Does God Believe In Atheists John Blanchard Classic Series:

God and the Atheist Paul Ferguson, 2014-01-31 We are living in an increasingly secular age where man seeks to build his own life without recourse to his Creator God Under the guise of rationalism Christianity is ridiculed as out of date or irrelevant God and the Atheist answers the most fundamental questions about Christianity such as How do we know there is a God How do we know there is only one God How do we know the Bible is the word of God In each chapter Paul Ferguson evaluates and sets out the evidence to answer the atheist's objections to the existence of God In a readable and humorous style he precisely builds a remorselessly logical case using his legal and scientific skills to guide the objective reader to discover the truth of who God is Although the discussion often veers into the academic Ferguson works hard to make it understandable to those without a scientific background **The Power of Truth in Perilous Times** Marcus E.

Drake, 2024-09-25 Real Hope in the Midst of a Culture Gone Awry Yes we live in this kind of culture and world However it is clear in the Bible that the more we pursue the knowledge of God as defined and described in Scripture and the more we are devoted to him the more he will work in us and through us during the perilous times in which we live Therefore in thinking about the extraordinary impact biblical truth can have on our society this book focuses on three vitally important areas in the Bible how God reveals his existence through nature and his Word how he discloses his character through his attributes and promises and how he calls his people to seek the knowledge of himself through the fear of the Lord and the bearing of his image Thus the purpose of this book is to lead believers into a deeper understanding of what God is like a deeper understanding of what he has promised to those who know him and a deeper understanding of the unshakable hope and strong encouragement we have in God's Word as we live in a confused and deteriorating culture Rather than simply decrying the devastating changes in our nation and world this book clearly proclaims the hope that is ours in the very nature and character of God himself the identity and security believers have in Christ and the biblical guidance we need in order to be salt and light in our generation A God centered truth loving Christ exalting approach to life changes everything *The*

Roberts, 2012-06-11 Vaughan Roberts ties together the message of the Bible by answering six big questions Who rules the world What does it mean to be human How should we view money Is a perfect relationship possible How does the Holy Spirit

work in the world And what is God s plan for the world **The Last Stupid Church Book You'll Ever Read** James Townsend,Benjamin Samples,2008-06 IN APPRECIATION FOR THE GREAT RECEPTION AND NUMEROUS SALES WE ARE NOW ABLE TO OFFER THE LAST STUPID CHURCH BOOK AT A LOWER PRICE FOR 2012 THANKS AGAIN TO ALL OUR READERS The Last Stupid Church Book You ll Ever Read is the ground breaking consummation of the authors voyage through today s Christian culture In this book they lay the groundwork for stripping away the outer wrappings and uncovering the true foundations of your belief Is it a social function Is it a psychological need Is it an economic investment Or is it Grace Pathways and Patterns in History Peter J. Morden,2020-10-06 Professor David Bebbington is a highly regarded historian He holds a chair at the University of Stirling has been President of the Ecclesiastical History Society and has delivered numerous endowed lecture series as well as being deeply involved in the Dr Williams s Dissenting Academies Project He is both a popular and influential academic historian whose writings have significantly shaped our thinking about the history of evangelicalism Baptist life and political developments In Pathways and Patterns colleagues former research students and friends who are indebted to Professor Bebbington and value his contribution to scholarship join together to pay tribute to his outstanding work Not only has he stimulated academic endeavour he has also given much personal support not least to those in the Baptist Historical Society and in Colleges among them Spurgeon s College and Baylor University USA where he is a Distinguished Visiting Professor This volume reflects his wide involvements and the grateful esteem in which he is held Among Professor Bebbington s achievements has been both instituting and masterminding the very important International Conference on Baptist Studies ICOBS held every three years in different parts of the world It is appropriate then that this volume was presented to him at the Seventh ICOBS Conference held in Manchester July 2015 **Claves Biblicas No. 6- Respuestas Bíblicas a cuestiones Espirituales , The Immediacy of God** Douglas Vickers,2009-05-13 The confessing church in our time treats lightly the doctrinal deposit of its theological inheritance The clamor of competition for the reconstruction of belief systems has too often neglected older and more secure moorings In a postmodern age that countenances individual belief idiosyncrasies and accords them sanctity the answer to the ordinary man s question What is the gospel is often clouded and confused Against doctrinal uncertainties and insecurities The Immediacy of God brings back into prominence a number of foundational issues related to the doctrines of God and salvation of theology and soteriology In doing so it anchors its thought structure in the basic apologetic presupposition that God is and in the fundamental hermeneutical principle of divine covenantal purpose The originality of Vickers argument lies in its proposal of new perspectives on its chosen subject range and as it becomes necessary for the elucidation of biblical belief its critical response to proposals for new theological paradigms The organizing core of the book s argument is its proposition regarding the immediacy of God in his being his knowledge his will and his actions That core proposition spills its influence to aspects of human salvation On such levels questions are raised that strike to the heart of the meaning of the divinely instituted

redemptive process Divine actions within that process are understood to be immediate rather than mediate Redemptive actions of God are immediate in the sense that no mediating causes exist between those actions and their effects and outcomes in the human condition

The Cross Douglas Vickers,2010-04-02 A question has challenged the human conscience for two thousand years How are we to explain the presence of Jesus Christ in this world Or who indeed was Jesus Christ A man like the rest of men Or was he a divine Person Why was it that well practiced soldiers who failed to fulfill their commission to arrest him said Never man spoke like this man The early church confirmed the apostles declaration that Jesus Christ was the eternal Son of God and that he came into the world to fulfill a messianic redemptive assignment Christ Jesus the apostle to the Gentiles explained came into the world to save sinners In The Cross Its Meaning and Message in a Postmodern World Douglas Vickers sees the cross as the watershed of history The divine objectives that the cross addressed bear vitally on the human condition vitiated as that is by the entailment of sin In an age in which postmodernist claims have rejected absolute criteria of truth and validity the Christ of the cross provides the only refuge for those burdened by the search for meaning The Cross explores the way of reconciliation between God and man It affirms the apostolic claim that In Christ are hid all the treasures of wisdom and knowledge

God's Big Picture Vaughan Roberts,2012-06-11 Sixty six books written by forty people over nearly 2 000 years in two languages and several different genres The Bible is clearly no ordinary book How can you begin to read and understand it as a whole This excellent overview gives you the big picture providing both the encouragement and the tools you need to read the Bible with confidence and understanding

Creation Research Society Quarterly Creation Research Society,2004

The Truth about Human Origins Brad Harrub,Bert Thompson,2003 Ever since Charles Darwin first published The Origin of Species on November 24 1859 the subject of origins has been one of the most controversial topics around Sadly it also is a subject that is fraught with erroneous theories and concepts Most students today are taught that organic evolution is not a theory but a fact that all reputable scientists accept Disclaimers from the evolutionary community notwithstanding such a claim is quite simply wrong We believe it is time for someone to offer what renowned news commentator Paul Harvey would call the rest of the story That is what The Truth About Human Origins does It tells the rest of the story as it discusses the scientific facts about mankind s beginning For example it investigates the record of the rocks as that record relates to human evolution It demonstrates how evolutionary theory is unable to explain things like the origin of gender and sexual reproduction the origin of language and communication the origin of the brain the mind and human consciousness and the origin of skin colors and blood types It also examines in an in depth fashion the so called molecular evidence of human evolution

A Sceptic's Guide to Atheism Peter S Williams,2013-09-01 This is an accessible response to the contemporary anti God arguments of the new atheists Dawkins Dennett Harris Hitchens Grayling etc Atheism has become militant in the past few years with its own popular mass media evangelists such as Richard Dawkins and Daniel Dennett In this readable book Christian philosopher Peter S Williams

considers the arguments of the new atheists and finds them wanting Williams explains the history of atheism and responds to the claims that belief in God causes more harm than good religion is about blind faith and science is the only way to know things science can explain religion away there is not enough evidence for God the arguments for God's existence do not work Williams argues that belief in God is more intellectually plausible than atheism Your Right to Know God Emmanuel W. Ettoh, 2014-12-04 This book underscores the natural right of all humans to know God Today we are told that God is irrelevant to our livelihood and we do not need God for anything This deception emanates from our lack of understanding of and about God In this book you will find insight into Who God really is How and why it is your right to know God The benefits of knowing God for the individual nation and the Christian How Science tells us more about God How you can know God on a personal level and the stages of knowing God How you can discover yourself in God and the blessed privileges we all have in Christ Jesus And many more Usually our understanding of God is too human and we end up misunderstanding Him and subsequently missing out on knowing Him This book is here to help you understand and know the true God who made you

Hell: Are You Serious? K.J. Parker ,2013-01-28 We live in age when the fear of hell no longer holds sway in society and even in the church the subject is so rarely mooted it seems almost taboo The reason for that it is argued is fundamentally the consequence of evolution becoming the accepted explanation for the origin of our existence by undermining the biblical explanation for Creation it has undermined the whole of the biblical witness By arguing that evolution is demonstrably false and to the contrary drawing on science that presents compelling evidence that the natural world has a Creator Hell Are You Serious argues that we therefore live in perilous times since we have good reason to believe that the Bible is true and in particular that the teaching of Jesus is true especially as it is borne out in the lives and experience of those who put their trust in Him we have to conclude that His warning of an eternal and final punishment for the unrighteous is a very real danger Hell Are You Serious reaffirms the terrifying message of Jesus about hell and who goes there Asking readers to be honest with themselves about what it is they believe and why they believe it it makes an earnest appeal for them to consider the warnings of Christ afresh and believe Belief and Evangelism Douglas Vickers, 2018-05-24 The church's witness to the world falters in an age of doctrinal uncertainty emerging experiments of life forms and behavior norms and consequent cultural pressures Against the disturbing influences that result two questions demand response as the church's relation to conflicting intellectual fashions is brought under scrutiny First on the level of belief foundations what is to be understood as the deposit of truth that has been entrusted to the church in the gospel it has historically been set to declare Second on the level of actual testimony and procedure to what extent is the doctrinal foundations it professes reflected in the statements the church inserts into the competing complex of explanatory systems What it is to be asked is the place office function and authority of the church in the cultural nexus into which the divine mandate that defines the church has placed it In Belief and Evangelism Douglas Vickers addresses insightfully many of the relationships that result from the bearing of those questions

on the integrity of the church in its professed belief and evangelism Numerous questions that arise from those relationships demand expanded consideration in a full orb'd statement of the gospel Being and Belief Douglas Vickers, 2013-01-30 The confession the church makes to the world sits oddly in the contemporary cultural complex Intellectual fashions in the marketplace of ideas have moved beyond an accommodation of biblical theological categories Philosophy is unsure of its status in an amorphous postmodernism and theology threatens to degenerate into intellectual experimentation They have become mutually suspicious and hesitant of conversation But a heavy fault lies with the church's own confessional status For what is it the church has to say to the world Has it preserved confessional continuity with the Reformation theology that rediscovered its biblical foundations and liberated it from intellectual and confessional shackles Has the church surrendered the possibility of relevance by having lost its own historic identity And is it necessary to conclude as a result that contemporary culture is no longer penetrable by any word from the old wells of divine disclosure In this brief but challenging book Douglas Vickers brings the Christian confession to the forefront of consideration and reestablishes a theology grounded in historic verities sustained by the scriptural declarations In straightforward and accessible terms Being and Belief addresses the meaning of biblical truth for Christian understanding and Christian life Evolution: Teach Yourself James Napier, 2012-07-27 Outlining the major arguments evidence and theorists from Darwin to Dawkins Teach Yourself Evolution will give you a thorough understanding of a doctrine that has provoked fierce debate for over 150 years You will delve into the intricacies of Darwin's theory and its development focusing on natural selection variation speciation and the origins of man before considering what evidence there is to support evolutionary theory Since the evolution debate has never been so vigorous you will be exploring evolution in a modern context how do superbugs develop and will also look at alternative theories such as creationism and intelligent design Are there gaps in the evidence for evolution Is Darwin's theory the logical explanation for the diversity of life Making the subject contemporary and relevant and examining various different perspectives this book will be sure to challenge and engage you
