15. The question in this case is whether Paul should be allowed to "pad" his expense account with an additional 100% of expenses. Paul should be allowed to charge only those items that are business related. Paul's argument that he is entitled to an additional 100% is not a valid assumption. However, he should be allocated money for any business expenses during the month. Paul should also ask his employer for additional compensation for working during his non-worked time. The important point is that accountants need to be more in being ethical and should not do unethical activities.
