

A sister's love is a gift that you unwrap a little bit each year.

A sister is a mirror of things to come and a reflection of things gone by.

A sister shows you the road before you and knows the path you've taken.

A sister is the friend who has been there as long as your memories.

A sister is the one you call when you need to talk to someone who knows your heart.

A sister walks beside you to share each day... stands beside you when you question yourself... and walks in front of you when you've lost your way.

A sister sees your beautiful spirit shining through on good days and bad.

A sister is a gift of friendship and family all wrapped up in love.

I'm so glad you are my sister!

Wiesbaden Germany in the mid nineteenth century 1852-54 to Australia using the letters and diaries of the towns people as well as official records and documentation These migrants were imported as indentured workers for the developing wine industry being sponsored by the Australian colonial authorities and their stories make a significant contribution to both the migration debate as well as early Australian history Using the voices of ordinary people revealed in their writing to and from Europe the *Frauenstein Letters* gives new insights into the migration process What urged these people to migrate What did they think about migration and how were they affected by it Much of this migration correspondence has been generated by the female members of the family and as treasured possessions the letters have survived a century and a half and provide a window onto the experiences of ordinary working women whose voices from that period were seldom heard The female construct of memory and hence of history is different and this book shows how important female migrant letters are in enhancing our knowledge of history and human migration
