Domenica Del Corriere:

50 anni di storia della televisione attraverso la stampa settimanale Massimo Emanuelli, 2004 **La domenica del Corriere supplemento illustrato del Corriere della sera**, 1923 **Alla fiera dei mostri** Fabrizio Foni, 2007 *Dal sogno degli alchimisti agli incubi di Frankenstein. La scienza e il suo immaginario nei mass media* Andrea Candela, 2013-10-04T00:00:00+02:00 244 1 58 **Memories and Silences Haunted by Fascism** Daniela Baratieri, 2010

Fascist and colonial legacies have been determinant in shaping how Italian colonialism has been narrated in Italy till the late 1960s This book deals with the complex problem of public memory and discursive amnesia The detailed research that underpins this book makes it no longer possible to claim that after 1945 there was an absolute and traumatic silence concerning Italy's colonial occupation of North and East Africa However the abiding public use of this history confirms the existence of an extremely selective and codified memory of that past The author shows that colonial discourse persisted in historiography newspapers newsreels and film Popular culture appears intertwined with political and economic interests and the power inscribed in elite and scientific knowledge While readdressing the often mistaken historical time line that ignores that actual Italian colonial ties did not end with the fall of Fascism but in 1960 with Somalia becoming independent this book suggests that a new post Fascist Italian identity was the crucial issue in reappraisals of a national colonial past *Greenly's Guide to the Foreign Press* Lewis Saul Benjamin, 1924 **Italy in the Second Half of the 19th Century: Bridging New Cultures** Francesca Cadel, Paola Natri, 2024-01-24 A period of turmoil uncertainty and fears the second half of the nineteenth century in Italy is also characterized by resilience creativity courageous discussions on the emancipation of women and a variety of cultural products that are instrumental for the birth of a new and modern culture that will lead to the achievements of the twentieth century Contributing to and expanding on recent scholarships on Italian literature of the nineteenth century the book presents a series of literary interdisciplinary and intercultural case studies These case studies explore the social and cultural dimensions of the period investigating the historical literary artistic cultural and social events of the time while probing their significance and relevance in bridging new Italian cultures **Representations of Female Identity in Italy** Silvia Giovanardi Byer, Fabiana Cecchini, 2017-05-11 This volume explores a variety of iconic female characters in Italian literature art and film who depict distinct representatives of female identity within this national culture The contributors here apply various methodologies to characterize the evolution of women's identity and their representation in such expressive modalities drawing from literature film drama history the humanities media and cultural studies Cross genre cross cultural and cross national explorations are also utilised here in order to underline the multifaceted ways in which de facto female characterization occurred *America in Italian Culture* Guido Bonsaver, 2024-02-10 When Italy unified in 1861 America was emerging as a world power and advances in communication allowed Italians a view of American life to which they could aspire America in Italian Culture traces this huge cultural shift looking at how US fiction comics music and film came to

dominate Italian culture even as the countries went to war **Merz Telescopes** Ileana Chinnici, 2017-03-30 This book comprises a fascinating collection of contributions on the Merz telescopes in Italy that collectively offer the first survey on historical large refracting telescopes in the country drawing on original documents and photographs It opens with a general introduction on the importance of Merz telescopes in the history of astronomy and analyses of the local and international contexts in which the telescopes were made After examination of an example of the interaction between the maker and the astronomer in the construction and maintenance of these refractors the history of the Merz telescopes at the main Italian observatories in the nineteenth century is described in detail Expert testimony is also provided on how these telescopes were successfully used until the second half of the twentieth century for research purposes thus proving their excellent optical qualities *Italy and the Military* Mattia Roveri, 2020-12-22 This book sheds new light on the role of the military in Italian society and culture during war and peacetime by bringing together a whole host of contributors across the interdisciplinary spectrum of Italian Studies Divided into five thematic units this volume examines the continuous and multifaceted impact of the military on modern and contemporary Italy The Italian context offers a particularly fertile ground for studying the cultural impact of the military because the institution was used not only for defensive offensive purposes but also to unify the country and to spread ideas of socio cultural and technological development across its diverse population **Feeding Fascism** Diana Garvin, 2022 Introduction Tabletop Politics Toward an Autarchic Italy Agricultural Labour and the Fight for Taste Raising Children on the Factory Line Recipes for Exceptional Times Model Fascist Kitchens Conclusion From Feeding Fascism to Eating Mussolini **Italian Crime Fiction Revisited** Stefano Serafini, 2025-01-30 This book offers the first extensive investigation of Italian crime fiction in the period between 1861 the year of Italy's unification and 1941 when the famous Mondadori series I libri gialli which had published crime novels since 1929 was suppressed by the fascist regime By exploring the formal and thematic metamorphoses of Italian crime narratives and probing the different socio political roles that they played in both the liberal and fascist periods it provides a radical re conceptualization in both historical and theoretical terms of a form of fiction that has been largely marginalized for both aesthetic and ideological reasons uncovering how it was implicated in the construction of the modern state and in the articulation and shaping of the process of making Italians *Annuario della stampa italiana*, 1926 **Archaeology of the Unconscious** Alessandra Aloisi, Fabio Camilletti, 2019-07-10 In reconstructing the birth and development of the notion of unconscious historians of ideas have heavily relied on the Freudian concept of Unbewussten retroactively projecting the psychoanalytic unconscious over a constellation of diverse cultural experiences taking place in the eighteenth and nineteenth centuries between France and Germany Archaeology of the Unconscious aims to challenge this perspective by adopting an unusual and thought provoking viewpoint as the one offered by the Italian case from the 1770s to the immediate aftermath of WWI when Italo Svevo's *La coscienza di Zeno* provides Italy with the first example of a psychoanalytic novel Italy's vibrant culture of the long nineteenth

century characterised by the sedimentation circulation intersection and synergy of different cultural philosophical and literary traditions proves itself to be a privileged object of inquiry for an archaeological study of the unconscious a study whose object is not the alleged origin of a pre made theoretical construct but rather the stratifications by which that specific construct was assembled In line with Michel Foucault s Arch ologie du savoir 1969 this volume will analyze the formation and the circulation across different authors and texts of a network of ideas and discourses on interconnected themes including dreams memory recollection desire imagination fantasy madness creativity inspiration magnetism and somnambulism Alongside questioning pre given narratives of the history of the unconscious this book will employ the Italian difference as a powerful perspective from whence to address the undeveloped potentialities of the pre Freudian unconscious beyond uniquely psychoanalytical viewpoints *Italians in West Virginia* Victor A. Basile, Judy Prozzillo Byers, 2011 Images of America Italians in West Virginia offers a new understanding of how immigrant laborers and their communities shaped the state s regional history Shortly after its secession from Virginia West Virginia appointed an immigration officer to handle the wave of antebellum immigrant laborers entering the state to work in agriculture forestry railway construction and the coal industries In 1910 there were 13 286 Italians in West Virginia in 1920 there were 14 167 This volume has over 200 photographs that have been collected from West Virginia archival collections and Italian families illustrating aspects of the immigrant experience The photographs highlight the regional origins of the Italians their work communities leisure ethnicity family life and religion **Geniuses, Heroes, and Saints** Massimiano Bucchi, 2025-05-13 A rich account of the world s leading science prize told through the lives it has changed the controversies it has generated and the impact it has made on the public In a world where the work of science largely remains inscrutable to the general public the Nobel Prize confers a degree of intelligibility like no other honor Our best known and most prestigious award for individual scientific achievement the Nobel attaches a brilliant face to a story of profound discovery making moving headlines In *Geniuses Heroes and Saints* Massimiano Bucchi tells an equally compelling story of the Nobel s transformation of science into an epic pursuit legible both to the field and to the public bound up with the currents of historical change Three main narratives characterize the Nobel The scientist as genius portrayed as a creative visionary an exceptional intellect reflecting a solitary and romantic ideal of great communicative impact The scientist as national hero acts as a surrogate of competition among nations in a peaceful rational contest The scientist as saint shines with moral exceptionality a figure worthy of celebration and worship known for virtues such as modesty humility and total dedication body and soul to the scientific enterprise Whether the recipient was Albert Einstein or a countryside doctor toiling for years in obscurity whether the prize was worthily given or awarded to work later disproved or whether we even remember the honorees today the Nobel defined the image of science in the twentieth century Bucchi shows an image that still lives in all sorts of fascinating ways today **The Messina Strait Bridge** Fabio Brancaleoni, Giorgio Diana, Ezio Faccioli, Giuseppe Fiammenghi, Ian P.T. Firth, Niels J. Gimsing, Michele Jamiolkowski, Peter

Sluszk, Giovanni Solari, Gianluca Valensise, Enzo Vullo, 2009-09-23 This book describes the enormous depth of work carried out since the early 1970s on the Messina Strait Bridge up to the recent award of the detailed design and construction contract This important work has included extensive studies concepts and design developments with far reaching applications which have all confirmed the feasibility of this *The Gaze and the Labyrinth* Gaetana Marrone, 2021-09-14 In this the first comprehensive book on Liliana Cavani Gaetana Marrone redraws the map of postwar Italian cinema to make room for this extraordinary filmmaker whose representations of transgressive eroticism spiritual questing and psychological extremes test the limits of the medium pushing it into uncharted areas of discovery Cavani s film *The Night Porter* 1974 created a sensation in the United States and Europe But in many ways her critically renowned endeavors which also include *Francesco di Assisi* *Galileo* *I cannibali* *Beyond Good and Evil* *The Berlin Affair* and several operas and documentaries remain enigmatic to audiences Here Marrone presents Cavani s work as a cinema of ideas showing how it takes pleasure in the telling of a story and ultimately revolts against all binding ideological and commercial codes The author explores the rich visual language in which Cavani expresses thought and the cultural icons that constitute her style and images This approach affords powerful insights into the intricate interlacing of narrated events We also come to understand the importance assigned to the gaze in the genesis of desire and the acquisition of knowledge The films come to life in this book as the classical tragedies Cavani intended where rebels and madmen experience conflict between historical and spiritual reality the present and the past Offering intertextual analyses within such fields as psychology history and cultural studies along with production information gleaned from Cavani s personal archives Marrone boldly advances our understanding of an intriguing important body of cinematic work *Royals on tour* Robert Aldrich, Cindy McCreery, 2018-05-13 *Royals on Tour* explores visits by European monarchs and princes to colonies and by indigenous royals to Europe in the 1800s and early 1900s with case studies of travel by royals from Britain France Portugal Germany Italy the Netherlands Belgium Japan the Dutch East Indies and French Indochina Such tours projected imperial dominion and asserted the status of non European dynasties The celebrity of royals the increased facility of travel and the interest of public and press made tours key encounters between Europeans and non Europeans The reception visitors received illustrate the dynamics of empire and international relations Ceremonies speeches and meetings formed part of the popular culture of empire and monarchy Mixed in with pageantry and protocol were profound questions about the role of monarchs imperial governance relationships between metropolitan and overseas elites and evolving expressions of nationalism
