Collective Guilt International Perspectives Studies In Emotion And Social Interaction:

Collective Guilt Nyla R. Branscombe, Bertjan Doosje, 2004-09-06 Emotion can result from interpreting group actions as reflecting on the self due to an association between the two This volume considers the nature of collective guilt the antecedent conditions necessary for it to be experienced how it can be measured as well as how collective guilt differs from other group based emotions Research from Australia Canada Germany Israel the Netherlands Northern Ireland and the USA addresses critical questions concerning the who when and why of the experience of collective guilt The political implications of collective guilt and forgiveness for the past are considered and how those might depend on the national context How collective guilt can be harnessed and used to create a more peaceful future for groups with a history of violence between then is emphasized Heart to Heart Brian Parkinson, 2019-11-07 Positions emotion in the social world by arguing that its central function is to align relations between people *Challenges to Integrating Diversity, Equity, and Inclusion Programs in Organizations* Griffen, Aaron J., 2020-10-30 Throughout the past several years diversity equity and inclusion initiatives have been a part of a growing phenomenon to address the diverse needs of organizations However the act of diversity training and implementation in programs has traditionally been reactive as a result of a scandal rather than proactive As more industries see the benefits of diversity equity and inclusion training we will continue to see the benefits of a sustainable healthy working environment for all Challenges to Integrating Diversity Equity and Inclusion Programs in Organizations is an essential reference source that shares the challenges and opportunities faced by diversity equity and inclusion officers who are leading their organizations to becoming more diverse equitable and inclusive working environments Featuring research on topics such as institutional equity organizational culture and diverse workplace this book is ideally designed for administrators human resource specialists researchers business professionals academicians and students as well as organizations looking to make the intentional shifts necessary to develop and foster a more inclusive working and learning environment **Emotion and Narrative** Tilmann Habermas, 2019 The way we tell stories influences how others react to our emotions and impacts how we cope with emotions ourselves Holocaust Trauma Natan P.F. Kellermann Ph.D., 2009-08-17 Holocaust Trauma offers a comprehensive overview of the long term psychological effects of Holocaust trauma It covers not only the direct effects on the actual survivors and the transmission effects upon the offspring but also the collective effects upon other affected populations including the Israeli Jewish and the societies in Germany and Austria It also suggests various possible intervention approaches to deal with such long term effects of major trauma upon individuals groups and societies that can be generalized to other similar traumatic events The material presented is based on the clinical experience gathered from hundreds of clients of the National Israeli Center for Psychosocial Support of Holocaust Survivors and the Second Generation AMCHA an Israeli treatment center for this population and from facilitating groups of Austrian German participants in Yad Vashem and Europe as well as an upon an extensive review of the vast literature in the field a long awaited text from one of

the most experienced and knowledgeable psychologists in the world The text is groundbreaking in its sensitivity historical grounding insight and scholarship Michael A Grodin M D Emotion in Social Relations Brian Parkinson, Agneta Fischer, A. S. R. Manstead, 2005 Within psychology emotion is often treated as something private and personal In contrast this book tries to understand emotion from the outside by examining the everyday social settings in which it operates Three levels of social influence are considered in decreasing order of inclusiveness starting with the surrounding culture and subculture moving on to the more delimited organization or group and finally focusing on the interpersonal setting **Beyond Virtue** Liz

Jackson, 2020-11-05 Educating students for emotional wellbeing is a vital task in schools However educating emotions is not straightforward Emotional processes can be challenging to identify and control How emotions are valued varies across societies while individuals within societies face different emotional expectations For example girls face pressure to be happy and caring while boys are often encouraged to be brave This text analyses the best practices of educating emotions The focus is not just on the psychological benefits of emotional regulation but also on how calls for educating emotions connect to the aims of society The book explores psychology's understanding of emotions the politics of emotions and philosophy It also discusses education for happiness compassion gratitude resilience mindfulness courage vulnerability anger sadness and fear

From Self to Social Relationships Martijn van Zomeren, 2016-07-07 Martijn van Zomeren develops self-regulation theory and proposes that human motivation is based around changes in social relationships *Emotion Regulation and Parenting* Isabelle Roskam, James J. Gross, Moira Mikolajczak, 2023-11-30 Emotion Regulation and Parenting provides a state of the art account of research conducted on emotion regulation in parenting After describing the conceptual foundations of parenthood and emotion regulation the book reviews the influence of parents emotion regulation on parenting how and to what extent emotion regulation influences child development cross cultural perspectives on emotion regulation and highlights current and future directions Drawing on contributions from renowned experts from all over the world chapters cover the most important topics at the intersection of parenting and emotion regulation Essentials are explored as well as current topical and controversial issues pointing both to what is known and what requires further research This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details *Participation and Reconciliation* Armin G. Wildfeuer, Sami Adwan, 2011-03-08 In order to make justice work participation and reconciliation is needed within and between societies peoples and nations In this compilation authors senior academics as well as students from Bethlehem University Israel and the Catholic University of Applied Sciences Cologne Germany contribute to this important field Thus to some extent the book in itself is an example of the subjects it deals with *Emotion Communication by the Aging Face and Body* Ursula Hess, Reginald B. Adams, Jr., Robert E. Kleck, 2023-12-07 A multidisciplinary examination of how the aging face and body affect emotion communication crucial for all life domains **Collective Emotions** Christian von Scheve, Mikko Salmella, 2014 Although collective emotions have a long tradition in scientific inquiry for instance in mass

psychology and the sociology of rituals and social movements their importance for individuals and the social world has never been more obvious than in the past decades The Arab Spring revolution the Occupy Wall Street movement and mass gatherings at music festivals or mega sports events clearly show the impact collective emotions have both in terms of driving conflict and in uniting people But these examples only show the most obvious and evident forms of collective emotions Others are more subtle although less important shared moods emotional atmospheres and intergroup emotions are part and parcel of our social life Although these phenomena go hand in hand with any formation of sociality they are little understood Moreover there still is a large gap in our understanding of individual emotions on the one hand and collective emotional phenomena on the other hand This book presents a comprehensive overview of contemporary theories and research on collective emotions It spans several disciplines and brings together for the first time various strands of inquiry and up to date research in the study of collective emotions and related phenomena In focusing on conceptual theoretical and methodological issues in collective emotion research the volume narrows the gap between the wealth of studies on individual emotions and inquiries into collective emotions The book catches up with a renewed interest into the collective dimensions of emotions and their close relatives for example emotional climates atmospheres communities and intergroup emotions This interest is propelled by a more general increase in research on the social and interpersonal aspects of emotion on the one hand and by trends in philosophy and cognitive science towards refined conceptual analyses of collective entities and the collective properties of cognition on the other hand The book includes sections on Conceptual Perspectives Collective Emotion in Face to Face Interactions The Social Relational Dimension of Collective Emotion The Social Consequences of Collective Emotions Group Based and Intergroup Emotion Rituals Movements and Social Organization and Collective Emotions in Online Social Systems Including contributions from psychologists philosophers sociologists and neuroscience this volume is a unique and valuable contribution to the affective sciences literature **The Aesthetics of Emotion** Gerald C. Cupchik, 2016-07-28

Gerald C Cupchik builds a bridge between science and the humanities arguing that interactions between mind and body in everyday life are analogous to relations between subject matter and style in art According to emotional phase theory emotional reactions emerge in a perfect storm whereby meaningful situations evoke bodily memories that unconsciously shape and unify the experience Similarly in expressionist or impressionist painting an evocative visual style can spontaneously colour the experience and interpretation of subject matter Three basic situational themes encompass complementary pairs of primary emotions attachment happiness sadness assertion fear anger and absorption interest disgust Action episodes in which a person adapts to challenges or seeks to realize goals benefit from energizing bodily responses which focus attention on the situation while providing feedback in the form of pleasure or pain regarding success or failure In high representational paintings style is transparent making it easier to fluently identify subject matter *Emotion* ,

The Interpersonal Dynamics of Emotion Gerben A. van Kleef, 2016-04-21 Emotional expressions are omnipresent but how

do they influence us This book highlights the pervasive interpersonal effects of emotions *Institutions, Emotions, and Group Agents* Anita Konzelmann Ziv, Hans Bernhard Schmid, 2013-11-12 The contributions gathered in this volume present the state of the art in key areas of current social ontology They focus on the role of collective intentional states in creating social facts and on the nature of intentional properties of groups that allow characterizing them as responsible agents or perhaps even as persons Many of the essays are inspired by contemporary action theory emotion theory and theories of collective intentionality Another group of essays revisits early phenomenological approaches to social ontology and accounts of sociality that draw on the Hegelian idea of recognition This volume is organized into three parts First the volume discusses themes highlighted in John Searle's work and addresses questions concerning the relation between intentions and the deontic powers of institutions the role of disagreement and the nature of collective intentionality Next the book focuses on joint and collective emotions and mutual recognition and then goes on to explore the scope and limits of group agency or group personhood especially the capacity for responsible agency The variety of philosophical traditions mirrored in this collection provides readers with a rich and multifaceted survey of present research in social ontology It will help readers deepen their understanding of three interrelated and core topics in social ontology the constitution and structure of institutions the role of shared evaluative attitudes and the nature and role of group agents **Foundations of Affective Social Learning** Daniel Dukes, Fabrice Clément, 2019-08-29 Introduces the novel concept of affective social learning to explain how values are socially transmitted Interpersonal Emotion Dynamics in Close Relationships Ashley K. Randall, Dominik Schoebi, 2018-09-27 Emotions play a powerful role in close relationships Significant progress has been made in understanding the temporal features of emotions associated with the development and maintenance of close relationships across the lifespan This advancement has revealed further questions which theories help conceptualize interpersonal emotion dynamics What are the ways researchers can assess and model these dynamics How do interpersonal emotion dynamics manifest in different close relationships And do these emotion dynamics contribute to the maintenance or dissolution of relationships *Interpersonal Emotion Dynamics in Close Relationships* addresses these and other questions by bringing together state of the art perspectives from scholars widely recognized for their contributions to the study of emotions in relationships Each chapter defines interpersonal emotion dynamics reviews methodological or empirical work and offers important directions for future research This volume will be a valuable resource for students researchers and practitioners interested in understanding the role of emotions in relationships **Literature and Moral Feeling** Patrick Colm Hogan, 2022-05-05 This original interdisciplinary study argues that understanding how narrative works in literature is crucial to understanding moral thought **The SAGE Handbook of Social Cognition** Susan T Fiske, C Neil Macrae, 2012-03-05 The SAGE Handbook of Social Cognition is a landmark volume Edited by two of the field's most eminent academics and supported by a distinguished global advisory board the 56 authors each an expert in their own chapter topic

provide authoritative and thought provoking overviews of this fascinating territory of research Not since the early 1990s has a Handbook been published in this field now Fiske and Macrae have provided a timely and seminal benchmark a state of the art overview that will benefit advanced students and academics not just within social psychology but beyond these borders too Following an introductory look at the uniqueness of social cognition the Handbook goes on to explore basic and underlying processes of social cognition from implicit social cognition and consciousness and meta cognition to judgment and decision making Also the wide ranging applications of social cognition research in the real world from the burgeoning and relatively recent fields of social cognitive development and social cognitive aging to the social cognition of relationships are investigated Finally there is a critical and exciting exploration of the future directions in this field The SAGE Handbook of Social Cognition will be an indispensable volume for any advanced student or academic wanting or needing to understand the landscape of social cognition research in the 21st century
