**Adaptable Teaching** Jonathan Ryan Davis, Maureen Connolly, 2022-04-01. This book is designed for all K-12 educators and teacher preparation faculty. Reading this book is like being in the room with 30 teacher mentors from different grade levels and school settings who are sharing strategies for 1) building and maintaining a positive classroom climate, 2) planning, 3) instruction and 4) professional development. Discover step by step breakdowns of how to implement each strategy as well as professional reflections from contributors representing two different grade levels and a range of suburban and urban settings from all over the globe. Education students and novice teachers will learn from the in-depth descriptions of how to implement each strategy. Veteran teachers will be inspired by contributing teachers' professional reflection regarding why and how they utilize each strategy. Readers in ALL school contexts will benefit from narrative descriptions of each strategy in action which bring to life the ways that the strategies have made an impact on student learning and teacher development. The adaptations modeled throughout the book based on students and schools' assets and needs help readers to think about how to make each strategy a good fit for their unique classroom. If you are looking for practical ideas from the field, look no further; this is a book designed to build your teaching toolbox with strategies that you will use for years to come.

**Practical Steps to Digital Research** Deborah B. Stanley, 2018-07-11. This hands-on approach to teaching digital research skills breaks down each research skill into simple, targeted steps that enable students to research more deeply and to accomplish real-world tasks. Today's rapidly diversifying digital world provides easy access to information, making it increasingly important that students know how to conduct research online. In this book, you'll learn how to transition your instruction of the research process from a print context to a digital one and to expand your own knowledge of how to best assist students at all stages of their research. Using six well-defined steps that she developed in her 26 years of experience as a school librarian, Deb Stanley provides practical strategies for each of the six steps of the research process, accompanied by easily used and replicated lessons and handouts that are applicable and adaptable to all grade levels, K-12. Step-by-step instruction links to Common Core state standards and ideas to help students succeed at each stage of the research process makes this title a must-have for any school librarian.
