Cold Case Kennedy A New Investigation Into The Assassination Of Jfk:

Cold Case Kennedy Flip de Mey, 2013 Take a front row seat in the investigation to discover what really happened in Dallas just after midday on November 22 1963 Flip de Mey has spent many years analyzing the dossier on the assassination of President John F Kennedy He re examined all the original investigation documents and challenged both the defenders and the critics of the official account 50 years after the event he comes up with a surprising and groundbreaking theory Cold Case Kennedy is the first book to systematically scrutinize all aspects of the murder dossier Why did Robert Kennedy remain silent Was there really a magic bullet What was the role of Lyndon Johnson in the drama Was there more than one sniper Why did the Warren Commission refuse to consider a third victim on Dealey Plaza What was a convicted gangster doing in the building directly across from the Texas School Book Depository And last but not least was the official investigation the most in depth inquest ever to be carried out or was it nothing more than a clumsy attempt to sweep things under the carpet Flip de Mey started his career as a lawyer but studied further to become a forensic auditor specializing in the unraveling of fraud and other irregularities His expertise based on many years of experience and his specific methods for analyzing complex dossiers served him well during the pursuit of his passion the assassination of JFK

The Radical Right and the Murder of John F. Kennedy Harrison E. Livingstone, 2004 The Radical Right and the Murder of John F Kennedy Stunning Evidence in the Assassination of the President Harrison E Livingstone s major new book the fifth of his works on the death of JFK brings together for the first time all of the central evidence demonstrating a domestic Right Wing conspiracy rooted in Texas which assassinated the President on November 22 1963 The book represents forty years of work The book discusses in great detail the actual medical evidence and the forgery of the autopsy photographs and X rays which Mr Livingstone first exposed the alteration of the autopsy report the framing of the designated patsy Lee Harvey Oswald and the substitution and fabrication of every single piece of evidence It discusses the role played in the murder by some of the most powerful men in the country Lyndon Johnson J Edgar Hoover and Richard Nixon as well as the rich oil men and companies who backed them It then describes the cover ups by the media the major investigations over the years the FBI and the mind control cooperation at work in the case to misdirect researchers and the public The book describes in great detail the people and companies in Texas who planned and carried out the assassination It names names One recent investigation in the 90s followed Mr Livingstone s preceeding work and reinvestigated with the witnesses both he and the official investigations had talked to but this time took into consideration their documentation and what they had actually said and in a chapter this is his stunning new evidence from the U S government under President Clinton that is blowing the lid off the case Mr Livingstone first revealed to the Washington press corps in 1998 that there has been such a secret investigation and spoke for fifty minutes when the Assassination Records Review Board gave their final press conference As a result Mr Livingstone was on all major TV networks and on the Today show NBC with Katie Couric the next morning The book also contains the story of Dallas doctor Charles Crenshaw s law suit and the depositions of the editor and writer of the Journal of American Medical Association who libeled him in articles in 1992 Dr Crenshaw s book about trying to save Kennedy at Parkland Hospital shortly after the shooting came out on the same day as Mr Livingstone s major work on the medical evidence High Treason 2 were JAMA s targets and the depositions contain much discussion of Mr Livingstone s major impact on the JFK case This new book is to be followed closely by a sixth book entirely about the Zapruder film called The Hoax of the Century Decoding the Forgery of the Zapruder Film

The Assassination of John F. Kennedy Alice L. George, 2013 This book traces the events of Kennedy s assassination and Lyndon B Johnson s subsequent ascension to the presidency Covering both the political shifts of the time and the cultural fallout of the national tragedy this book introduces both an iconic event and the context in which that event was heralded as iconic Drawing on newspaper articles political speeches letters and diaries the author critically re examines the event of JFK s death and its persistent political and cultural legacy

The JFK Assassination Debates Michael L. Kurtz, 2006-11-08 Who killed JFK Ever since that fateful day in Dallas theories about President Kennedy s murder have proliferated running the gamut from the official lone gunman verdict to both serious and

utterly screwball conspiracy theories Michael Kurtz a distinguished historian who has plumbed every crevice of this controversial case for more than thirty years now sums up and critiques four decades of debate while also offering provocative new perspectives Kurtz presents an objective accounting of what we actually know and don't know about the assassination underlining both the logic and the limitations of the major theories about the case He then offers unique interpretations of the physical and forensic evidence and of existing areas of controversy leading him to new conclusions that readers will find hard to dismiss Kurtz shows how the official investigation's egregious mishandling of the crime scene evidence related to virtually every aspect of the case is largely responsible for the lone gunman conspiracy schism that confronts us today Those responsible for that investigation including the Dallas police the FBI and the Warren Commission failed so miserably in their efforts that they would have been laughed off the air if they had been portrayed on any of TV's popular CSI series One of the few experts writing on the subject who actually met Oswald Kurtz also provides new information about the accused assassin's activities around the time of the assassination and about his double life analyzing Oswald's ties to the intelligence community to organized crime and to both anti and pro Castro Cuban activists Mustering extraordinary documentation including exclusive interviews with key figures and extensive materials declassified by the Assassination Records Review Board he both confirms and alters much previous speculation about Oswald and other aspects of the case Who really killed JFK Forty years later most Americans still feel they don't know the truth and that their own government isn't telling them the whole story This book offers a corrective to even the most recent final verdicts and establishes a sound baseline for future research

The Faces of Lee Harvey Oswald Scott P. Johnson, 2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective *The Faces of Lee Harvey Oswald* provides the first comprehensive scholarly analysis of Lee Harvey's Oswald's role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald's role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald's role in the assassination offers little certainty when one looks at the mystery surrounding Oswald's life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision

See No Evil Jim DeBrosse, 2018-03-29 After more than fifty years of new evidence and new theories the Warren Commission's claim that Lee Harvey Oswald acted alone and without clear motive in assassinating John F Kennedy has become a wheezing jalopy running on missing and broken parts and fueled with

lies And yet the U S media continue to support its findings as the only factual explanation for the murder of JFK Why does the media marginalize and even ridicule more plausible conspiracy theories when the majority of American people long ago wrote off the Warren Report as a cover up See No Evil analyzes the built in biases of the U S corporate media exposes its complicity in the whitewashing and advocates for the broadest possible investigation into the key players who may have been responsible for the Crime of the Twentieth Century including the CIA Organized Crime and Israel This book is meant for readers who seek the truth no matter where it leads *Parkland* Vincent Bugliosi,2013-09-23 An analysis of JFK s assassination and its surrounding conspiracy theories draws on forensic evidence key witness testimonies and other sources to explain what really happened and why conspiracy theories have become so popularized *The Black Prince And The Sea Devils* Jack Greene,Alessandro Massignani,2009-08-05 At the beginning of World War II Prince Junio Valerio Borghese dashing Italian nobleman assembled the famous Decima MAS naval unit the first modern naval commando squad Borghese s frogmen were trained to fight undercover and underwater with small submarines and assault boats armed with a variety of destructive torpedoes The covert tactics he and the Decima MAS developed including the use of midget submarines secret nighttime operations and small teams armed with explosives have become a standard for special forces around the world to this very day After the Italian capitulation in 1943 Borghese determinedly fought on as a Fascist commando leader After the war he became a man of mystery variously said to be involved with several right wing conspiracies abortive coups and clandestine activity The Prince s death in 1974 was every bit as mysterious as his life Greene and Massignani have drawn upon official archives as well as information from Allied and Axis veterans in an unprecedented attempt to separate fact from fantasy in this detailed examination of Borghese the Decima MAS and the Italian naval special forces *JFK - The Conspiracy and Truth Behind the Assassination* John Hughes-Wilson,2013-11-04 Ever since President John F Kennedy was gunned down in Dallas fifty years ago various theories have swirled around what was a key event in American and world history JFK s death affected the Cold War Vietnam and the economic and social history of the United States Whatever the conclusions of the US official Warren Report that the President had been assassinated by a lone gunman Lee Harvey Oswald many people doubt that to be true Indeed President Nixon later admitted on tape that the report was a hoax committed on the American people John Hughes Wilson a former colonel in British Intelligence set out in 2007 to go through the millions of words and thousands of pieces of evidence to put together an intelligence jigsaw of what really happened that dreadful high noon in Dallas in 1963 The result is a dramatic exposure of what really happened and a clear indication that while some of the pieces of that jigsaw may be missing the truth is emerging While the US Federal Archive still keeps a million documents relating to the case under lock and key he has uncovered enough information available for us now to see the overall picture It is beyond reasonable doubt that Jack Kennedy was the victim of a plot to remove the President of the United States John Hughes Wilson highlights the facts behind The myth of Camelot Jack Kennedy s insatiable sex lifeWhy Marilyn Monroe had to

be silencedHow the President was blackmailed by J Edgar HooverLBJ s corrupt and murderous secretsHow the Kennedys secretly planned a coup in CubaHow a hero of the revolution wanted to work for the CIAWhy Israel and the White House were openly at loggerheadsMHow the Mafia manipulated politicians and the CIARogue elements in the CIAHow the assassination was covered up and whyWhat the KGB discoveredReading this book no one can be in any doubt that JFK s life was not at the hands of a lone deranged gunman but a deadly plot to remove a President who threatened vested interests at home and abroad

The Zapruder Film David R. Wrone,2003-11-22 It is the most famous home movie of all time the most closely analyzed 26 seconds of film ever shot the most disturbing visual record of what many have called the crime of the century In 486 frames a mere six feet of celluloid Abraham Zapruder s iconic film captures from beginning to end the murder of President John F Kennedy in broad daylight An essential piece of evidence the film has become nearly synonymous with the assassination itself and has generated decades of debate among conspiracy theorists and defenders of the Warren Commission s official report Until now however no scholar has produced a comprehensive book length study of the film and its relation to the tragic events of November 22 1963 David Wrone one of our nation s foremost authorities on the assassination re examines Zapruder s film with a fresh eye and a deep knowledge of the forensic evidence He traces the film s history from its creation on the grassy knoll by Dallas dressmaker Zapruder through its initial sale to Life magazine and early reproductions and its analysis by the Warren Commission and countless assassination researchers licensing by the Zapruder family legal battles over bootleg copies and sale to the federal government for sixteen million dollars Wrone s major contribution however is to demonstrate how a close examination of the film itself necessarily refutes the Warren Commission s lone gunman and single bullet theories The film as he reminds us provides a scientifically precise timeline of events as well as crucial clues regarding the timing number origins and impact of the shots fired that day Analyzing the film frame by frame in relation to other evidence including two key photos by Phil Willis and Ike Altgens he builds a convincing case against the official findings Without fanfare he concludes that more than three gunshots were fired from more than one direction and that most likely none were fired by alleged assassin Lee Harvey Oswald If true then JFK s death was the result of a conspiracy for the Commission s nonconspiracy conclusion requires a maximum of three shots and one gunman Wrone however does not speculate as to who actually shot JFK or why or even if Oswald was a part of the conspiracy In fact he is no fan of conspiracy think and is just as critical of the legion of conspiracy theorists as he is of the Warren Commission which he reveals crushed dissent within its own ranks Doggedly pursuing the evidence wherever it leads Wrone has produced a meticulous clear eyed and provocative new reading of this remarkable cinematic Rosetta Stone

JFK and the Unspeakable James W. Douglass,2010-10-19 THE ACCLAIMED BOOK NOW IN PAPERBACK with a reading group guide and a new afterword by the author At the height of the Cold War JFK risked committing the greatest crime in human history starting a nuclear war Horrified by the specter of nuclear annihilation Kennedy gradually turned away from his long held Cold Warrior

beliefs and toward a policy of lasting peace But to the military and intelligence agencies in the United States who were committed to winning the Cold War at any cost Kennedy's change of heart was a direct threat to their power and influence Once these dark Unspeakable forces recognized that Kennedy's interests were in direct opposition to their own they tagged him as a dangerous traitor plotted his assassination and orchestrated the subsequent cover up Douglass takes readers into the Oval Office during the tense days of the Cuban Missile Crisis along on the strange journey of Lee Harvey Oswald and his shadowy handlers and to the winding road in Dallas where an ambush awaited the President's motorcade As Douglass convincingly documents at every step along the way these forces of the Unspeakable were present moving people like pawns on a chessboard to promote a dangerous and deadly agenda
