Doing Things Switzerland Bryndon Light:

No Test for the Wicked Julie Moffett, 2014-12-01 A geek's worst nightmare going back to high school. Returning to high school is not something I ever wanted to do over it was awful the first time around. So why do I have to go back as part of a new undercover assignment? Because the universe loves playing jokes on me obviously. I've been ordered to go all 21 Jump Street and track down the students who are breaking into the computer system, changing grades and causing all kinds of havoc. Although I'm not thrilled about my new gig, at least it gives me something to do other than worry over the fact that I now have a boyfriend. And no freaking idea what to get him for Christmas. Or it did give me something else to worry about until I stumbled across a more sinister threat. I was shocked to find distinct traces of a group of international hackers inside the network. What exactly have I gotten myself into? This book is approximately 81,000 words. Carina Press acknowledges the editorial services of Alissa Davis. Harrison is knocked out in his pursuit of her attacker, but Tina tails the illusive suspect through the dark rain-driven night only to witness him murder his next victim.
