through modifications in fishing practice The volume includes An overview of U.S. laws and policies relating to tuna and dolphins An illustrated look at how tuna fishing crews use their equipment focusing on the purse seine which is the method most economical to the industry but most deadly to the dolphins An overview of what is known about tuna and dolphin populations and the remarkable bond between them A step by step description of the fishing process and efforts to let dolphins escape from the nets An analysis of possible approaches to reducing dolphin kill including more stringent regulatory approaches and incentives for the tuna industry This book will be indispensable to environmental and animal protection groups tuna fishing crews and processors companies that market tuna products policymakers regulators and concerned individuals *Voices in the Ocean* Susan Casey, 2015-08-04 NEW YORK TIMES BESTSELLER Inspired by a profound experience swimming with wild dolphins off the coast of Maui the bestselling author of *The Wave* set out on a quest

to learn everything she could about dolphins the other intelligent life on the planet Part science part memoir part impassioned plea for change People Susan Casey's journey takes her from a community in Hawaii known as Dolphinville where the animals are seen as the key to spiritual enlightenment to the dark side of the human cetacean relationship at marine parks and dolphin hunting grounds in Japan and the Solomon Islands to the island of Crete where the Minoan civilization lived in harmony with dolphins providing a millennia old example of a more enlightened coexistence with the natural world Along the way Casey recounts the history of dolphin research and introduces us to the leading marine scientists and activists who have made it their life's work to increase humans' understanding and appreciation of the wonder of dolphins *In Defense of Dolphins* Thomas I. White, 2009-05-18 Have humans been sharing the planet with other intelligent life for millions of years without realizing it? *In Defense of Dolphins* combines accessible science and philosophy surveying the latest research on dolphin intelligence and social behavior to advocate for their ethical treatment. Encourages a reassessment of the human-dolphin relationship, arguing for an end to the inhuman treatment of dolphins. Written by an expert philosopher with almost twenty years of experience studying dolphins. Combines up-to-date research supporting the sophisticated cognitive and emotional capacities of dolphins with entertaining first-hand accounts. Looks at the serious questions of intelligent life, ethical treatment, and moral obligation. Engaging and thought-provoking. *Military Training Activities at Mākua Military Reservation, Hawai'i*, 2005 *Animal Studies* Paul Waldau, 2013-03-28 The field requires both learning and unlearning to develop forms of critical thinking that are scientifically informed and ethically sensitive.

Biodiversity of Sensory Systems in Aquatic Vertebrates Wayne Iwan Lee Davies, Shaun Collin, 2020-08-27 *Sex in Cetaceans* Bernd Würsig, Dara N. Orbach, 2023-09-25 *Sex in Cetaceans* provides an up-to-date review of multi-faceted aspects related to mating and reproduction in toothed and baleen whales. This open-access book begins with discussions of sexual selection and anatomical traits related to mating and diversity between the sexes. The functions of non-conceptive copulations are reviewed, as are different research techniques applied to explore sex in cetaceans. Authors and editors build knowledge of female and male social mating and parental strategies and tactics for several specific toothed dolphin, porpoise, whale species and baleen whale species. It concludes with a discussion of potential conservation efforts and ways to help especially beleaguered species and populations the world over. The volume is intended as a major primer of cetacean sex for undergraduate and graduate students, new and established researchers in the field, and the public wishing to learn more.

Kenneth S. Norris Kenneth Stafford Norris, 2010 Kenneth Norris was an historian in the tradition of Aldo Leopold. He was the father of American marine mammalogy and discovered much of what we know about the social life of dolphins and whales. This title includes an oral history with Norris as well as his collection of research interests in desert biology, herpetology, and marine mammalogy. *Mountain Time* Kenneth Stafford Norris, 2010 Scientist, teacher, author, and champion of the natural world. Dr. Kenneth S. Norris reveals the insights gained over a lifetime devoted to learning and

teaching about the natural world and human nature and the global environmental crisis we've helped to bring upon ourselves

Spectacular Nature Susan G. Davis, 2023-09-01 This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds the park represents a careful coordination of shows dioramas rides and concessions built around the theme of ocean life Susan Davis analyzes the Sea World experience and the forces that produce it the theme park industry Southern California tourism the privatization of urban space and the increasing integration of advertising entertainment and education The result is an engaging exploration of the role played by images of nature and animals in contemporary commercial culture and a precise account of how Sea World and its parent corporation Anheuser Busch succeed Davis argues that Sea World builds its vision of nature around customers' worries and concerns about the environment family relations and education While Davis shows the many ways that Sea World monitors its audience and manipulates animals and landscapes to manufacture pleasure she also explains the contradictions facing the enterprise in its campaign for a positive public identity Shifting popular attitudes animal rights activists and environmental laws all pose practical and public relations challenges to the theme park Davis confronts the park's vast operations with impressive insight and originality revealing Sea World as both an industrial product and a phenomenon typical of contemporary American culture Spectacular Nature opens an intriguing field of inquiry the role of commercial entertainment in shaping public understandings of the environment and environmental problems This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds

The Cultural Lives of Whales and Dolphins Hal Whitehead, Luke Rendell, 2022-12-22 An astonishing unconstrained exploration of the nature and practice of cetacean culture a revolutionary book Philip Hoare author of The Whale In the songs and bubble feeding of humpback whales in young killer whales learning to knock a seal from an ice floe in the same way their mother does and in the use of sea sponges by the dolphins of Shark Bay Australia to protect their beaks while foraging for fish we find clear examples of the transmission of information among cetaceans Just as human cultures pass on languages and turns of phrase tastes in food and in how it is acquired and modes of dress could whales and dolphins have developed a culture of their very own Unequivocally yes In The Cultural Lives of Whales and Dolphins cetacean biologists Hal Whitehead who has spent much of his life on the ocean trying to understand whales and Luke Rendell whose research focuses on the evolution of social learning open an astounding porthole onto the fascinating culture beneath the waves As Whitehead and Rendell show cetacean culture and its transmission are shaped by a blend of adaptations innate sociality and the unique environment in which whales and dolphins live Drawing on their own research as well as a scientific literature as immense as the sea including evolutionary biology animal behavior ecology anthropology psychology and neuroscience Whitehead and Rendell dive into

realms both humbling and enlightening as they seek to define what cetacean culture is why it exists and what it means for the future of whales and dolphins And ultimately what it means for our future as well **The Dolphins of Hilton Head**
