**The Rise of Catalan Identity** Pompeu

Casanovas, Montserrat Corretger, Vicent Salvador, 2019-05-16 This volume helps us to understand that the current political disorders in Catalonia have deep cultural roots. It focuses on the rise of Catalan cultural national and linguistic identity in the 20th century. What is happening in Catalonia? What lies behind its political conflicts? Catalan identity has been evolving for centuries starting in early medieval ages 11th and 12th centuries. It is not a modern phenomenon. The emergence of imperial Spain in the 16th century and the French Ancien Régime in the 17th century correlates with a decline of Catalan culture which was politically absorbed by the Spanish state after the conquest of Barcelona in 1714. However, Catalan language and culture flourished again under the stimulus of the European Romantic Nationalism movement known as the *Renaixença* in Catalonia. During the first Dictatorship of Primo de Rivera (1923-1930), the Spanish Civil War (1936-1939) and the long Francoist era (1939-1975), Catalan language and culture were repressed yet refurbished and reconstructed at the same time. This rise of a plural, complex and non-homogeneous Catalan identity constitutes the subject matter of this volume. National conflicts that emerged later in the Spanish democratic state lean heavily on the life engagement and vital commitment experienced by the entrenched intellectual movements of the twentieth century in Catalonia, Valencian Country and the Balearic Islands. This book reveals the cultural and literary grassroots of these conflicts.
