**Second Chance at Love** Lenore Liburd, 2019-05-24 The unconditional love of this perfect couple was rare and precious The kind of love anyone in their circle of friends which they had They were about to add a little member to their family to complete this union when a twisted act of jealousy destroyed their perfect life causing the loss of their most precious gift that left them broken betrayed and empty She could not share intimacy with her soul mate anymore something which made her sing music of sweet ecstasy because of the shock pain of betrayal The friendship of a close friend gradually helped her to get through some of the most painful time in her life It took a look from a total stranger to sparkle in the faded ashes of her dead emotions flames that ignited into sweet passion

**Decolonizing the Spirit in Education and Beyond** Njoki Nathani Wane, Miglena S. Todorova, Kimberly L. Todd, 2019-12-14 This multidisciplinary collection probes ways in which emerging and established scholars perceive and theorize decolonization and resistance in their own fields of work from education to political and social studies to psychology medicine and beyond In this time of renewed global spiritual awakening indigenous communities are revisiting ways of knowing and evoking theories of resistance informed by communal theories of solidarity Using an intersectional lens chapter authors present or imagine modes of solidarity resistance and political action that subvert colonial and neocolonial formations Placing emphasis on the importance of theorizing the spirit a discourse that is deeply embedded in our unique

cultures and ancestries this book is able to capture and better understand these moments and processes of spiritual emergence re emergence *Happy hour series of popular stories [afterw.] Happy hour stories no ,1902 Merrick Anne Rice,2001-01-02* In this mesmerizing new novel Anne Rice demonstrates once again her gift for spellbinding storytelling and the creation of myth and magic as she weaves together two of her most compelling worlds those of the Vampire Chronicles and the Mayfair witches *Select Novels ,1846* **Race, Trauma, and Home in the Novels of Toni Morrison** Evelyn Jaffe Schreiber,2010-12-01 In this first interdisciplinary study of all nine of Nobel Laureate Toni Morrison s novels Evelyn Jaffe Schreiber investigates how the communal and personal trauma of slavery embedded in the bodies and minds of its victims lives on through successive generations of African Americans Approaching trauma from several cutting edge theoretical perspectives psychoanalytic neurobiological and cultural and social theories Schreiber analyzes the lasting effects of slavery as depicted in Morrison s work and considers the almost insurmountable task of recovering from trauma to gain subjectivity With an innovative application of neuroscience to literary criticism Schreiber explains how trauma whether initiated by physical abuse dehumanization discrimination exclusion or abandonment becomes embedded in both psychic and bodily circuits Slavery and its legacy of cultural rejection create trauma on individual familial and community levels and parents unwittingly transmit their trauma to their children through repetition of their bodily stored experiences Concepts of home whether a physical place community or relationship are reconstructed through memory to provide a positive self and serve as a healing space for Morrison s characters Remembering and retelling trauma within a supportive community enables trauma victims to move forward and attain a meaningful subjectivity and selfhood Through careful analysis of each novel Schreiber traces the success or failure of Morrison s characters to build or rebuild a cohesive self starting with slavery and the initial postslavery generation and continuing through the twentieth century with a special focus on the effects of inherited trauma on children When characters attempt to escape trauma through physical relocation or to project their pain onto others through aggressive behavior or scapegoating the development of selfhood falters Only when trauma is confronted through verbalization and challenged with reparative images of home can memories of a positive self overcome the pain of past experiences and cultural rejection While the cultural trauma of slavery can never truly disappear Schreiber argues that memories that reconstruct a positive self whether created by people relationships a physical place or a concept help Morrison s characters to establish subjectivity A groundbreaking interdisciplinary work Schreiber s book unites psychoanalytic neurobiological and social theories into a full and richly textured analysis of trauma and the possibility of healing in Morrison s novels *The Unwanted Wife* Vanessa E.
