COLLEGE PHYSICS

The background of the cover is a photograph of a satellite in orbit over a body of water. The water is a deep orange-brown color, and there are several concentric ripples on its surface, suggesting a disturbance or a point of interest. The satellite is a small, dark object with several long, thin antennas or solar panels extending from it. It is positioned in the lower-left quadrant of the image, with its antennas pointing towards the upper-right. The overall composition is simple and focused on the satellite and the water's surface.
