Harold Jaffe

Death Cafe Harold Jaffe:

Death Cafe Harold Jaffe, 2015-12-15 DEATH CAFE resumes and refines Harold Jaffe's ongoing anatomy of the world in pain. Featuring 19 innovative fictions and docufictions set in Africa, Europe, China, India, the Middle East, and the benighted US, the collection addresses issues of global warming, political defiance, committed art making, dream space, and speculative discourse. As always, Jaffe works his literary voodoo in variable tonalities that are uncannily formulated, displaying unequal doses of razor-edged satire and compassion.

Beyond the Techno-cave Harold Jaffe, 2007 Cultural Writing Essays. For some 25 years, Harold Jaffe's name has been synonymous with confrontational innovative fiction with a subversive edge. BEYOND THE TECHNO CAVE collects the author's recent creative nonfiction, including insights on art, writing, technology, global politics, travel, and intersections of all of these. Many of Jaffe's texts read like formally innovative narratives; others function like conceptual art, remaining in the mind long after. Everywhere evident is Jaffe's broad erudition, social commitment, and energized elegant writing. One of our finest literary terrorists, freedom fighters, Paradoxa Collection includes Jaffe's moral call on writers to return from their inner emigrations and re-include themselves in our world and politics. *The Writer During Wartime*

Kafka Kafka Harold Jaffe, 2024. Harold Jaffe is a master of the disembodied voice. These fictions, transgressive, political, dryly comic, are grounded in an ancient tradition: that of the speech of the storyteller. Interlocutors talk as if out of dark caves, and the result is a marvel of conversation that takes the reader to places somehow beyond the real world, only to comment, often searingly, upon its absurdities.

The Life and Death of Colonel Blimp A.L. Kennedy, 2020-05-14. Winston Churchill hated *The Life and Death of Colonel Blimp* and tried to have it banned when it was released in 1943. But Martin Scorsese, a champion of directors Michael Powell and Emeric Pressburger, considers it a masterpiece. It's a film about desires repressed in favour of worthless and unsatisfying ideals. And it's a film about how England dreamt of itself as a nation and how this dream, disguised in inadequacy and brutality in the clothes of honour. A.L. Kennedy, writing as a Scot, is fascinated by the nationalism which *The Life and Death of Colonel Blimp* explores. She finds human worth in the film and the pathos of stifled emotions and unfulfilled lives. If he is unaware of his passions, she writes of Clive Candy, the film's central figure, this is because his pains have become habitual, a part of personality, and because he was never taught a language that could speak of emotions like pain. This edition includes a foreword by the author exploring the film's continuing relevance in an age of Brexit, when English and British national identity are deeply contested concepts.

The New Republic Herbert David Croly, 1987. *The Indiana Optometrist*, 1944. **The National Corporation Reporter**, 1918. **New York Magazine**, 1982-12-27. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

American Theatre Gerald Bordman, 1996-11-21 This book concludes Gerald Bordman's acclaimed survey of American non-musical theatre. It deals with the years 1930 to 1969, a period when the number of yearly new plays was shrinking but a period during which American drama as a whole entered the world stage and became a dominant force. With works like Eugene O'Neill's *Long Day's Journey into Night*, Tennessee Williams's *A Streetcar Named Desire*, and Arthur Miller's *Death of a Salesman*, American theater finally reached adulthood both dramatically and psychologically. Bordman's lively authoritative study covers every Broadway production as well as every major off-Broadway show. His discussion moves season by season and show by show in chronological order; he offers plot synopses and details the physical production, directors, players, theaters, and newspaper reviews. This book stands together with the preceding volumes of *American Theatre* as the premier history of American drama.

New York Magazine, 1989-01-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country.
