## **Doing Well And Doing Good The Challenge To The Christian Capitalist:**

**Doing Well and Doing Good** Richard J. Neuhaus, 2012-07-10 With this timely reissue Image celebrates the twentieth anniversary of an important classic work on faith and economics from one of the leading Catholic intellectuals of the past century As pertinent today as it was when it was first published in 1992 *Doing Well and Doing Good* argues that for too long Christianity has had nothing to say to Wall Street or to Main Street Some churches have blasted the greed of the former or the bourgeois grasping of the latter Others have insisted on a socialist alternative But the time has come Neuhaus says to stop such silliness Drawing on the writings of Pope John Paul II Richard Neuhaus has written a classic groundbreaking work that unashamedly seeks to bestow a blessing on business The common good depends on it **Doing Well and Doing Good** Richard John Neuhaus, 2012 Draws on the writings of Pope John Paul II and discusses Catholicism and capitalism in America

**Moral Agency within Social Structures and Culture** Daniel K. Finn, 2020-05-01 Christian ethics has addressed moral agency and culture from the start and Christian social ethics increasingly acknowledges the power of social structures However neither has made sufficient use of the discipline that specializes in understanding structures and culture sociology In *Moral Agency within Social Structures and Culture* editor and contributor Daniel K Finn proposes a field changing critical realist sociology that puts Christian ethics into conversation with modern discourses on human agency and social transformation Catholic social teaching mischaracterizes social evil as being little more than the sum of individual choices remedied through individual conversion Liberation theology points to the power of social structures but without specifying how structures affect moral agency Critical realist sociology provides a solution to both shortcomings This collection shows how sociological insights can deepen and extend Catholic social thought by enabling ethicists to analyze more precisely how structures and culture impact human decisions The book demonstrates how this sociological framework has applications for the study of the ecological crisis economic life and virtue ethics *Moral Agency within Social Structures and Culture* is a valuable tool for Christian ethicists who seek systemic change in accord with the Gospel **Neoconservatism** Justin Vaïsse, 2011-03-18 Presents neo conservatism in three ages covering the history and illuminating core developments including the split of liberalism and the shifting relationship of party affiliation and foreign policy position **One Lord, One Faith, One Baptism** Marsha L. Dutton, Patrick T. Gray, 2006-05-09 Foreword by Frank T Griswold *One Lord One Faith One Baptism* gathers twenty one articles from distinguished church historians literary historians and ecumenists all written in honor of the Reverend Canon J Robert Wright St Mark s Professor of Ecclesiastical History at The General Theological Seminary of the Episcopal Church who has been an inspiration to a generation of students and colleagues The Most Reverend Frank T Griswold Presiding Bishop of the Episcopal Church has written a foreword that complements the work of contributors such as S W Sykes Richard A Norris Jr and George Tavard among others Though these articles differ in individual subject they cohere in their relation to Dr Wright s expertise as a theologian a historian a medievalist an ecumenist

and above all a man of the church Contributors Victor Lee Austin Walter R Bouman Joseph Britton Marsha L Dutton E Rozanne Elder C Christopher Epting John V Fleming R William Franklin Patrick Terrell Gray Petra Heldt Joanne McWilliam Robert Bruce Mullin Jon Nilson Richard A Norris Jr Robert W Prichard Michael Root William G Rusch S W Sykes Mary Tanner George Tavard Ellen K Wondra

**The Vanishing Tradition** Paul Gottfried, 2020-07-15 This anthology provides a timely critical overview of the American conservative movement The contributors take on subjects that other commentators have either not noticed or have been fearful to discuss In particular this collection of searing essays hits hard at blatant cult of celebrity and intolerance of dissent that has come to characterize the conservative movement in this country As The Vanishing Tradition shows the conservative movement has not often retrieved its wounded instead dispatching them in order to please its friendly opposition and to prove its moderateness The movement has also been open to the influence of demanding sponsors who have pushed it in sometimes bizarre directions Finally the essayists here highlight the movement's appeal to permanent values as a truly risible gesture given how arduously its celebrities have worked to catch up with the Left on social issues This no holds barred critical examination of American conservatism opens debates and seeks controversy

**Economy, Difference, Empire** Gary Dorrien, 2010-11-02 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien's view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama

**John Paul II and Moral Theology** Charles E. Curran, Richard A. McCormick, 1998 *Atlantic Perspectives* Markus Balkenhol, Ruy Llera Blanes, Ramon Sarró, 2019-11-04 Focusing on mobility religion and belonging the volume contributes to transatlantic anthropology and history by bringing together religion cultural heritage and placemaking in the Atlantic world The entanglements of these domains are ethnographically scrutinized to perceive the connections and disconnections of specific places which despite a common history are today very different in terms of secular regimes and the presence of religion in the public sphere Ideally suited to a variety of scholars and students in different fields Atlantic Perspectives will lead to new debates and conversations throughout the fields of anthropology religion and history

**Business and**

**Religion** Nicholas Capaldi, 2005      *How Now Shall We Live?* Charles Colson, Nancy Pearcey, 2011-07-14 2000 Gold Medallion Award winner Christianity is more than a personal relationship with Jesus Christ It is also a worldview that not only answers life's basic questions Where did we come from and who are we What has gone wrong with the world What can we do to fix it but also shows us how we should live as a result of those answers *How Now Shall We Live* gives Christians the understanding the confidence and the tools to confront the world's bankrupt worldviews and to restore and redeem every aspect of contemporary culture family education ethics work law politics science art music This book will change every Christian who reads it It will change the church in the new millennium      *Faith Works* Jim Wallis, 2000-09-05 Today more than ever many people are hungry for spirituality and community But the most powerful and meaningful spirituality shows itself through action Jim Wallis is the charismatic preacher activist and leader of Call to Renewal a dynamic new movement that is uniting politics and spirituality to ignite social change and overcome poverty In his timely exciting new book he shows us how we can enrich our own lives by serving our communities Wallis believes that the making of the modern Christian Muslim or Jew is through action A preacher who spends his time working for justice rather than just speaking from a pulpit Wallis compellingly demonstrates how going out and putting your belief to work is what really counts *Faith Works* shows itself in works faith works Named by Time magazine as one of the 50 Faces for America's Future a regular contributor to NPR MSNBC and major newspapers and editor in chief of Sojourners magazine Jim Wallis is a well known media figure His advice is increasingly sought by leading politicians who want to tap into the growing power of faith based organizations and the Call to Renewal movement A lifelong activist he has been putting his faith to work for more than three decades His anecdotal exhilarating and engaging book is part memoir part inspirational game plan for transforming our own lives and our society and part primer on how faith communities are changing neighborhoods It is filled with dramatic human stories of men and women who will move and inspire us *Faith Works* will appeal to religious people looking to bring more meaning to their faith and to spiritually hungry people looking for direction in their lives      *Violence, Religion, Peacemaking* Douglas Irvin-Erickson, Peter C. Phan, 2016-09-09 This volume explores how religious leaders can contribute to cultures of peace around the world The essays are written by leading and emerging scholars and practitioners who have lived taught or worked in the areas of conflict about which they write Connecting the theory and practice of religious peacebuilding to illuminate key challenges facing interreligious dialogue and interreligious peace work the volume is explicitly interreligious intercultural and global in perspective The chapters approach religion and peace from the vantage point of security studies sociology ethics ecology theology and philosophy A foreword by David Smock the Vice President of Governance Law and Society and Director of the Religion and Peacebuilding Center at the United States Institute of Peace outlines the current state of the field      **The Good of Affluence** John R. Schneider, 2002 wealth incompatible with true Christianity In *The Good of Affluence* John R Schneider reopens the debate over the proper Christian attitude toward money arguing ultimately that

Scripture does indeed provide support for the responsible possession of wealth This is a provocative book of Christian theology written to help people seeking God in a culture that has grown from modern capitalism By comparing classic Christian teaching on wealth with the realities of our modern economic world Schneider challenges the common presumption that material affluence is inherently bad Careful interpretation of Scripture narratives creation exodus exile and more also shows that abundance is the condition that God envisions for all human beings and that faithful persons of wealth are part of this plan Schneider believes that the wealth as blessing themes of the Old Testament are not to be spiritualized and do not run contrary to New Testament teachings but provide exactly the frame of reference for the incarnate identity life and teaching of Jesus who came to make real the messianic feast both in this age and in the age to come Through insightful engagement with the biblical text Schneider overturns some of the most cherished and unquestioned assumptions of influential Christian writers particularly Ronald Sider on modern capitalist affluence Yet Schneider s message is also finely balanced with the need for responsible Christian living He offers rich Christians biblical affirmation but also challenges them to a life shaped by an uncommon sense of stewardship and compassion Incisive thought provoking and biblically grounded The Good of Affluence is a superb resource for anyone students professors businesspeople general readers discussion groups wishing to grapple seriously with the subject of faith and wealth

**Ethics and Governance** Timothy L. Fort, 2001 Ethics and Governance is very multidisciplinary In analyzing traditional business ethics and legal theory it draws heavily from philosophy In addition to this it integrates biological anthropology theological naturalism and legal theory The book does not reject contemporary business ethics but instead seeks to strengthen each contemporary theory by providing additional reasons for their efficacy albeit in a modified form **BOOK JACKET** Plurality and Christian Ethics Ian S.

Markham, 1994-03-24 Too many parts of the world testify to the difficulties religions have in tolerating each other It is often concluded that the only way tolerance and plurality can be protected is to keep religion out of the public sphere Ian Markham challenges this secularist argument In the first half of the book he advances a careful critique of European culture which exposes the problem of plurality His analysis of the Christendom Group is contrasted with the outlook found in the USA where a religiously informed culture may be seen to be tolerant In the second half of the book the author argues that plurality is better safeguarded by a theistic rather than a secularist foundation He submits that too often secularists use relativist arguments while theists want to appeal to the complexity of God s world He concludes that in our post modern world the religious affirmation of diversity offers genuine political possibilities for cultural enrichment

**Awaiting the City** Chad Brand, Tom Pratt, 2012-11-13 People of faith have always been on search for the homeland first promised to Abraham in light of the Babylonian civilization he left That future hope was reinterpreted by Jesus and taken up by St Augustine in The City of God reinterpreted again by John Calvin in Geneva and given a final form by the Puritan pilgrims who came to America to establish the City upon a Hill Fundamental to this quest for a just holy civilization has been the progress of humankind on

the earth in light of the mandate to fill and rule over it Authors Chad Brand and Tom Pratt discuss that progress as they answer the vital questions for praxis How should biblically oriented Christians think of and work toward God s justice along the way How can we steer between a utopian vision and a limited vision to a new rational compassion The Cambridge Companion to Christian Ethics Robin Gill,2011-11-24 In this second edition of the best selling Cambridge Companion to Christian Ethics Robin Gill brings together twenty essays by leading experts to provide a comprehensive introduction to Christian ethics which is both authoritative and up to date This volume boasts four entirely new chapters while previous chapters and all bibliographies have been updated to reflect significant developments in the field over the last decade Gill offers a superb overview of the subject examining the scriptural bases of ethics as well as discussing Christian ethics in the context of contemporary issues including war and the arms trade social justice ecology economics medicine and genetics All of the contributors have a proven track record of balanced comprehensive and comprehensible writing making this book an accessible and invaluable source not only for students in upper level undergraduate courses graduate students and teachers but anyone interested in Christian ethics today

**Papal Economics** Maciej Zieba,2014-04-08 For a long time to come this book may well be the definitive work on the economic teaching of the modern popes MICHAEL NOVAK The Catholic Church has long been one of the most important but least understood authorities on capitalism and democracy The confusion and controversy didn t begin with Pope Francis For well over a century popes have offered profound reflections on the economic and political order in their social encyclicals But this estimable intellectual tradition has often been misunderstood with partisan groups variously proclaiming Catholic social teaching to be left wing or right wing pro socialist or pro capitalist or even pro third way Papal Economics corrects the record Father Maciej Zi ba s incisive analysis shows that the Church displays a profound understanding of democracy and perhaps more surprising strong support for free markets As Father Zi ba demonstrates popes have explicitly rejected socialism while praising a democratic state and market economy Of course this praise is not unqualified Papal Economics shows how the Church especially through John Paul s teachings distinguishes true democracy from false and praiseworthy capitalism from the kind to be rejected Moving beyond the narrow confines of secular discourse Catholic social teaching highlights the dangers that arise when the market and the state are elevated to absolutes in themselves when man s spiritual dimensions are subordinated to his material ones Ultimately anyone who cares about free markets and democracy must understand and defend the foundations on which they are built For as John Paul suggested in a world without truth freedom loses its meaning the market loses its efficiency and democracy yields to statism

**The Theocons** Damon Linker,2007-09-04 An essential history of the influential men who have spearheaded the movement to erode the wall separating church and state Beginning as far left radicals during the 1960s the theocons in Damon Linker s book including Richard John Neuhaus Michael Novak and George Weigel gradually transitioned to conservatism when they grew frustrated with the failures of the decade s revolutionary goals Linker shows how starting

during the Reagan administration they worked to forge a Christian alliance between Evangelical Protestants and Conservative Catholics By injecting the language of faith into political life this movement appealed to a wide swath of voters and ultimately played a central role in the election of George W Bush The Theocons is an absorbing and revelatory look at an ideological crusade that every American needs to know about
