Appleton's Cyclopædia of American Biography James Grant Wilson, John Fiske, 1901

Into the Bear Pit Craig Whyte, Douglas Wight, 2020-02-14 From being the most dominant club in Scottish football history Rangers F C one of the most famous and powerful names in British sport was sold to venture capitalist Craig Whyte in 2011 for 1 When Whyte walked through the gates at Ibrox the club was mired in debt and plagued with a toxic culture which seeped everywhere from the corridors of power to a sectarian hard core in the stands The great Whyte hope was touted for a time as Rangers saviour but he was soon hung out to dry as the fall guy for Rangers misery as the unthinkable happened The club was plunged into liquidation and the reformed club suffered the indignity of demotion to the third division the lowest echelon of Scottish professional football The demise of Rangers saw Whyte s reputation eviscerated on the pages of every newspaper in the country his name vilified on radio shows TV programmes and blogs as every aspect of his professional and personal life was picked over In 2012 he was arrested and accused of fraud He was put on trial where he faced the full might and resources of the government for his role in the downfall of the club Although he was ultimately acquitted of all charges he had to endure years of false accusations from some media outlets and multiple death threats from obsessed fans Full of startling revelations this is the previously untold story of greed corruption and scandal at the heart of Rangers F C told

definitively by the man who was at the very centre of the storm **East Wind** Tom Buchanan,2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the British left in relations with the People s Republic of China after 1949 He shows how this relationship was placed under stress by the growing unpredictability of Communist China above all by the Sino Soviet dispute and the Cultural Revolution which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts The impact of the suppression of the student protests in Tiananmen Square June 1989 is addressed as an epilogue East Wind argues that the significance of the left s relationship with China has been unjustly overlooked There were many occasions such as the mid 1920s the late 1930s and the early 1950s when China demanded the full attention of the British left It also argues that there is nothing new in the current fascination with China s emergence as an economic power Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China s economic growth could transform the world In addition to analysing the role of the political parties and pressure groups of the left Buchanan sheds new light on the activities of many well known figures in support of China including intellectuals such as Bertrand Russell R H Tawney and Joseph Needham Many other interesting stories emerge concerning less well known figures which show the complexity of personal links between Britain and China during the twentieth century **International Sport: A**

Bibliography, 1995-1999 Richard William Cox,2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new
