

Case XX USA Knife Co. 1981 "Lightning S" E278 SS, patterned brass, 3-1/16", \$40.
COURTESY OF SERGEY OKTYABRISKY

Pattern 78

The basic pattern: The 78 pattern is a "coffin"-style pen knife pattern with two blades operating on a single backspring; closed length is 3-1/16". This is a relatively new Case pattern, having been introduced in 1978. It is unusual in that it is sometimes referred to as a "skeleton" knife, a pocket knife with unfinished metal handle scales, configured so that various handle slabs can be glued or otherwise attached to the scales without the need for visible handle pins.

The Case 78 pattern has been made with various plastic and metal handle coverings. The only blade configuration that has been offered on the 78 pattern is a master spear blade and pen blade, both of stainless steel with a glazed finish.

The 78 pattern was introduced as part of the Gentlemen's Line of pocket knives, first produced in 1979, and the following variations were included:

- E278 SS, with solid brass scales engraved with a Florentine scroll design on the front handle.
- I278 SS, brass scales with plastic imitation ivory handles.

- IS278 SS, brass scales with plastic imitation ivory handles imprinted with a "scrimshaw" seacoast scene on the front handle.
- S278 SS, brass scales with plastic imitation tortoise shell handles.

The above knives represented a departure from the usual Case pattern numbering scheme, since "I" was used instead of the digit "4" to indicate smooth white plastic handles. Many examples of the 78 pattern do not have the full pattern number stamped on the blade but instead simply have "278."

The 78 pattern was also utilized for several limited-edition releases and was popular as an advertising or premium knife with various handle imprints. It was initially made with brass liners and in 1981, the lining material was changed over to stainless steel.

The IS278 SS and the E278 SS were discontinued in 1982, as the Gentlemen's Line was gradually dissolved as a separate product line. The S278 was discontinued in 1986 while the I278 SS remained in the Case standard product line until it was discontinued after 1990.
