Collage Lab Experiments Investigations And Exploratory Projects Lab Series

SJ Ball

Collage Lab Experiments Investigations And Exploratory Projects Lab Series:

Collage Lab Bee Shay, 2010-02-01 Collage Lab offers artists and crafters a fun and experimental approach to making art. The book is organized into 52 different labs which may but don't need to be explored on a weekly basis. The labs can be worked in any order so that readers can flip around to learn a new mixed media technique or be inspired by a particular collage theme or application. The underlying message of this book is that artists can and should learn and gain expertise through experimentation and play. There is no right or wrong result for a given exercise yet readers will gain skills and confidence in collage techniques allowing them to take their work to a new level. Collage Lab is illustrated with brilliant full color images and multiple examples of each exercise offers a visual non linear approach to learning art techniques and reinforces a fun and fearless approach to making art.

Craft Activism Joan Tapper, Gale Zucker, 2011-09-27 Join the Handmade Movement. We make to give. We make to share. We make to connect with others. Crafters all over the world are using their hands and hearts to make a statement, change the world and build community. Craft Activism is an inspiring celebration of this growing movement. Inside, dozens of superstars of this grassroots phenomenon share their experiences, tips and advice on living, teaching and promoting a more meaningful DIY lifestyle. Learn to craft for your cause, connect with other crafters, think green, organize a fair, host an online exchange, create yarn graffiti and more. The book also includes 17 creative projects from designers who challenge you to reimagine how your craft skills can be used to make a difference. Whether you knit, sew, crochet or collage and even if you're not sure where to begin, this book is your guide to the incredible power of handmade.

Maker Lab Outdoors Jack Challoner, 2019 Twenty five science projects and experiments to be done outside will spark kids' creativity and help them develop science skills through hands-on learning.
