Collective Actions Collective Actions:

Understanding Individual Commitment to Collective Action Carlos Ramírez, 2023-09-01 When speaking colloquially of political participation or civic action one thinks in the first instance of groups and organizations such as political parties social movements or various types of voluntary associations The perspective of individuals is not the first thing that comes to mind when seeking to understand their functioning In contrast to this vision understanding the dynamics of participation requires taking a closer look at the individual that is at his or her moral dispositions and projects his or her multiple and simultaneous identities the breaking points in his or her biographical trajectory the roles he or she adopts in an organization or the styles of communication which he or she uses The book comprises a variety of case studies and theoretical and methodological contributions that independent of rational choice theories seek to understand collective action at the level of the individual and in doing so to articulate the various fields of study in this regard with the singularity of biographies and the reflective personal identities that characterize contemporary individualism

Values Deliberation and Collective Action Beniamino Cislighi, Diane Gillespie, Gerry Mackie, 2016-10-13 This book describes how a program of values deliberations sustained group reflections on local values aspirations beliefs and experiences blending with discussions of how to understand and to realize human rights led to individual and collective empowerment in communities in rural Senegal The study explains what happens during the deliberations and shows how they bring about a larger process that results in improved capabilities in areas such as education health child protection and gender equality It shows how participants particularly women enhance their agency including their individual and collective capacities to play public roles and kindle community action It thus provides important insights on how values deliberations help to revise adverse gender norms

Democratic Protests and New Forms of Collective Action Liana Maria Daher, 2023-11-29 Following a dialogic and interdisciplinary approach this book highlights changes in the concept and action of disobedience presenting a theoretical framework and applied case studies Disobedience has traditionally been played out through collective actions and protests which configure and propose alternative social scenarios to the status quo Today in a changing socio historical context disobedience represents a mode of political participation and a form of an active citizenship attempt to correct authoritarian drifts Furthermore it often highlights social problems and morally controversial issues Disobedience is not only a right granted to the individual within democratic systems and or duty imposed in the interest of society in a pro social sense i e defense of human rights and a tendency towards equalization but it also became an alternative process often symbolic of construction of reality The book focuses on a reconstructing the concept of social disobedience and the field s state of the art from an innovative contemporary theoretical and conceptual perspective and b analyzing its phenomenology within a specific territorial horizon with the objective of uncovering social and pro social aspects related to today s forms of disobedience The book therefore will appeal to students scholars and researchers of contemporary political theory political science

Christiaan Grootaert, Thierry Van Bastelaer, 2002 This work details various methods of gauging social capital and provides illustrative case studies from Mali and India It also offers a measuring instrument the Social Capital Assessment Tool that combines quantitative and qualitative approaches **Corruption and Global Justice** Gillian Brock, 2023 Corruption is a pervasive problem for global justice Gillian Brock presents a much needed philosophical treatment She offers a new framework for allocating responsibility for corruption providing the analytical tools we need to tackle the global injustice that it causes Future of the Forest Anand P. Vaidya, 2025-04-15 Future of the Forest is the story of legal transformations of forests across India through collective action Since the nineteenth century Indian forest dwellers have been unable to enforce their claims to the land on which they live or the products of it that they use But at the turn of the twenty first century a new national movement led to the passage of the Forest Rights Act a landmark law that recognizes the tenure and use rights of India's millions of landless forest dwellers Anand P Vaidya tracks the Forest Rights Act from the movements that pushed for its passage to its drafting and the many revisions it underwent to satisfy coalitions of local peoples conservationists and a wide spectrum of political parties and movements and finally to its impact on two neighboring villages in central India's forest belt The forests have seen a long history of political authority enacted to the benefit of the powerful Future of the Forest follows the work of activists and forest dwellers who turned to the law to shift this balance of power

Psychosocial Perspectives on Community Responses to Covid-19 Emma O'Dwyer, Luiz Gustavo Silva Souza, 2022-12-29 This highly topical edited book documents the community response to Covid 19 across national contexts exploring the widespread development and mobilisation of community initiatives and groups It provides rich analysis of case studies from the Global North and South including South Africa the USA India China Mexico Brazil Italy Australia the UK Turkey and Argentina The Covid 19 pandemic motivated a significant community response globally with the widespread development and mobilisation of bottom up community initiatives and groups These community responses were an essential yet often unseen and unrecognised means by which people survived the pandemic This book asks questions such as how were community responses to Covid 19 shaped by national cultural and political processes and phenomena how did community responses to Covid 19 interact with public policies on health education and social welfare and what are the likely political implications of the community response to Covid 19 Discussing the provision of abortion care in Latin America the support to marginalized communities in Kolkata and the mobilisation of carnival krewes in New Orleans to give a few examples the text adopts and develops a novel socio cultural psychological approach weaving together contributions from scholars working in diverse disciplinary fields The text highlights the importance of integrating multiple levels of analysis including psychological sociological and political ideological to investigate how communities respond to crises such as the Covid 19 pandemic and how they can plan for and manage future crises This is essential reading for academics and students in psychology and the social sciences as well as policy makers charities and third sector organisations *Class Actions in Europe* Alan

Uzelac, Stefaan Voet, 2021-06-23 Not so long ago class actions were considered to be a textbook example of American exceptionalism many of their main features were assumed to be incompatible with the culture of the civil law world However the tide is changing while there are now trends in the USA toward limiting or excluding class actions notorious cases like Dieselgate are moving more and more European jurisdictions to extend the reach of their judicial collective redress mechanisms For many new fans of class actions collective redress has become a Holy Grail of sorts a miraculous tool that will rejuvenate national systems of civil justice and grant them unprecedented power Still while the introduction of various forms of representative action has virtually become a fashion it is anything but certain that attempting to transplant American style class action will be successful European judicial structures and legal cultures are fundamentally different which poses a considerable challenge This book investigates whether class actions in Europe are indeed a Holy Grail or just another wrong turn in the continuing pursuit of just and effective means of protecting the rights of citizens and businesses It presents both positive and critical perspectives supplemented by case studies on the latest collectivization trends in Europe's national civil justice systems The book also shares the experiences of some non European jurisdictions that have developed promising hybrid forms of collective redress such as Canada Brazil China and South Africa In closing a selection of topical international cases that raise interesting issues regarding the effectiveness of class actions in an international context are studied and discussed
